

Livpure MULTICOOL-40L

Livpure Multicool 40L Mini Desert Air Cooler User Manual

Model: MULTICOOL-40L

1. INTRODUCTION

Thank you for choosing the Livpure Multicool 40L Mini Desert Air Cooler. This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your air cooler. Please read these instructions carefully before using the appliance and retain them for future reference.

2. IMPORTANT SAFETY INSTRUCTIONS

To reduce the risk of fire, electric shock, or injury, always follow basic safety precautions when using electrical appliances.

- Ensure the power supply voltage matches the rating label on the cooler.
- Do not operate the cooler with a damaged cord or plug.
- Keep the cooler away from heat sources and direct sunlight.
- Do not immerse the cooler, cord, or plug in water or other liquids.
- Unplug the cooler before filling water, cleaning, or performing any maintenance.
- Keep children and pets away from the cooler during operation.
- Place the cooler on a stable, level surface.
- Do not block the air inlet or outlet grilles.

3. WHAT'S IN THE BOX

Carefully unpack your Livpure Multicool 40L Mini Desert Air Cooler and check for the following components:

- 1 x Livpure Multicool 40L Air Cooler Unit

- 4 x Multidirectional Wheels
- 1 x User Manual

4. SETUP INSTRUCTIONS

1. **Attach Wheels:** Turn the air cooler upside down carefully. Insert the four multidirectional wheels into the designated slots at the bottom of the unit until they click into place. Ensure all wheels are securely attached before placing the cooler upright.
2. **Positioning:** Place the air cooler on a firm, level surface in the desired location. The multidirectional wheels allow for easy movement. For optimal cooling, position the cooler near an open window or door to allow for proper ventilation.
3. **Fill Water Tank:** Open the water inlet cap. Fill the 40-liter water tank with clean water. Monitor the water level indicator to avoid overfilling. Do not add water above the "MAX" mark.
4. **Connect Power:** Plug the power cord into a standard 230V AC electrical outlet. Ensure the plug is fully inserted.

5. OPERATING INSTRUCTIONS

Your Livpure Multicool 40L Air Cooler features simple knob controls for ease of use.

1. **Power On/Off:** Turn the main control knob to the "ON" position to start the cooler. Turn it to "OFF" to switch it off.
2. **Fan Speed Adjustment:** The cooler offers 3 fan speeds. Rotate the fan speed knob to select your desired setting: Low, Medium, or High. The high airflow capacity of 3000 CMH ensures air delivery up to 23 feet.
3. **Cooling Function:** To activate the cooling function, ensure the water tank is filled and turn the cooling knob to the "COOL" position. The cooler will begin to circulate cool air.
4. **Swing Function:** If available, activate the swing function to oscillate the air louvers, distributing cool air across a wider area.
5. **Water Level Monitoring:** Regularly check the water level indicator located on the front of the cooler. Refill the tank when the water level is low to ensure continuous cooling.

Note: This air cooler is designed for low power consumption, using approximately 140 watts, and can also be operated on inverters during power outages.

6. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your air cooler.

- **Cleaning the Honeycomb Pads:** The anti-bacterial honeycomb pads should be cleaned periodically.
 - a. Unplug the cooler from the power outlet.
 - b. Remove the back panel to access the honeycomb pads.
 - c. Gently rinse the pads under running water to remove dust and mineral deposits. Do not use harsh chemicals.
 - d. Allow the pads to dry completely before reinserting them.
- **Cleaning the Water Tank:** Drain and clean the water tank regularly to prevent algae growth and maintain hygiene.
 - a. Unplug the cooler.
 - b. Drain all water from the tank using the drain plug (if available) or by tilting the unit carefully.
 - c. Wipe the inside of the tank with a soft cloth and mild detergent. Rinse thoroughly.
 - d. Ensure the tank is dry before refilling or storing.
- **Exterior Cleaning:** Wipe the exterior surfaces of the cooler with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Storage:** If storing the cooler for an extended period, ensure the water tank is empty and clean, and the honeycomb pads are dry. Cover the unit to protect it from dust.

7. TROUBLESHOOTING

Before contacting customer service, please refer to the following common issues and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Cooler does not turn on.	No power supply. Power cord not properly connected.	Check if the power plug is securely inserted into the outlet. Check the circuit breaker.
No cooling effect.	Water tank is empty. Cooling function not activated. Honeycomb pads are clogged.	Fill the water tank. Ensure the cooling knob is in the "COOL" position. Clean the honeycomb pads as per maintenance instructions.
Unpleasant odor.	Stagnant water in the tank. Dirty honeycomb pads.	Drain and clean the water tank thoroughly. Clean the honeycomb pads.
Weak airflow.	Air inlet/outlet blocked. Fan speed set too low.	Ensure nothing is obstructing the grilles. Increase the fan speed using the control knob.

8. PRODUCT SPECIFICATIONS

Brand	Livpure
Model Name	MULTICOOL-40L
Reservoir Capacity	40 Liters
Wattage	140 Watts
Voltage	230 Volts (AC)
Number Of Speeds	3
Item Weight	11.3 Kilograms
Item Dimensions (D x W x H)	53D x 38.5W x 101.5H Centimeters
Material	Plastic
Colour	White & Grey
Mounting Type	Freestanding
Special Feature	Portable
Recommended Uses	Personal cooling in small to medium-sized rooms, dry climates
