GOWENIC GOWENICChvfnetzbo5-13

GOWENIC Small Mini Phone User Manual

Model: GOWENICChvfnetzbo5-13

1. OVERVIEW

The GOWENIC Small Mini Phone is a compact and lightweight mobile device designed for basic communication needs. It supports 2G GSM networks and features dual SIM card capability, a 0.66-inch screen, and a 380mAh battery. This phone is ideal for users seeking a simple, functional device with additional features like a voice changer and Bluetooth music player.

Compact Design

2. WHAT'S IN THE BOX

Verify that all items are present in the package:

- GOWENIC Small Mini Phone
- Earphone
- USB Cable

The phone and its included USB charging cable.

3. SETUP INSTRUCTIONS

3.1. SIM Card and Battery Installation

The phone supports dual nano SIM cards or one nano SIM card and one Small Memory Card (not included). Ensure the phone is powered off before installation.

1. Carefully remove the back cover of the phone.
2. Insert the nano SIM card(s) into the designated slot(s).
3. Insert the battery into its compartment, ensuring the contacts align.
4. Replace the back cover until it clicks securely into place.

3.2. Charging the Phone

Before first use, fully charge the phone's battery.

1. Connect the USB cable to the phone's charging port.
2. Connect the other end of the USB cable to a compatible USB power adapter or computer.
3. The charging indicator on the phone will show the charging status.

3.3. Powering On/Off

To power on, press and hold the power button until the screen lights up. To power off, press and hold the power button, then select 'Power off' from the options.

4. OPERATING INSTRUCTIONS

4.1. Basic Phone Functions

Use the numeric keypad to dial numbers. Press the green call button to initiate a call and the red end call button to terminate a call. Navigate menus using the directional keys and confirm selections with the 'OK' button.

4.2. Voice Changer

This phone includes a voice changer feature that allows you to alter your voice during calls. This feature requires an active SIM card. Access the voice changer settings through the phone's menu to select different voice effects.

This phone protects pregnant women and kids from signal radiation.

4.4. Bluetooth Dialer Function

The mini phone can connect to another smartphone via Bluetooth to act as a dialer. This allows you to make and receive calls using your main smartphone's SIM card through the mini phone.

1. On the mini phone, navigate to the Bluetooth settings and enable 'BT dialer'.
2. On your main smartphone, enable Bluetooth and search for available devices.
3. Select 'BM70' (or similar device name) from the list and pair the devices.
4. Once paired, you can use the mini phone to dial numbers and manage calls from your main smartphone.

5. KEY FEATURES

- **Voice Changer:** Change your voice during calls (requires a SIM card).
- **Musical Accessory:** Functions as a Bluetooth music player and can be used as a Bluetooth earphone.
- **Frequency Support:** Band (2G) GSM 850 900 1800 1900MHz. (Accepts 2G, 3G, 4G, 5G SIM cards, but they must support 2G GSM frequency).
- **Reduced Radiation:** The radiation rate is significantly lower than regular smartphones, making it suitable for pregnant women and children.
- **Compact Design:** Smallest Bluetooth miniature phone, supporting dual nano SIM cards or one SIM and one Small Memory Card.
- **Multi-Language Support:** Supports English, French, Spanish, Danish, Polish, Portuguese, Italian, German, Malay, Dutch, Vietnamese, Russian, Arabic, Hebrew, Thai, Greek, Swedish, Croatian, and more.

The phone supports a wide range of languages for global usability.

This phone protects pregnant women and children from signal radiation due to its low emission rate.

6. MAINTENANCE

To ensure the longevity and optimal performance of your GOWENIC Small Mini Phone, follow these maintenance guidelines:

- **Keep Dry:** Avoid exposing the phone to moisture, rain, or liquids, as these can corrode electronic circuits.
- **Clean Gently:** Use a soft, dry cloth to clean the phone. Do not use harsh chemicals or abrasive cleaners.
- **Avoid Extreme Temperatures:** Do not store the phone in very hot or cold environments, as this can affect battery life and overall performance.
- **Handle with Care:** Avoid dropping the phone or subjecting it to strong impacts.

7. TROUBLESHOOTING

If you encounter issues with your phone, refer to the following common solutions:

- **Phone does not power on:** Ensure the battery is correctly installed and fully charged. Try charging the phone for at least 30 minutes.
- **No signal or network issues:** Check if the SIM card is properly inserted. Verify that your SIM card supports 2G GSM networks. Move to an area with better network coverage.
- **Bluetooth connection problems:** Ensure Bluetooth is enabled on both devices and they are within range. Try unpairing and re-pairing the devices.

- **Sound issues:** Check the volume settings. Ensure earphones are properly connected if in use.

If the problem persists, contact customer support for further assistance.
