Key Features:

- **Circle to Search with Google:** Quickly search for anything on your screen by circling it.
- **AMOLED Display with Vision Booster:** Enjoy vibrant colors and clear visibility even in bright sunlight.
- **Advanced Triple Camera System:** Capture stunning photos and vivid videos with a 50MP main lens, 8MP ultrawide, and 5MP macro lens.
- **Nightography:** Enhance low-light photos and videos for clear, bright results.
- **Expandable Storage:** Up to 1TB with a microSD card (sold separately).
- **Rugged Design:** IP67 water and dust resistance for enhanced durability.
- **Long-lasting Battery:** 5000mAh battery for extended use.
- **Samsung Knox Security:** Multi-layered security to protect your data.
- **Four Years of OS Updates:** Ensures your device stays up-to-date with the latest software.

4. SETUP GUIDE

4.1. Inserting the SIM Card and microSD Card

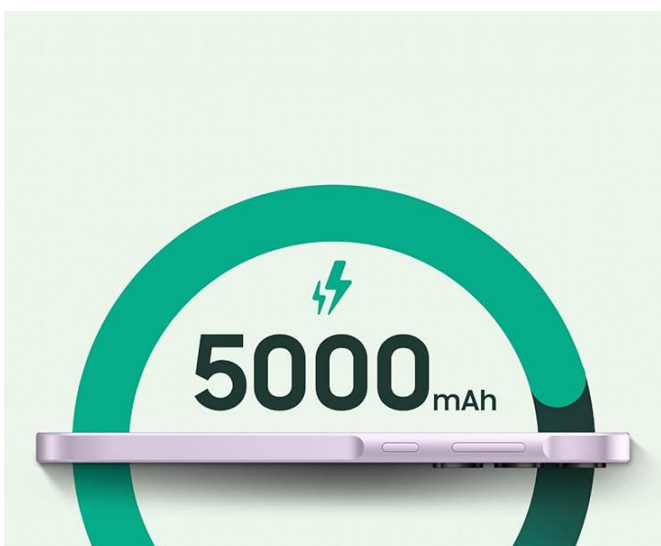

1. Locate the SIM tray on the side of your device.
2. Insert the SIM tray ejector pin into the small hole next to the tray and push gently until the tray pops out.
3. Place your Nano-SIM card(s) and/or microSD card into the tray with the gold contacts facing down. Ensure they are correctly aligned.
4. Gently push the tray back into the slot until it clicks into place.

4.2. Initial Power On and Setup

1. Press and hold the Power/Side key until the Samsung logo appears.
2. Follow the on-screen prompts to complete the initial setup, including language selection, Wi-Fi connection, Google account sign-in, and setting up security features (fingerprint, PIN, pattern).

4.3. Transferring Data with Smart Switch

Easily transfer data from your old phone to your new Galaxy A35 5G using Samsung Smart Switch.

All day battery

Stay focused on the moment and worry less about your phone's percentage with the long-lasting battery of the Galaxy A35 5G. Plus, Super Fast Charging* helps keep you plugged into the moment — not the outlet.

* Wall charger sold separately; use only Samsung-approved chargers and cables. To avoid injury or damage to your device, do not use incompatible, worn or damaged batteries, chargers or cables. Supports up to 25W charging. 25W Super Fast Charger sold separately. Super Fast Charging speeds depends on battery level and other factors; use only Samsung-approved chargers and cables; do not use any worn or damaged chargers or cables; incompatible charger or cable can cause serious injuries or damage to your device.

6.2. Durability and Protection

The Galaxy A35 5G features an IP67 rating for water and dust resistance, meaning it can withstand submersion in up to 1 meter of fresh water for up to 30 minutes.

Capture the night like never before on Galaxy A35 5G

Bring out the brilliance of the night like never before with improved Nightography.

Image: A scene depicting people playing with water, symbolizing the water resistance feature of the Galaxy A35 5G.

Note: Water resistance is based on laboratory test conditions. Not advised for beach or pool use. Dust resistance based on laboratory test conditions for airflow of up to 8 hours.

6.3. Software Updates

Samsung provides up to four generations of OS upgrades and five years of security updates for the Galaxy A35 5G, ensuring your device remains secure and up-to-date.

Our brightest Galaxy A Series screen yet

The brightest screen of our Galaxy A Series makes sure you can effortlessly enjoy content wherever you are.*

* Requires optimal 5G network connection, available in select markets. Check with your carrier for availability and details. Download and streaming speeds may vary based on content provider, server connection and other factors.

Image: A graphic illustrating the commitment to four generations of OS upgrades for the Galaxy A35 5G.

Regularly check for and install software updates via **Settings > Software update > Download and install**

7. TROUBLESHOOTING

If you encounter issues with your Galaxy A35 5G, try the following common troubleshooting steps:

Problem	Solution
Device not turning on	Ensure the battery is charged. Press and hold the Power/Side key and Volume Down key simultaneously for 7-10 seconds to force restart.
Apps crashing or freezing	Clear the app's cache (Settings > Apps > [App Name] > Storage > Clear cache). If the issue persists, uninstall and reinstall the app.
Poor battery life	Reduce screen brightness, disable unnecessary features (Bluetooth, GPS, Wi-Fi when not in use), and close background apps. Check battery usage in Settings.
Network connectivity issues	Toggle Airplane Mode on and off. Restart the device. Check SIM card insertion. Reset network settings (Settings > General management > Reset > Reset network settings).
Fingerprint sensor not working	Ensure your finger and the sensor are clean and dry. Re-register your fingerprints in Settings > Security and privacy > Biometrics > Fingerprints.

For more advanced troubleshooting or persistent issues, please refer to the official Samsung support website or contact customer service.
