## PawHut D00-194V00GY

# PawHut 3-in-1 Foldable Pet Stroller User Manual

Model: D00-194V00GY

## INTRODUCTION

This manual provides detailed instructions for the assembly, operation, maintenance, and troubleshooting of your PawHut 3-in-1 Foldable Pet Stroller. Please read this manual thoroughly before use to ensure safe and proper operation.

Image: The PawHut 3-in-1 Foldable Pet Stroller in grey, featuring a mesh canopy, a small dog visible inside, and a clear rain cover shown separately. This image illustrates the main components of the product.

## KEY FEATURES

- **Versatile 3-in-1 Design:** Functions as a pet stroller, a removable pet carrier, and a car seat carrier.
- **Durable Construction:** Made from sturdy steel frame and 600D cationic Oxford fabric.
- **Smooth Mobility:** Equipped with 2 front universal wheels and 2 rear directional wheels with brakes for easy control.
- **Enhanced Safety:** Includes 2 internal safety straps to secure your pet.
- **Adjustable Comfort:** Features a 4-position adjustable canopy and mesh windows for ventilation and visibility.
- **Convenient Storage:** A bottom basket provides space for pet supplies and personal items.
- **Compact Folding:** Designed to fold easily for storage and transport.
- **Rain Protection:** Comes with a rain cover for all-weather use.

# CONVIENT AUX CHIENS DE PETITE TAILLE

Chihuahua

Yorkshire

Pinscher

Loulou de Poméranie

Caniche

Bichon Maltais

## NOTE:

Nous vous recommandons de mesurer la longueur du corps de votre animal de compagnie.

La longueur du corps < 33cm

Convient aux chiens moins de **4** kg

Image: This diagram illustrates various small dog breeds suitable for the stroller, including Chihuahua, Yorkshire, Pinscher, Pomeranian, Poodle, and Maltese. It also provides a visual guide on how to measure your pet's body length (under 33 cm) and notes a maximum weight of 4 kg for suitability.

## SETUP AND ASSEMBLY

Your PawHut pet stroller comes partially assembled. Follow these steps to complete the setup:

- 1. Unpack Components:** Carefully remove all parts from the packaging. Verify that all components listed in the packaging content are present.
- 2. Unfold the Frame:** Place the stroller frame on a flat surface. Release any locking mechanisms and gently pull the handle upwards until the frame clicks into its fully open position. Ensure all locking points are secure.
- 3. Attach Wheels:**
  - Insert the front universal wheels into their designated slots until they click securely.
  - Attach the rear directional wheels, ensuring the brake levers are accessible.
- 4. Install the Carrier Basket:** Align the carrier basket with the attachment points on the stroller frame. Press down firmly until it locks into place. Ensure it is stable and does not wobble.
- 5. Adjust Handle:** The handle can be rotated to your preferred height and angle. Press the adjustment buttons (if any) and

rotate the handle into a comfortable position.

6. **Insert Cushion:** Place the soft cushion inside the carrier basket for your pet's comfort.
7. **Attach Rain Cover:** The rain cover can be easily placed over the carrier when needed, securing it with its elastic edges or fasteners.

*Note: For detailed visual instructions, refer to the included assembly diagrams.*

## OPERATING INSTRUCTIONS

---

### Using the Stroller

- **Placing Your Pet:** Open the zippered entrance of the carrier. Gently place your pet inside and attach their harness or collar to the internal safety straps. Close the zipper securely.
- **Adjusting the Canopy:** The canopy can be adjusted to four different positions to provide shade or allow for more open air. Simply push or pull the canopy to the desired position.
- **Maneuvering:** The front universal wheels allow for 360-degree rotation, providing excellent maneuverability. The rear wheels are directional for stability.
- **Braking:** To engage the brakes, press down on the brake levers located on the rear wheels. Ensure the stroller is stationary before leaving it unattended. To release, lift the levers.
- **Using the Bottom Basket:** Store pet essentials, toys, or personal items in the convenient basket located beneath the carrier.

### Folding the Stroller for Storage/Transport

The stroller features a simple folding mechanism for compact storage:

1. Ensure your pet is removed from the carrier.
2. Detach the carrier basket from the frame if you wish to fold it separately or use it as a standalone carrier.
3. Locate the folding mechanism (usually near the handle or frame joints).
4. Follow the specific instructions for your model to release the frame locks and collapse the stroller. It will fold into a compact size for easy storage or transport in a vehicle.

# SYSTÈME PLIABLE SIMPLE

Facile à ranger lorsque l'on n'en a pas besoin

Image: A three-panel image sequence showing the step-by-step process of folding the pet stroller frame for compact storage. It illustrates the ease of the folding system.

## Using as a Carrier or Car Seat

- **Detaching the Carrier:** Release the locking mechanisms that secure the carrier basket to the stroller frame. Lift the carrier by its integrated handle.
- **As a Standalone Carrier:** The detached carrier can be used for short trips or as a comfortable resting space for your pet.
- **As a Car Seat:** Place the carrier securely on a car seat. Use the vehicle's seatbelt to loop through the designated straps or handles on the carrier to prevent movement during travel. Ensure your pet is secured inside with the internal safety straps.

Image: The PawHut pet stroller being used outdoors in rainy conditions, with the clear rain cover fully deployed over the carrier, demonstrating its weather protection capability.

## CARE AND MAINTENANCE

---

- **Cleaning Fabric:** For general cleaning, use a damp cloth with mild soap and water to spot clean the Oxford fabric. Do not machine wash or tumble dry. Allow to air dry completely before folding or storing.
- **Cleaning Frame and Wheels:** Wipe the steel frame and plastic components with a damp cloth. Periodically check wheels for debris and clean as necessary to ensure smooth operation.
- **Storage:** When not in use, store the stroller in a clean, dry place away from direct sunlight and extreme temperatures. Ensure it is fully dry before storing to prevent mold or mildew.
- **Regular Inspection:** Periodically check all screws, bolts, and locking mechanisms to ensure they are tight and secure. Inspect the fabric for any tears or damage.

## TROUBLESHOOTING

---

<b>Problem</b>	<b>Possible Cause</b>	<b>Solution</b>
Stroller does not fold easily.	Locking mechanisms are not fully disengaged.	Ensure all folding locks are released according to the operating instructions. Do not force the frame.
Wheels are stiff or squeaky.	Debris caught in wheels; lack of lubrication.	Clean any hair or debris from around the wheel axles. Apply a small amount of silicone-based lubricant to the axles if needed.
Carrier basket is unstable on the frame.	Not properly secured to the frame.	Ensure the carrier is correctly aligned and fully clicked into all attachment points on the stroller frame.
Canopy does not stay in position.	Adjustment mechanism is loose or damaged.	Check the canopy's pivot points for any looseness. If damaged, contact customer support.

## WARRANTY INFORMATION

---

PawHut products are manufactured to high-quality standards and are guaranteed against manufacturing defects. Please refer to your purchase receipt or the retailer's website for specific warranty terms and conditions, as these may vary by region and retailer. Keep your proof of purchase for any warranty claims.

## CUSTOMER SUPPORT

---

If you have any questions, require assistance with assembly, or encounter any issues not covered in this manual, please contact PawHut customer support or your retailer. Have your model number (D00-194V00GY) and proof of purchase ready when contacting support.

For more information, visit the official PawHut website or the retailer's product page where you purchased the item.
