SETUP INSTRUCTIONS

Tabletop Installation

The mirror is designed for quick and easy tabletop setup.

1. Carefully remove the mirror from its packaging. It is recommended to wear the provided white gloves to prevent fingerprints.
2. Place the mirror base on a stable, flat surface.
3. Connect the power adapter to the mirror's power input and then to a suitable power outlet.
4. Attach the 3X detachable magnifying mirror to the main mirror surface using its suction cups, positioning it as desired.

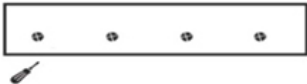

Wall Mounting (Optional)

For wall mounting, follow these steps. It is recommended to have assistance for safe installation.

Installation method and product dimensions

STEP1:

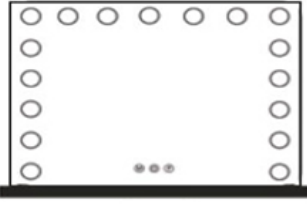

Remove the screws at the bottom of the mirror

STEP2:

Align the holes in the mirror base and bottom. then tighten the screws

STEP3:

Installation is completed

Reserve Wall Hanging

Image: Visual guide for wall mounting installation.

1. **Step 1:** Locate the screws at the bottom of the mirror's base. Remove these screws to detach the base if it's already assembled for tabletop use.
2. **Step 2:** Using the provided hanging strips, mark the desired position on the wall. Ensure the marks are level using the included level tool. Drill pilot holes if necessary.
3. **Step 3:** Secure the hanging strips to the wall. Align the mirror with the installed hanging strips and carefully mount it. Ensure the mirror is securely fastened before releasing.
4. Connect the power adapter to the mirror's power input and then to a suitable power outlet.

OPERATING INSTRUCTIONS

The IDEALHOUSE Vanity Mirror features intuitive touch controls located on the mirror surface.

3 LIGHT MODE

Click the left "M" button to switch the lighting color

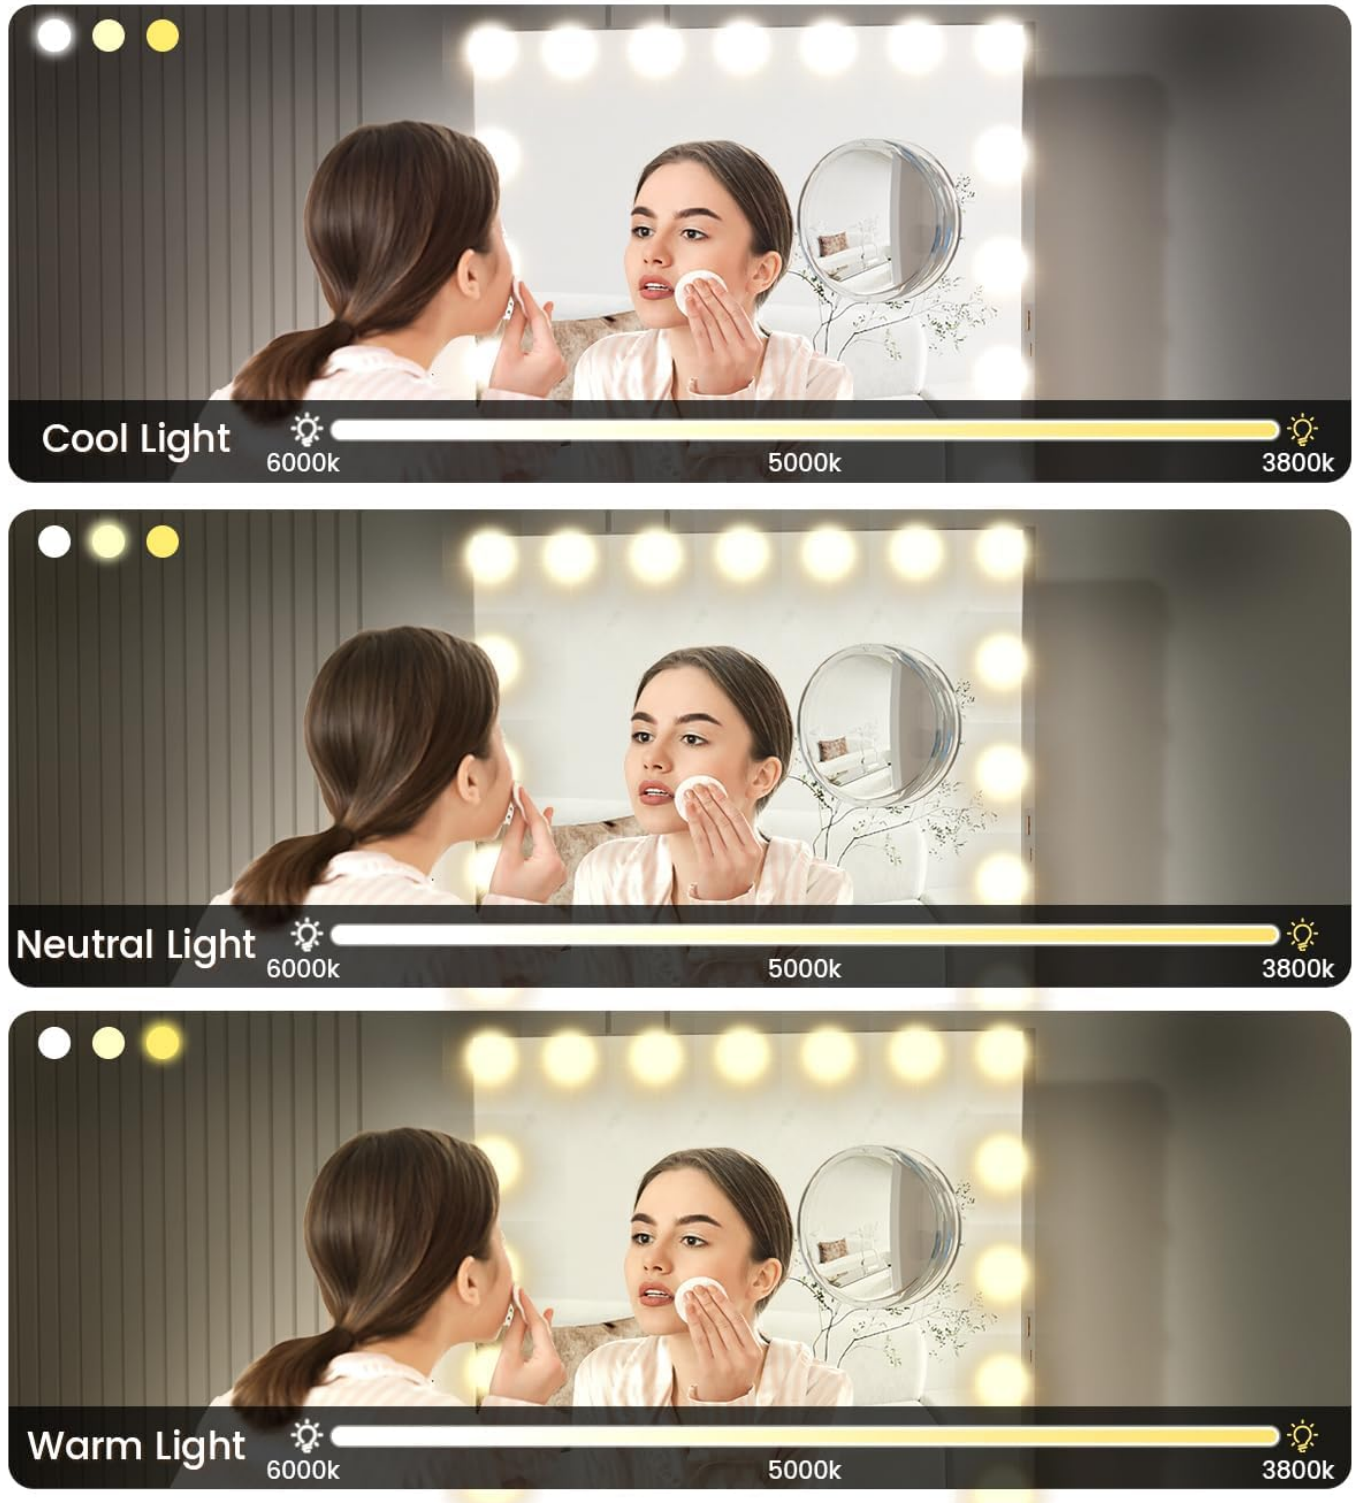

Image: Demonstration of the three available light modes.

Power On/Off

- Touch the central power button (usually indicated by a circle icon) to turn the mirror lights on or off.

Changing Light Modes

- With the lights on, touch the 'M' button (Mode button) to cycle through the three color modes: Soft White (Warm Light), Neutral White, and Natural Daylight (Cool Light).

Adjusting Brightness (Dimming)

- To adjust brightness, press and hold the 'P' button (Brightness button). The lights will gradually dim or brighten. Release the button when the desired brightness level is reached.
- The mirror will remember your last brightness setting when powered off and on again.

Using the USB and Type-C Charging Ports

- Locate the USB and Type-C ports on the side of the mirror.
- Connect your compatible devices (e.g., smartphone, tablet) to these ports for convenient charging.
- Ensure the mirror is powered on for the charging ports to function.

MAINTENANCE

- **Cleaning the Mirror Surface:** Use a soft, lint-free cloth and a non-abrasive glass cleaner. Spray the cleaner onto the cloth, not directly onto the mirror, to avoid liquid seeping into the edges.
- **Cleaning the Frame:** Wipe the metal frame with a soft, damp cloth. Avoid harsh chemicals.
- **Bulb Replacement:** The LED bulbs are designed for long-term use and are generally not user-replaceable. If a bulb malfunctions, contact customer support.
- **Storage:** If storing the mirror, ensure it is in a dry, safe place, protected from impacts.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lights do not turn on.	Power adapter not connected or faulty.	Ensure the power adapter is securely plugged into both the mirror and a working power outlet. Test the outlet with another device.
Lights flicker or are dim.	Loose connection or power supply issue.	Check all connections. Ensure the power adapter is functioning correctly. Try adjusting the brightness using the 'P' button.
Touch controls are unresponsive.	Temporary software glitch or dirty sensor.	Unplug the mirror for 30 seconds and plug it back in. Clean the touch control area with a soft, dry cloth.
USB/Type-C ports not charging devices.	Mirror not powered on; faulty cable; device incompatibility.	Ensure the mirror lights are on. Try a different charging cable. Verify your device is compatible with standard USB/Type-C charging.
