3. PRODUCT OVERVIEW

The Sutaig Camping String Lights unit combines multiple lighting functions into a single, portable device. It features a central lantern, an extendable string light, and a power bank function.

Key Components:

- **Main Lantern Unit:** Provides ambient light and houses the string lights.
- **Extendable String Lights:** 32.8 feet (10 meters) of flexible string lights for decorative or extended area illumination.
- **Integrated Hook:** For hanging the unit in tents, on branches, or other elevated positions.
- **Magnetic Base:** Allows attachment to metal surfaces.
- **Control Button:** Manages power and lighting modes.
- **USB-C Charging Port:** For recharging the internal battery.
- **USB-A Output Port:** For using the unit as a power bank.
- **Battery Indicator Lights:** Displays remaining battery life.

CAMPING STRING LIGHT

4. SETUP

Initial Charge:

1. Before first use, fully charge the unit using the provided USB-C cable.
2. Connect the USB-C end to the charging port on the unit and the USB-A end to a compatible power adapter (not included).
3. The battery indicator lights will flash blue during charging and remain solid when fully charged.

Deploying String Lights:

1. Locate the small handle on the side of the unit.
2. Gently pull the string light from the unit. The string will unspool as you pull.
3. Extend the string lights to the desired length (up to 32.8 feet / 10 meters).
4. Use the small hook at the end of the string light to secure it, or wrap it around objects as needed.

30 seconds Roll up , Easy to Store

Rotate the handle clockwise to easily recycle the light strip in 30 seconds

6. MAINTENANCE

- **Cleaning:** Wipe the unit with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Storage:** Ensure the string lights are fully retracted and the unit is dry before storing. Store in a cool, dry place away from direct sunlight.
- **Battery Care:** For optimal battery life, recharge the unit at least once every three months if not in regular use.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Light does not turn on.	Low battery or unit is off.	Charge the unit fully. Press the power button to turn on.
String lights do not retract smoothly.	String is tangled or obstructed.	Gently guide the string back into the unit while turning the winding knob. Ensure no kinks or obstructions.
Device not charging from power bank function.	Low battery on the Sutaig unit or incorrect cable.	Ensure the Sutaig unit is sufficiently charged. Use a compatible USB-A to device cable.
Water ingress.	Charging port cover not properly sealed.	Ensure the charging port cover is securely closed when not charging, especially in wet conditions.
