SLV 1007608

SLV Cyft LED Ceiling Light - Model 1007608 User Manual

This manual provides essential instructions for the safe installation, operation, and maintenance of your SLV Cyft LED Ceiling Light.

1. IMPORTANT SAFETY INSTRUCTIONS

Please read these instructions carefully before installation and use. Keep this manual for future reference.

- **Electrical Safety:** Always disconnect power at the main circuit breaker before installing, servicing, or cleaning the fixture. Consult a qualified electrician if you are unsure about wiring procedures.
- **Installation:** Ensure the mounting surface can support the weight of the fixture. Do not install near heat sources or in excessively damp environments unless specified.
- **Handling:** Handle the fixture with care to avoid damage. Do not touch the LED light source directly when the fixture is in operation or immediately after, as it may be hot.
- **Cleaning:** Use a soft, dry cloth for cleaning. Do not use abrasive cleaners or solvents.

2. PACKAGE CONTENTS

Verify that all components are present before beginning installation.

- SLV Cyft LED Ceiling Light Fixture
- Mounting Hardware (screws, anchors)
- Instruction Manual

3. SETUP AND INSTALLATION

This section outlines the steps for installing your SLV Cyft LED Ceiling Light. Professional installation is recommended.

3.1 Pre-Installation

1. **Turn off Power:** Locate the main circuit breaker and turn off the power supply to the installation area. Verify power is off using a voltage tester.
2. **Unpack:** Carefully remove the fixture and all components from the packaging. Inspect for any damage.

3.2 Mounting the Fixture

1. **Attach Mounting Bracket:** Secure the mounting bracket to the ceiling junction box using the provided screws. Ensure it is firmly attached.
2. **Wiring:** Connect the electrical wires from the ceiling to the fixture's wires according to local electrical codes. Typically, connect live (black/brown) to live, neutral (white/blue) to neutral, and ground (green/yellow) to ground. Use appropriate wire connectors.
3. **Secure Fixture:** Carefully align the fixture with the mounting bracket and secure it using the provided screws or locking mechanism. Ensure no wires are pinched.

4. OPERATING INSTRUCTIONS

Once installed, operating the SLV Cyft LED Ceiling Light is straightforward.

1. **Restore Power:** Return to the main circuit breaker and turn the power supply back on.
2. **Switch On:** Use the wall switch connected to the fixture to turn the light on.

3. **Adjustability:** If your model features adjustable light output or direction, refer to any specific controls on the fixture or associated wall switch for adjustment. (Note: The product description mentions "Couleur: Réglable" which may imply adjustable light color or brightness, or physical adjustability of the fixture itself. Consult product packaging for specific features.)

5. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your light fixture.

- **Cleaning:** Ensure the power is off before cleaning. Wipe the fixture with a soft, dry, lint-free cloth. Do not use harsh chemicals, abrasive cleaners, or polishes as they may damage the finish.
- **LED Light Source:** The LED light source in this fixture is designed for long life and is generally not user-replaceable. Do not attempt to disassemble the LED module.
- **Inspection:** Periodically check for any loose connections or signs of wear. If any issues are found, disconnect power and consult a qualified electrician.

6. TROUBLESHOOTING

If you encounter issues with your SLV Cyft LED Ceiling Light, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
Light does not turn on.	No power supply; loose wiring; faulty switch.	Check circuit breaker. Verify wiring connections. Test wall switch.
Light flickers.	Loose wiring connection; incompatible dimmer switch (if applicable).	Ensure all wiring connections are secure. If using a dimmer, ensure it is LED-compatible.
Light is dim.	Dimmer setting too low; dust accumulation.	Adjust dimmer to a higher setting. Clean the fixture.

If the problem persists after attempting these solutions, contact a qualified electrician or SLV customer support.

7. SPECIFICATIONS

Brand	SLV
Model Number	1007608
Dimensions (L x W x H)	13.2 x 7.9 x 13.2 cm
Weight	946 grams
Material	Metal
Style	Modern
Color	Adjustable (Refers to fixture's aesthetic or light output characteristics)
Light Source Type	LED
Power Source	Corded Electric
Installation Type	Ceiling Mount
Specific Uses	Home

Indoor/Outdoor Use	Outdoor (Note: Product categories suggest interior, but spec says 'Extérieure'. I will include both and add a note for clarification.)
---------------------------	--

Note: While some specifications indicate 'Outdoor Use', the product categories suggest 'Interior Lighting'. Please refer to product packaging or manufacturer's official documentation for definitive usage environment.

8. WARRANTY AND SUPPORT

Specific warranty information is not provided in the product details. For warranty claims or technical support, please contact SLV directly or refer to the warranty card included with your purchase.

You can typically find contact information on the manufacturer's official website: www.slv.com
