Yaheetech 11x11 Pop Up Gazebo Outdoor Canopy Shelter Instruction Manual

Model: YTtp9t0002001

1. SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- Always ensure the gazebo is securely anchored to the ground using the provided stakes and ropes.
- Do not use this gazebo in extreme weather conditions, including heavy winds, severe rain, snow, or thunderstorms. Disassemble and store the gazebo during such conditions.
- Assembly and disassembly should be performed by two or more adults to ensure safety and ease of handling.
- Keep children and pets away from the assembly area to prevent accidents.
- Do not hang heavy objects from the gazebo frame.
- Ensure all frame connections are properly locked before use.

2. PACKAGE CONTENTS

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

Figure 2.1: All components included in the Yaheetech Pop Up Gazebo package.

Table 2.1: Component List

Component	Quantity	Description
Metal Frame	1	Foldable steel frame for the gazebo structure.
Top Cover Cloth	1	Main canopy fabric for sun and light rain protection.
Small Cover Cloth	1	Upper tier fabric for ventilation.
Mesh Screen (Netting)	4 panels	Side mesh panels for insect protection.
Sandbags	4	Bags to be filled with sand for additional stability.
Stakes	8 (various sizes)	Ground anchors for securing the gazebo.
Ropes	4 (various sizes)	Tie-down ropes for extra stability.
Hooks	24	Used for attaching mesh screens.
Carrying Bag	1	For transport and storage of the folded gazebo.

3. SETUP INSTRUCTIONS

Follow these steps for quick and easy assembly. It is recommended that two or more people assist with the setup.

1. Step 1: Unfold the Frame

With two people, grasp opposite sides of the folded metal frame and slowly pull it outwards until it is partially expanded. Ensure the legs are positioned correctly.

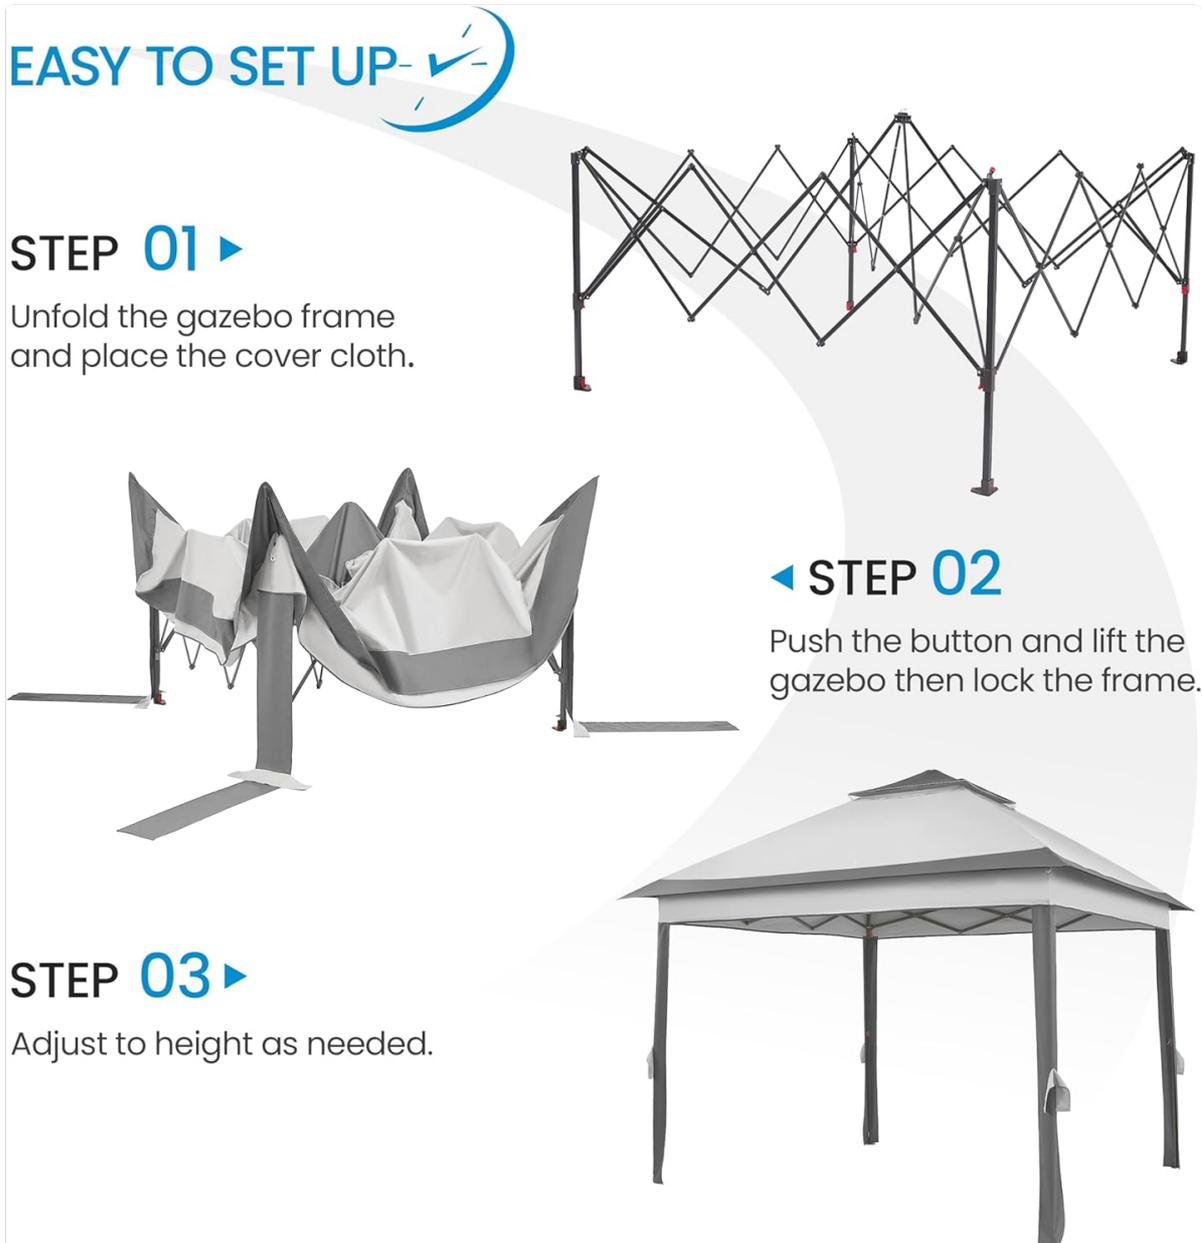

Figure 3.1: Visual guide for gazebo setup steps.

2. Step 2: Attach Canopy Fabric

Place the main top cover cloth over the partially expanded frame. Secure the corners of the fabric to the frame's corner posts. Attach the small cover cloth to the upper tier of the frame, ensuring it is centered and secure.

3. Step 3: Extend and Lock the Frame

From each corner, push the quick-release button on the leg pole and carefully lift the frame upwards until it fully extends and locks into place. Ensure all four corners are fully extended and locked.

WHAT'S IN YOUR BAG

Unbox the 11 × 11 ft gazebo set and discover everything you need for a secure and hassle-free setup.

Figure 3.2: Details of adjustable height and quick-release buttons.

4. Step 4: Adjust Height

The gazebo features adjustable heights of 8.9', 9.2', and 9.5'. To adjust, press the quick-release button on each leg and slide the inner leg to the desired height, ensuring it clicks securely into place at all four corners.

5. Step 5: Attach Mesh Netting

Hang the mesh netting panels from the frame using the provided hooks. Zip the panels together to fully enclose the gazebo, if desired.

6. Step 6: Secure the Gazebo

Fill the four sandbags with sand and attach them to the gazebo legs for added weight. Use the provided stakes to anchor the gazebo legs to the ground. For extra stability, attach the ropes to the frame and stake them into the ground at an angle.

4. OPERATING INSTRUCTIONS

The Yaheetech Pop Up Gazebo is designed to provide a comfortable outdoor space for various activities.

- **Usage Environment:** Ideal for backyard gatherings, patio relaxation, garden events, and deck shading.
- **Ventilation:** The double-tiered roof design promotes air circulation and heat regulation, enhancing comfort on warm days.
- **Sun Protection:** The canopy fabric offers UV protection, providing shade and reducing sun exposure.
- **Insect Protection:** The removable mesh netting helps keep insects out, allowing for an enjoyable outdoor experience.

5. MAINTENANCE

Proper maintenance will extend the lifespan of your Yaheetech Gazebo.

- **Cleaning:** Clean the canopy fabric and mesh netting with mild soap and water. Do not use harsh chemicals or abrasive cleaners. Allow all parts to dry completely before storage.
- **Frame Care:** The powder-coated steel frame is designed for durability. Inspect the frame periodically for any signs of rust or damage. Clean any dirt or debris from the frame.
- **Water Resistance:** The canopy is water-resistant. In heavy rain, water may accumulate or seep through. Ensure the drainage holes are clear. Applying a water-repellent spray annually can enhance protection.
- **Storage:** For prolonged service life, especially during off-season or anticipated severe weather, disassemble the gazebo and store it in its carrying bag in a dry, protected area.
- **Inspection:** Regularly check all connections, stakes, and ropes for security and wear. Replace any worn or damaged parts immediately.

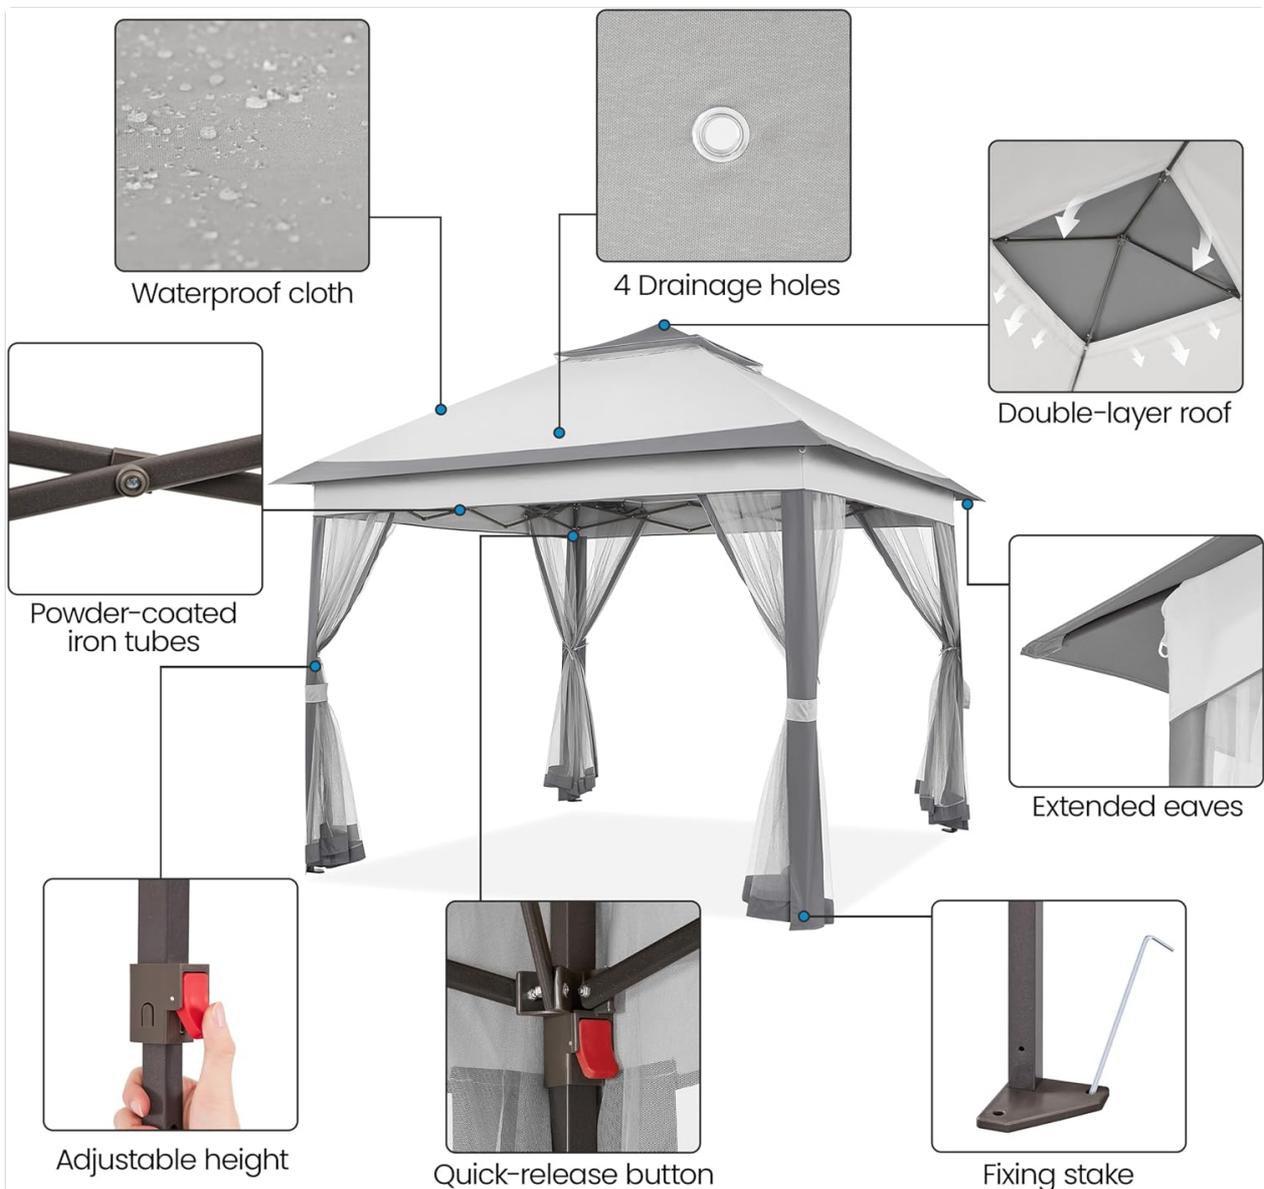

Figure 5.1: Features like waterproof cloth and drainage holes aid in maintenance.

6. TROUBLESHOOTING

This section addresses common issues you might encounter with your gazebo.

- **Issue: Gazebo is difficult to set up or extend.**

Solution: Ensure two or more adults are assisting. The frame may require firm, even pressure to extend fully. Check that no fabric is snagging the frame during extension. Lubricate joints if necessary.

- **Issue: Gazebo feels unstable or moves in light wind.**

Solution: Verify that all legs are fully extended and locked at the desired height. Ensure sandbags are filled and securely attached to each leg. Use all provided stakes and ropes to anchor the gazebo firmly to the ground.

- **Issue: Water accumulates on the canopy or leaks through.**

Solution: While the canopy is water-resistant, it is not fully waterproof. Ensure the canopy is taut to prevent water pooling. Clear any debris from the drainage holes. For enhanced protection, consider applying a commercial water-repellent treatment to the fabric. Disassemble in heavy rain.

- **Issue: Mesh netting sags or does not fit properly.**

Solution: Ensure all hooks are correctly attached to the frame. Adjust the tension of the netting if possible. Check for any tears or damage that might affect its fit.

- **Issue: A frame rod appears bent or broken.**

Solution: Do not attempt to use a damaged frame. Contact Yaheetech customer support for replacement parts or further assistance.

7. SPECIFICATIONS

Table 7.1: Product Specifications

Feature	Detail
Brand	Yaheetech
Model Number	YTtp9t0002001
Product Dimensions	131.1"L x 131.1"W x 114.57"H (11ft x 11ft x 9.5ft)
Adjustable Heights	8.9', 9.2', 9.5'
Item Weight	42.35 Pounds
Frame Material	Powder-coated Steel (Iron)
Canopy Material	Polyester Fabric with PA coating
Water Resistance Level	Water Resistant
UV Protection	True
Shape	Square
Color	Gray
Assembly Required	Yes
