ULTIMATE SPEED 373025

ULTIMATE SPEED Trunk Bag Instruction Manual

Model: 373025

1. INTRODUCTION

Thank you for choosing the ULTIMATE SPEED Trunk Bag. This manual provides essential information for the safe and effective use, setup, and maintenance of your new trunk organizer. Please read these instructions carefully before use and retain them for future reference.

2. SAFETY INSTRUCTIONS

- Ensure the trunk bag is securely placed in the vehicle's trunk to prevent movement during transit, which could cause distraction or injury.
- Do not overload the bag. Adhere to the maximum load capacity specified in the 'Specifications' section.
- Avoid placing sharp or hazardous objects directly into the bag without proper containment to prevent damage to the bag or injury.
- Keep the product away from open flames or extreme heat sources.
- Regularly inspect the bag for any signs of wear or damage. Discontinue use if significant damage is observed.

3. PRODUCT OVERVIEW

The ULTIMATE SPEED Trunk Bag is designed to help organize items in your vehicle's trunk, preventing them from shifting and protecting the trunk from dirt and moisture. It features an anti-slip mat and can be used in various configurations.

Figure 1: The ULTIMATE SPEED Trunk Bag in its closed, compact form. This image shows the overall design and the ULTIMATE SPEED logo on the front flap.

Figure 2: The ULTIMATE SPEED Trunk Bag placed in a car trunk, demonstrating its open configuration and approximate dimensions (50 cm length, 21 cm height, 16 cm width). It is shown holding various car care items and accessories.

4. SETUP

- 1. Unpacking:** Carefully remove the trunk bag from its packaging.
- 2. Placement:** Position the trunk bag in your vehicle's trunk. Ensure it is placed on a flat, stable surface.

- Configuration:** The bag can be unfolded or adjusted to suit your storage needs. The anti-slip mat can be individually cut to fit specific areas or items if desired.
- Securing:** While the bag features anti-slip properties, for optimal stability, especially during driving, ensure it is snugly fitted or consider additional securing methods if available in your vehicle.

5. OPERATING INSTRUCTIONS

The ULTIMATE SPEED Trunk Bag is designed for straightforward use:

- Storage:** Open the bag and place items inside. The internal compartments help keep items organized and prevent them from rolling around.
- Anti-slip Function:** The integrated anti-slip mat helps to keep the bag and its contents stable, reducing movement during vehicle operation.
- Protection:** The material of the bag and mat helps protect your trunk carpet from dirt, spills, and moisture.
- Portability:** The bag can be easily removed from the trunk using its handle for carrying items outside the vehicle.

6. MAINTENANCE AND CARE

- Cleaning:** The trunk bag and anti-slip mat are washable. Use a damp cloth and mild detergent to clean surfaces. Avoid harsh chemicals or abrasive cleaners.
- Drying:** Allow the bag to air dry completely before folding or storing to prevent mold or mildew.
- Storage:** When not in use, the bag can be folded for compact storage.

7. TROUBLESHOOTING

- Items still shifting:** Ensure the bag is not overloaded and that items inside are packed snugly. If using the anti-slip mat separately, ensure it covers the entire area where items are placed.
- Bag not fitting:** Verify the dimensions of your trunk against the product specifications. The bag is designed to be compact or long, offering some flexibility.
- Difficulty cleaning:** For stubborn stains, pre-treat with a suitable fabric cleaner before wiping. Always test on an inconspicuous area first.

8. SPECIFICATIONS

Feature	Detail
Brand	ULTIMATE SPEED (Manufacturer: OWIM)
Model Number	373025
Product Dimensions	Approx. 50 x 25 x 4 cm (folded); 50 x 21 x 16 cm (long bag)
