

Jocca FREIDORAS 6,5L

Jocca 6.5L Hot Air Fryer User Manual

Model: FREIDORAS 6,5L

INTRODUCTION

Thank you for purchasing the Jocca 6.5L Hot Air Fryer. This appliance is designed to provide a healthier way to cook your favorite fried foods, using hot air circulation instead of oil. Please read this manual carefully before use to ensure safe and optimal operation.

This powerful and efficient air fryer features a 1600W motor, a generous 6.5-liter capacity, and a sleek design with stainless steel accents. It includes an LED touch screen with 8 preset programs for precise control, an integrated window and light for monitoring, and safety features like overheat protection and a cool-touch handle.

SAFETY INSTRUCTIONS

- Always place the appliance on a stable, heat-resistant surface.
- Do not immerse the main unit in water or any other liquid.
- Ensure the voltage indicated on the appliance matches your local mains voltage before connecting.
- Keep the appliance and its cord out of reach of children.
- Do not block the air inlet and outlet openings during operation.
- Unplug the appliance when not in use and before cleaning.
- Do not operate the appliance if the plug, power cord, or the appliance itself is damaged.
- The appliance is equipped with overheat protection. If it overheats, it will automatically shut off.

PRODUCT OVERVIEW

Familiarize yourself with the components of your Jocca Air Fryer.

Figure 1: Front view of the Jocca 6.5L Hot Air Fryer, showcasing the LED touch screen and the transparent viewing window on the basket.

Figure 2: The air fryer with its cooking basket slightly pulled out, revealing the interior rack.

Figure 3: Detailed view of the LED touch control panel, showing temperature and time display, along with various cooking presets.

Figure 4: Close-up of the ergonomic cool-touch handle and the non-stick interior of the cooking basket.

SETUP

1. **Unpacking:** Carefully remove the air fryer and all accessories from the packaging. Retain the packaging for future storage or transport.
2. **Initial Cleaning:** Before first use, clean the cooking basket and non-stick grill plate with warm soapy water. Wipe the exterior of the appliance with a damp cloth. Ensure all parts are completely dry before assembly.
3. **Placement:** Place the air fryer on a stable, level, and heat-resistant surface, away from walls or other appliances to allow for proper air circulation. Ensure there is at least 10 cm (4 inches) of free space on the back and sides, and 10

cm (4 inches) above the appliance.

4. **Power Connection:** Plug the power cord into a grounded electrical outlet.

OPERATING INSTRUCTIONS

Preheating

1. Plug in the air fryer. The LED screen will illuminate.
2. Press the power button to turn on the appliance.
3. Select a preset program or manually set the desired temperature and time using the touch controls.
4. Allow the air fryer to preheat for 3-5 minutes before adding food.

Cooking

1. Carefully pull out the cooking basket using the cool-touch handle.
2. Place your ingredients into the basket. Do not overfill the basket to ensure even cooking.
3. Slide the basket back into the air fryer until it clicks into place.
4. Select the appropriate cooking program or set the temperature and time manually.
5. Press the start button to begin cooking.
6. During cooking, you can use the integrated window and light to monitor the food without opening the basket.
7. Some recipes may require shaking or turning the food halfway through cooking. Carefully pull out the basket, shake or turn the food, and then reinsert the basket. The air fryer will resume cooking automatically.
8. Once the cooking time is complete, the air fryer will emit a sound signal and automatically shut off.
9. Carefully remove the cooked food from the basket using heat-resistant tongs.

Preset Programs

The Jocca Air Fryer comes with 8 pre-programmed settings for common dishes:

- Fries
- Chicken
- Steak
- Fish
- Shrimp
- Cake
- Pizza
- Vegetables

These presets offer optimized temperature and time settings, but can be adjusted manually if needed.

MAINTENANCE AND CLEANING

Regular cleaning ensures the longevity and optimal performance of your air fryer.

1. **Unplug and Cool Down:** Always unplug the air fryer from the power outlet and allow it to cool down completely before cleaning.
2. **Cleaning the Basket and Grill Plate:** The cooking basket and non-stick grill plate are dishwasher safe. Alternatively, they can be washed with hot water, dish soap, and a non-abrasive sponge. For stubborn residue, soak

them in warm soapy water for about 10 minutes before cleaning.

- 3. **Cleaning the Interior:** Wipe the interior of the appliance with a damp cloth. For stubborn food particles, use a soft brush. Do not use abrasive cleaners or scouring pads.
- 4. **Cleaning the Exterior:** Wipe the exterior of the air fryer with a soft, damp cloth. Do not use harsh chemicals or abrasive materials.
- 5. **Heating Element:** Clean the heating element with a cleaning brush to remove any food residue.
- 6. **Storage:** Ensure all parts are clean and dry before storing the air fryer in a cool, dry place.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Air fryer does not turn on.	Not plugged in; power outlet not working; appliance damaged.	Ensure the power cord is securely plugged into a working outlet. Check the circuit breaker. If damaged, contact customer support.
Food is not cooked evenly.	Basket overloaded; food not shaken/turned.	Do not overload the basket. Shake or turn food halfway through cooking.
White smoke coming from the appliance.	Grease residue from previous use; high-fat ingredients.	Clean the basket and grill plate thoroughly after each use. For high-fat foods, drain excess oil from the basket.
Appliance shuts off automatically during operation.	Overheat protection activated.	Unplug the appliance and let it cool down for at least 30 minutes before restarting. Ensure proper ventilation around the unit.
