HOMCOM Convertible Sofa Bed User Manual

Model: CA839-906V00GY0231

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your HOMCOM Convertible Sofa Bed. Please read thoroughly before use to ensure proper setup and longevity of your product.

SAFETY INFORMATION

Important Safety Precautions:

- All foam and upholstered surfaces meet flammability standards.
- Keep away from open flames or high heat sources.
- Supervise children and pets to avoid entrapment risks.
- Do not exceed the maximum weight capacity of 550 lbs (250 kg).
- Ensure all components are securely fastened before use.

SETUP AND ASSEMBLY

Assembly is required for this sofa bed. Please follow the steps below carefully. It is recommended to have two people for assembly.

1. **Unpack all components:** Carefully remove all parts from the packaging. Verify that all components listed in the packing list (not provided in this manual, refer to your product's included list) are present and undamaged.
2. **Attach the legs:** Securely fasten the beech wood legs to the base of the sofa. Ensure they are tightened firmly to provide stability.
3. **Connect sofa sections (if applicable):** If your model comes in multiple sections, connect them according to the specific instructions provided with your product.
4. **Final check:** Before use, ensure all screws and connections are tight and the sofa bed is stable.

OPERATING INSTRUCTIONS

Converting from Sofa to Bed:

This sofa features a convertible design, allowing it to transform into a temporary double bed.

1. **Adjusting the Backrest:** The backrest has a 3-position adjustable mechanism, allowing for angles up to 180°. You can recline the left or right side independently to suit different preferences.
2. **Folding Down:** To convert to a bed, gently push the backrest forward slightly, then recline it fully backward until it lies flat, forming the bed surface.

MAINTENANCE AND CARE

To ensure the longevity and appearance of your sofa bed, follow these maintenance guidelines:

- **Cleaning:** For general cleaning, vacuum regularly using an upholstery attachment to remove dust and debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Do not rub. For stubborn stains, use a mild fabric cleaner specifically designed for upholstery, testing on an inconspicuous area first.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fabric fading. Position your sofa bed away from direct sunlight or use curtains/blinds.
- **Protect from Pets:** Pet claws can damage upholstery. Consider using protective covers if you have pets.
- **Leg Maintenance:** Periodically check and tighten the beech wood legs to ensure stability.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Sofa feels unstable or wobbly.	Legs are not tightened sufficiently or unevenly installed.	Check and tighten all leg connections. Ensure legs are installed evenly on a flat surface.
Backrest does not recline smoothly.	Mechanism obstruction or misalignment.	Ensure no objects are obstructing the reclining mechanism. Apply gentle, even pressure when adjusting. If issues persist, contact customer support.
Missing parts during assembly.	Packaging error or lost components.	Carefully re-check all packaging materials. If parts are genuinely missing, contact HOMCOM customer support with your model number and purchase details.
Sofa feels too firm.	New upholstery may require breaking in.	The foam padding and pocket springs will soften with regular use. Continued use will improve comfort over time.
