VINEVIDA Scent No. 1000 Inspired by My Way Diffuser Oil Instruction Manual

INTRODUCTION

This manual provides essential information for the safe and effective use of VINEVIDA Scent No. 1000 Inspired by My Way Diffuser Oil. This fragrance oil is designed for use in cold air diffusers and room sprays to enhance your living space with a sophisticated aroma.

Scent No. 1000 features a captivating blend of Tuscan leather, sandalwood, and Oudh, complemented by iris undertones. It is crafted with precision and blended with fixatives to ensure a long-lasting aroma. The aromatic profile includes notes of leather, lemon, and sandalwood.

VINEVIDA Fragrance Oils are free of harmful chemicals, including Phthalates, Parabens, SLS, and SLES, ensuring a premium and safe experience.

SETUP

Before initial use, ensure your cold air diffuser is clean and dry. This fragrance oil is intended for waterless diffusers and should not be diluted with water or other substances.

1. Unscrew the cap from the VINEVIDA Scent No. 1000 Diffuser Oil bottle.
2. Carefully pour the desired amount of fragrance oil directly into the oil reservoir of your cold air diffuser. Refer to your diffuser's manual for specific capacity and filling instructions.
3. For general use, add 5-10 drops to your cold air diffuser. Adjust the quantity based on desired scent intensity and room size.
4. Securely close the diffuser's oil reservoir and replace the VINEVIDA bottle cap to prevent spills and maintain oil freshness.

OPERATING

Once the fragrance oil is loaded into your cold air diffuser, operate the diffuser according to its manufacturer's instructions. Most cold air diffusers offer adjustable settings for mist output and operating duration.

- **Scent Intensity:** Begin with a lower setting on your diffuser and gradually increase it until the desired scent intensity is achieved.

- **Run Time:** Utilize the timer functions on your diffuser to control how long the scent is dispersed. This helps conserve oil and maintain a consistent fragrance level.
- **Placement:** Place the diffuser in a central location within the room for optimal scent distribution. Avoid placing it near open windows or vents where the scent may dissipate quickly.

MAINTENANCE

Regular maintenance of your diffuser is crucial for optimal performance and longevity of the fragrance oil. Always refer to your diffuser's specific cleaning instructions.

- **Diffuser Cleaning:** Periodically clean your cold air diffuser's oil reservoir and nozzle to prevent buildup and ensure efficient scent dispersion. Use a soft cloth and a small amount of rubbing alcohol or a diffuser-specific cleaning solution.
- **Storage:** Store the VINEVIDA Scent No. 1000 Diffuser Oil in its original dark bottle, in a cool, dry place away from direct sunlight and heat. Ensure the cap is tightly sealed to preserve the fragrance.
- **Avoid Contamination:** Do not mix this fragrance oil with other oils or liquids unless specifically instructed by the diffuser manufacturer or VINEVIDA.

TROUBLESHOOTING

If you encounter issues with your VINEVIDA Scent No. 1000 Diffuser Oil or diffuser, consider the following common solutions:

- **Weak or No Scent:**

- Check if the diffuser's oil reservoir is empty or low.
- Ensure the diffuser is clean and free from blockages in the nozzle.
- Increase the diffuser's mist output setting.
- Confirm the diffuser is placed in an appropriate location, not in an overly large or airy space.

- **Unusual Odor:**

- Thoroughly clean your diffuser as per its manual to remove any residual scents or buildup.

- Ensure the oil has not been contaminated or stored improperly.
- **Diffuser Malfunction:** Refer to your cold air diffuser's instruction manual for troubleshooting specific device issues.
