MAINTENANCE

Proper care and maintenance will extend the life and appearance of your outdoor sofa.

- **Cleaning the Frame:** The PE rattan frame and powder-coated steel frame can be wiped clean with a damp

cloth. Avoid harsh chemicals that may damage the finish.

- **Cushion Care:** The seat cushion covers feature zippers for easy removal. They are washable for convenient cleaning. Allow cushions to air dry completely before re-attaching.
- **Weather Protection:** The PE rattan is UV-resistant and designed to withstand light water damage. However, for prolonged service life, it is recommended to use a furniture cover during heavy rain, snow, or extended periods of non-use. Store cushions indoors during inclement weather.
- **Inspection:** Periodically check all bolts and connections to ensure they remain tight. Tighten if necessary.
