1. INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your SystemBuild Evolution Farmington 31.5" Wide Storage Cabinet. Designed with a rustic barn-style aesthetic and finished in Reclaimed Oak, this cabinet offers a practical and stylish storage solution for various household items.

The cabinet features two doors that open to reveal four spacious shelves, two of which are adjustable, allowing for flexible storage configurations. A wall anchor kit is included to ensure stability and safety. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

2. SETUP AND ASSEMBLY

The SystemBuild Evolution Farmington Storage Cabinet is shipped flat-packed and requires assembly. For optimal safety and ease of assembly, it is recommended that two adults perform the assembly process.

2.1 Unpacking and Inspection

- Carefully unpack all components from the packaging.
- Verify that all parts listed in the assembly instructions (typically included in the box) are present and undamaged.
- Lay out all hardware and panels on a clean, soft surface to prevent scratches.

2.2 Assembly Steps

Refer to the detailed assembly manual provided within the product packaging for step-by-step instructions. General steps typically include:

1. Attaching the base and side panels.
2. Installing the fixed and adjustable shelves.
3. Mounting the back panel.
4. Attaching the doors and hardware.
5. Securing the cabinet with the included wall anchor kit.

2.3 Wall Anchor Installation

A wall anchor kit is provided for enhanced safety and stability, especially in homes with children or pets. It is crucial to install this kit to prevent tip-over accidents. The bracket mounts to the back of the cabinet and into a wall stud. If a stud is not available at the desired location, use the provided drywall screws.

Important: Always secure the cabinet to a wall using the provided anti-tip hardware. Failure to do so can result in serious injury or death.

3. OPERATING INSTRUCTIONS

The SystemBuild Evolution Farmington Storage Cabinet is designed for versatile storage in various rooms such as living rooms, home offices, or utility areas.

3.1 Storage Capacity and Organization

- Open the two front doors to access the interior storage space.
- The cabinet features four shelves: two fixed and two adjustable.
- Adjustable shelves can be repositioned to accommodate items of varying heights. To adjust, remove the shelf, reposition the shelf pins to the desired height, and reinsert the shelf.
- Each adjustable shelf can hold up to 25 lbs. The fixed shelf holds up to 30 lbs.
- Ideal for storing office supplies, non-perishable foods, board games, pet supplies, linens, or other household items.

Figure 3.2: Interior view with empty shelves, demonstrating adjustable shelf positions.

3.2 Door Operation

- The cabinet features two flat panel doors with black handles.
- Gently pull the handles to open the doors. Ensure doors are fully closed when not in use to protect contents and maintain appearance.

4. MAINTENANCE AND CARE

Proper care will help maintain the appearance and longevity of your SystemBuild Evolution Farmington Storage Cabinet.

4.1 Cleaning

- Wipe surfaces with a soft, damp cloth.
- Avoid using harsh chemicals, abrasive cleaners, or polishes, as these can damage the laminated finish.

- Promptly wipe up any spills to prevent staining or damage to the wood.

4.2 General Care

- Avoid placing hot items directly on the surface.
- Do not overload shelves beyond their stated weight limits (25 lbs for adjustable, 30 lbs for fixed).
- Periodically check all hardware and connections to ensure they remain tight. Retighten if necessary.
- Ensure the wall anchor remains securely fastened to the wall and cabinet.
