PRODUCT OVERVIEW

The AUN M98 Y9 Android TV Stick is a compact device designed to provide smart TV functionalities to any display with an HDMI input. It features a sleek design and intuitive controls.

Device Components

- **HDMI Connector:** Plugs directly into your TV's HDMI port.
- **USB Interface:** For connecting external storage devices or peripherals.
- **Power Hole (Type-C):** For connecting the power adapter.
- **Pilot Lamp:** Indicates device status.

Image: The AUN 4K Android TV Stick and its accompanying remote control. The stick is a compact, black rectangular device, and the remote is an ergonomic black controller with various buttons for navigation and voice control.

Remote Control

The included remote control allows for easy navigation and interaction with the TV Stick. It supports voice search for quick content discovery.

Wireless remote control Voice function

Voice search is faster and more convenient

Feel free to switch between your favorite TV, movies, music, and more

Convenient and practical

Image: A hand holding the AUN TV Stick remote control, with a visual overlay indicating the voice search button and microphone icon. The image illustrates the ease of using voice commands to interact with the TV stick's interface, which is displayed on a television screen in the background.

SETUP GUIDE

Follow these steps to set up your AUN 4K Android TV Stick:

- Connect the TV Stick:** Plug the AUN TV Stick directly into an available HDMI port on your television or projector. If space is limited, use the provided HDMI extender cable.
- Connect Power:** Connect the Type-C cable to the "Power Hole" on the TV Stick and the other end to the provided power adapter. Plug the power adapter into a wall outlet.
- Connect IR Cable (Optional):** If the TV Stick is hidden behind the TV or in a cabinet, connect the IR cable to the TV Stick and position the IR receiver in a location where it has a clear line of sight to your remote control.
- Select HDMI Input:** Turn on your TV or projector and select the corresponding HDMI input source to which the TV Stick is connected.
- Initial Setup:** Follow the on-screen instructions to complete the initial setup, including language selection, Wi-Fi network connection, and Google account login.

Support the use of old and new television

OPERATING INSTRUCTIONS

Navigating the Interface

Use the directional pad and "OK" button on the remote control to navigate through the Android TV interface. The "Back" button returns to the previous screen, and the "Home" button takes you to the main home screen.

Connecting to Wi-Fi

1. From the home screen, navigate to **Settings**.
2. Select **Network & Internet**.
3. Choose your desired Wi-Fi network from the list.
4. Enter the Wi-Fi password using the on-screen keyboard and select **Connect**.

The AUN TV Stick supports dual-band Wi-Fi (2.4G/5G) for stable and fast wireless connectivity.

Packaging contains

Image: This visual demonstrates the AUN TV Stick's support for both 2.4G and 5G dual-band Wi-Fi, ensuring smooth high-speed graphics and streaming. It also shows the capability to mirror content from a mobile phone to the TV screen, enhancing the viewing experience.

Installing Applications

Access the Google Play Store from the home screen to download and install your favorite streaming apps (e.g., Netflix, Prime Video, Disney+ Hotstar) and games. A Google account is required for Play Store access.

Using Voice Search

Press the dedicated voice button on your remote control and speak into the microphone to search for content, open apps, or get information. Voice search is faster and more convenient.

KEY FEATURES

- 4K Ultra HD Resolution:** Supports stunning 4K resolution for crisp, clear visuals and an immersive viewing experience.
- HDR 10+ Support:** Enhanced dynamic range for vibrant colors and greater contrast.
- Widevine L1 Certified:** Enables streaming of high-definition content from premium services like Netflix and Prime Video.
- Android 13 Operating System:** Provides a smooth, user-friendly interface with access to a vast ecosystem of apps.
- Amlogic S905Y4 Quad A35 CPU:** High-performance processor for seamless streaming and gaming.
- 2GB RAM & 16GB Storage:** Sufficient memory for smooth operation and ample space for apps and media.
- Dual-Band Wi-Fi (2.4G/5G):** Ensures stable and fast internet connectivity.
- Bluetooth 5:** For connecting wireless headphones, game controllers, and other Bluetooth accessories.
- Dolby Audio & DTS Digital Support:** Delivers rich, immersive sound quality.

- **USB & Memory Card Ports:** Allows for external storage expansion and media playback.
- **Miracast Support:** Enables screen mirroring from compatible devices.

TROUBLESHOOTING

If you encounter issues with your AUN 4K Android TV Stick, refer to the following common problems and solutions:

- **No Power/Device Not Turning On:**

- Ensure the power adapter is securely connected to the TV Stick and a working power outlet.
- Try a different power outlet.

- **No Signal on TV Screen:**

- Verify the TV Stick is firmly plugged into the HDMI port.
- Check that your TV is set to the correct HDMI input source.
- Try a different HDMI port on your TV.
- If using the HDMI extender, ensure it is properly connected.

- **Remote Control Not Responding:**

- Ensure there are no obstructions between the remote and the TV Stick (or IR receiver).
- Check if the remote control batteries need replacement.
- If using the IR cable, ensure it is properly connected and positioned.

- **Wi-Fi Connection Issues:**

- Restart your Wi-Fi router.
- Ensure the TV Stick is within range of your Wi-Fi router.
- Re-enter the Wi-Fi password to ensure it is correct.
- Try connecting to the 2.4GHz band if you are on 5GHz, or vice-versa.

- **App Crashing/Slow Performance:**

- Close background applications.
- Clear the cache of the problematic app via Settings > Apps.
- Restart the TV Stick by unplugging and re-plugging the power.
- Ensure you have sufficient free storage space.

MAINTENANCE

To ensure the longevity and optimal performance of your AUN 4K Android TV Stick, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the device. Do not use liquid cleaners or aerosols.
- **Ventilation:** Ensure the device is placed in a well-ventilated area to prevent overheating. Do not cover ventilation openings.
- **Storage:** When not in use for extended periods, store the device in a cool, dry place away from direct sunlight and extreme temperatures.
- **Software Updates:** Regularly check for and install system updates to ensure the device has the latest features and security patches.

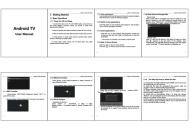

WARRANTY AND SUPPORT

The AUN 4K Android TV Stick comes with a **6-month warranty** from the date of purchase. This warranty covers manufacturing defects and malfunctions under normal use. Please retain your purchase receipt as proof of purchase. For technical support, warranty claims, or any other inquiries, please contact Megaa Electronics using the following details:

- **Email:** support@megaaelectronics.com or megaaelectronics@gmail.com
- **WhatsApp:** 8328671337

Please provide your product model (AUN M98 Y9) and a detailed description of the issue when contacting support.
