Moimhear Metal Loft Bed with Desk 90x200cm

Moimhear Metal Loft Bed with Desk (90x200cm) User Manual

Model: Metal Loft Bed with Desk 90x200cm

Brand: Moimhear

1. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- This loft bed is certified EN747 and is suitable for children aged six years and older.
- A robust railing surrounds the upper bed to prevent falls. Ensure it is always securely in place.
- Assembly should ideally be performed by two adults to ensure safety and ease.
- Before assembly, verify that all parts are present and undamaged. Do not proceed with assembly if any parts are missing or broken.
- Do not overtighten screws during assembly, as this may damage the components. Tighten firmly but gently.
- Regularly check all connections and fasteners to ensure they remain tight and secure.
- Do not allow children under six years of age on the upper bunk.
- Ensure the mattress used on the upper bunk does not exceed the maximum recommended thickness (not specified, but generally 6 inches for loft beds).

2. PACKAGE CONTENTS

Your Moimhear Metal Loft Bed is shipped in two separate packages. These packages may arrive on different days. Please ensure you have received both packages and all components before beginning assembly.

Carefully unpack all components and compare them with the parts list provided in the assembly instructions (typically included in one of the packages). The main components include:

- Metal bed frame sections

- Ladder components
- Desk surface and support beams
- Shelf panels and supports (four small triangular shelves, one large bookshelf)
- Hardware kit (screws, bolts, nuts, Allen wrench)

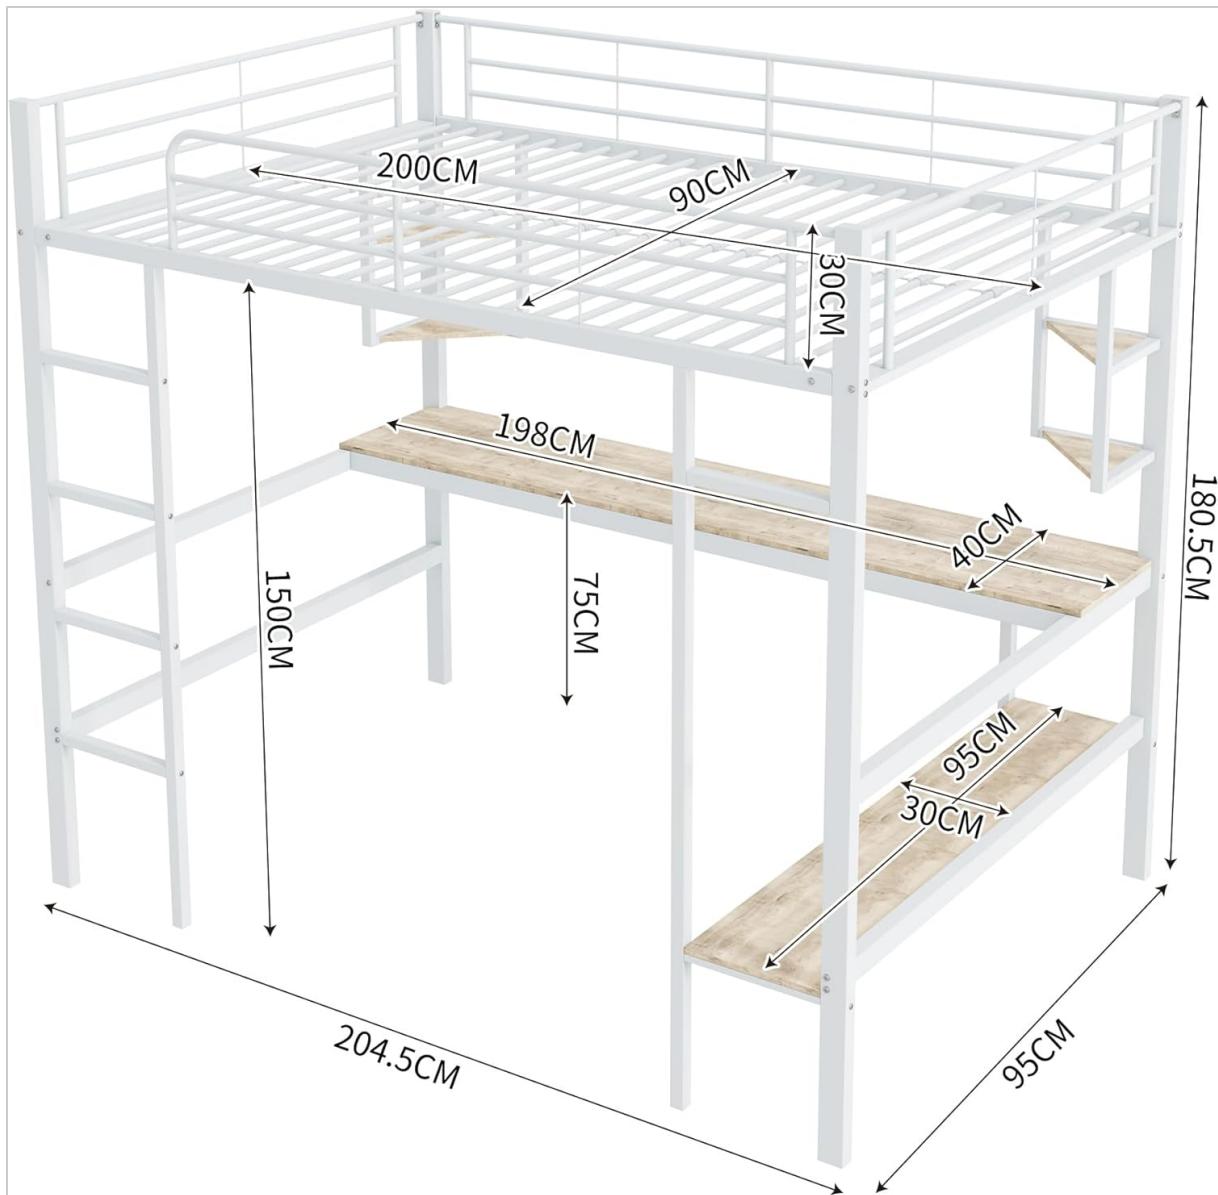

Figure 2.1: Detailed dimensions of the Moimhear Metal Loft Bed. This diagram helps identify various components and their relative sizes.

3. SETUP AND ASSEMBLY

3.1 Before You Begin

- Choose a clear, spacious area for assembly, away from walls or other furniture.
- Lay out all components on a soft surface (e.g., a rug or blanket) to prevent scratches.
- Ensure you have the necessary tools (an Allen wrench is typically included; a screwdriver may also be required).

3.2 Assembly Steps

Follow the numbered steps below. Refer to the included graphical assembly instructions for detailed diagrams.

- 1. Assemble the Main Bed Frame:** Connect the long side rails to the headboard and footboard sections using the provided bolts and nuts. Ensure all connections are finger-tight at this stage.
- 2. Attach the Ladder:** Securely fasten the ladder to the designated side of the bed frame. Ensure the ladder rungs are facing upwards and are level.
- 3. Install the Desk and Shelves:** Attach the desk support beams to the main frame. Place the desk surface onto the supports and secure it. Install the four small triangular shelves and the large bookshelf into their respective slots on the frame.
- 4. Secure All Connections:** Once all components are in place, systematically tighten all bolts and screws using the Allen wrench. Do not overtighten.
- 5. Place the Mattress:** Carefully place a standard 90x200cm mattress onto the bed frame. Ensure it fits snugly within the railings.

4. OPERATING INSTRUCTIONS

4.1 Using the Loft Bed

- Always use the provided ladder to access the upper bunk. Do not climb on any other part of the bed frame.
- Ensure the bed is placed on a level surface to prevent wobbling.
- The bed is designed for a single occupant on the upper bunk. Do not exceed the recommended weight capacity (specific weight capacity not provided, but the steel frame offers excellent load capacity).

4.2 Using the Desk and Shelves

- The integrated desk provides a dedicated space for studying, working, or creative activities.
- Utilize the four small triangular shelves for small items like books, alarm clocks, or decorative pieces.
- The large bookshelf offers ample storage for books, binders, or other personal belongings.
- Avoid placing excessively heavy items on the desk or shelves to prevent damage or instability.

Figure 4.1: The desk area beneath the loft bed, configured for study or work with a laptop and lamp.

5. MAINTENANCE

- **Regular Checks:** Periodically (e.g., monthly) inspect all bolts, screws, and connections to ensure they are tight. Retighten any loose fasteners.
- **Cleaning the Frame:** Wipe the metal frame with a soft, damp cloth. For stubborn marks, a mild soap solution can be used, followed by drying with a clean cloth. Avoid abrasive cleaners or harsh chemicals.
- **Cleaning the Desk and Shelves:** The MDF surfaces can be cleaned with a damp cloth. Avoid excessive moisture and harsh cleaning agents that could damage the finish.
- **Avoid Damage:** Do not drag the bed when moving it; lift it to prevent damage to the frame or floor.

6. TROUBLESHOOTING

- **Bed Wobbles:** If the bed feels unstable, re-check all assembly connections. Ensure every bolt and screw is securely tightened. Make sure the bed is on a flat, level surface.
- **Missing Parts:** If you find any parts missing upon delivery, or if the two packages do not arrive within

a few days of each other, please contact Moimhear customer service immediately.

- **Difficulty Assembling:** Review the assembly instructions carefully. Ensure you are using the correct hardware for each step. If issues persist, contact customer service for assistance.
- **Damaged Components:** Do not attempt to assemble or use the bed if any components are damaged. Contact customer service for replacement parts.

7. SPECIFICATIONS

Size	90 x 200 cm (Mattress size)
Material	Metal (Steel frame), MDF (Desk and shelves)
Product Dimensions (Overall)	2.05L x 0.95W x 1.81H meters
Special Feature	Mattress not included
Safety Certification	EN747 certified
Recommended Age	6 years and up

8. WARRANTY AND SUPPORT

While specific warranty details are not provided in the product information, Moimhear is committed to customer satisfaction.

For any questions, concerns, missing parts, or support regarding your Moimhear Metal Loft Bed, please contact Moimhear customer service. Refer to your purchase documentation or the seller's information for contact details.

If your product was shipped in two packages and they did not arrive together, please allow an additional 2-3 days for the second package to arrive before contacting customer service.
