YEYIAN Shift Gaming Mouse Instruction Manual

Model: YGM-WWRB-01

1. PRODUCT OVERVIEW

The YEYIAN Shift Gaming Mouse is a high-performance wireless mouse designed for gamers and PC enthusiasts. It features a 26000 DPI optical sensor, two interchangeable covers for customizable aesthetics and feel, 10 programmable buttons, and a long-lasting 60-hour battery life. Its ergonomic ambidextrous design and customizable RGB lighting enhance the gaming experience.

2. PACKAGE CONTENTS

Please verify that all items are present in the package:

- YEYIAN Shift Gaming Mouse
- Solid Interchangeable Cover
- Honeycomb Interchangeable Cover
- USB-C Charging Cable
- 2.4GHz Wireless USB Dongle
- User Manual (this document)

3. SETUP AND INSTALLATION

3.1 Initial Setup

1. **Charge the Mouse:** Connect the USB-C charging cable to the mouse and a power source (e.g., computer USB port, USB wall adapter). The RGB lighting will indicate charging status.
2. **Power On:** Locate the power switch on the bottom of the mouse and slide it to the 'On' position.
3. **Connect Wirelessly:**
 - **2.4GHz Wireless:** Insert the 2.4GHz wireless USB dongle into an available USB port on your computer. The mouse should automatically connect.
 - **Bluetooth:** Slide the switch on the bottom of the mouse to the 'BT 5.0' position. On your computer, navigate to Bluetooth settings and select 'YEYIAN Shift Mouse' to pair.
4. **Install Software (Optional):** For full customization of buttons, DPI, and RGB lighting, download the official YEYIAN software from the manufacturer's website.

3.2 Changing Interchangeable Covers

The YEYIAN Shift Gaming Mouse comes with two interchangeable covers: a solid cover and a lightweight honeycomb cover. To change the cover:

1. Gently lift the rear edge of the currently installed cover until it detaches from the magnetic connectors.
2. Align the desired cover with the mouse body, ensuring the front tabs fit into their slots.
3. Press down firmly on the rear of the cover until it snaps into place with the magnetic connectors.

4. OPERATION

4.1 Button Functions

The YEYIAN Shift Gaming Mouse features 10 programmable buttons. Default functions are as follows:

- **Left Click:** Primary action.
- **Right Click:** Secondary action.
- **Scroll Wheel Click:** Middle click.
- **DPI Loop Button:** Cycles through preset DPI levels.
- **Forward Button:** Navigates forward in web browsers/folders.
- **Backward Button:** Navigates backward in web browsers/folders.
- Additional buttons can be customized via the YEYIAN software.

4.2 DPI Adjustment

The mouse features an intuitive DPI loop button to seamlessly switch between sensitivity levels up to 26,000 DPI. The YEYIAN logo on the mouse changes color to indicate the current DPI level, providing visual feedback without needing to check software.

4.3 RGB Lighting

The integrated RGB lighting can be customized using the YEYIAN software. Choose from a spectrum of colors and various lighting effects to personalize your gaming setup.

5. MAINTENANCE

5.1 Cleaning

To maintain optimal performance and appearance, regularly clean your mouse:

- Use a soft, dry cloth to wipe the surface of the mouse.
- For stubborn dirt, slightly dampen the cloth with water or a mild cleaning solution. Avoid harsh chemicals.
- Use a can of compressed air to clear dust and debris from crevices and around buttons.
- Ensure the optical sensor on the bottom is clean and free of obstructions.

5.2 Storage

When not in use for extended periods, store the mouse in a cool, dry place away from direct sunlight and extreme temperatures. Ensure the mouse is powered off to conserve battery life.

6. TROUBLESHOOTING

6.1 Common Issues and Solutions

Problem	Possible Cause	Solution
Mouse not responding	Low battery, incorrect connection mode, dongle not recognized.	Charge the mouse. Ensure the switch on the bottom is set to the correct mode (2.4GHz or BT 5.0). Re-insert the USB dongle or repair Bluetooth. Try a different USB port.
DPI not changing	DPI button malfunction, software conflict.	Ensure the DPI button is clean. Restart the mouse and computer. Check the YEYIAN software for any custom profiles overriding DPI settings.
RGB lighting not working/incorrect	Software settings, low battery.	Check RGB settings in the YEYIAN software. Ensure the mouse has sufficient battery charge.
Intermittent connection	Interference, distance from receiver, low battery.	Reduce distance between mouse and receiver. Avoid obstacles. Charge the mouse. Minimize other wireless devices operating on the same frequency.

7. SPECIFICATIONS

Feature	Detail
Model Number	YGM-WWRB-01
Product Dimensions	4.72 x 2.51 x 0.04 inches
Item Weight	2.82 ounces
Movement Detection Technology	Optical
DPI Range	Up to 26,000 DPI
Connectivity Technology	Bluetooth, 2.4GHz Wireless

Feature	Detail
Battery Life	Up to 60 hours
Charging Time	Approx. 3.5 hours (Type-C)
Special Features	Ergonomic Design, Lightweight, Programmable Buttons, Interchangeable Covers, RGB Lighting
