# GLOGLOW Scent Air Machine User Manual

Model: GLOGLOWqz0g53n8rg-11

## 1. INTRODUCTION

---

Thank you for choosing the GLOGLOW Scent Air Machine. This device is designed to efficiently diffuse essential oils, creating a pleasant and consistent aroma in various environments such as homes, offices, and commercial spaces. This manual provides essential information for the safe and effective use of your scent air machine. Please read it thoroughly before operation and retain it for future reference.

## 2. SAFETY INSTRUCTIONS

---

- Always place the device on a stable, flat surface.
- Do not immerse the device in water or any other liquid.
- Keep out of reach of children and pets.
- Use only the provided power adapter.
- Do not block the air outlet or inlet during operation.
- Use only pure essential oils. Do not use corrosive liquids or water-based solutions.
- Unplug the device before cleaning or when not in use for extended periods.
- If the device is damaged, do not attempt to repair it yourself. Contact customer support.

## 3. PACKAGE CONTENTS

---

Verify that all items are present in the package:

- 1 x GLOGLOW Scent Air Machine
- 1 x Power Plug
- 1 x Adhesive (for mounting, if desired)
- 1 x English Instruction Manual

## 4. SETUP

---

1. **Unpack the Device:** Carefully remove the scent air machine and all accessories from the packaging.
2. **Placement:** Choose a suitable location for the device. Ensure it is on a stable, flat surface and away from direct sunlight, heat sources, or areas with high humidity. If using the adhesive, ensure the surface is clean and dry before mounting.
3. **Open the Device:** Gently open the front cover of the scent air machine.
4. **Insert Essential Oil Bottle:** Unscrew the cap from your essential oil bottle (not included) and carefully screw it onto the atomizer head. Insert the assembled atomizer head with the essential oil bottle into the designated slot inside the machine. Ensure it is securely seated.

Image: A closer internal view of the GLOGLOW Scent Air Machine, highlighting the essential oil bottle compartment, the control panel with display, and indicator lights.

5. **Close the Device:** Close the front cover securely.
6. **Connect Power:** Plug the power adapter into the DC input port on the device, then plug the adapter into a standard electrical outlet.

## 5. OPERATING INSTRUCTIONS

---

Once the device is powered on, the display will illuminate. Use the control buttons (typically Mode, Up, Down, Set) to adjust settings.

1. **Power On/Off:** Press and hold the Power button (if available) or the 'Set' button for a few seconds to turn the device on or off.
2. **Set Working Mode:** Press the 'Mode' button to cycle through different operating modes. These typically include continuous diffusion, intermittent diffusion with various on/off cycles, and timer settings.
3. **Adjust Intensity/Time:** Use the 'Up' and 'Down' buttons to adjust the diffusion intensity or the duration of the on/off cycles, depending on the selected mode.
4. **Confirm Settings:** Press the 'Set' button to confirm your selections.

# Scent Air Machine

No water or frequent cleaning is required, as this scented air machine use only essential oils to create a consistent and long lasting scent experience

Image: The GLOGLOW Scent Air Machine actively diffusing a fine mist of aroma into a room, demonstrating its operation.

## EFFECTIVE AROMA DIFFUSION

You can add your favorite essential oils to release the scent efficiently and leave a long lasting scent, adding a pleasant environment

Made of premium ABS material

Safe and reliable, so you can enjoy the comfortable aromatherapy experience without worrying about it

## 6. MAINTENANCE

---

Regular maintenance ensures optimal performance and longevity of your scent air machine.

- **Cleaning the Exterior:** Wipe the exterior of the device with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Cleaning the Atomizer:** If the scent output becomes weak or inconsistent, the atomizer may need cleaning. Unplug the device, remove the essential oil bottle, and carefully detach the atomizer head. Clean it with a cotton swab dipped in rubbing alcohol. Allow it to dry completely before reassembling.
- **Replacing Essential Oil:** When the essential oil bottle is empty, unplug the device, open the cover, and carefully unscrew the empty bottle from the atomizer head. Replace it with a new bottle of essential oil, ensuring it is securely attached.

## 7. TROUBLESHOOTING

---

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
No mist or weak scent	Essential oil bottle empty or atomizer clogged.	Replace essential oil bottle. Clean the atomizer as per maintenance instructions.
Device does not power on	Power adapter not connected or faulty.	Ensure power adapter is securely plugged into both the device and the outlet. Try a different outlet.
Unusual noise during operation	Device not on a stable surface or internal component issue.	Ensure the device is on a flat, stable surface. If noise persists, discontinue use and contact support.
