SOUTH PARK: POST COVID - Viewing Guide

Your comprehensive guide to accessing and enjoying the special event.

INTRODUCTION

This guide provides instructions for accessing and viewing "SOUTH PARK: POST COVID" on Amazon Prime Video. "SOUTH PARK: POST COVID" is a special event that continues the story of the beloved South Park characters in a post-pandemic future.

ACCESSING THE CONTENT

To watch "SOUTH PARK: POST COVID", you will need an Amazon account and access to Amazon Prime Video. The content is available for purchase or rent.

Steps to Access:

- Open Amazon Prime Video:** Navigate to the [Amazon Prime Video website](#) or open the Prime Video app on your device.
- Search for the Title:** Use the search bar to find "SOUTH PARK: POST COVID".
- Select Purchase/Rent Option:** On the product page, select your preferred viewing option (e.g., "Buy HD \$9.99").
- Complete Transaction:** Follow the on-screen prompts to complete the purchase or rental using your Amazon payment method.
- Start Watching:** Once the transaction is complete, the title will be available in your video library for immediate viewing.

VIEWING REQUIREMENTS

For an optimal viewing experience, ensure your device and internet connection meet the following recommendations:

- Compatible Device:** Smart TV, streaming media player (e.g., Fire TV Stick, Roku), game console, computer, tablet, or smartphone with the Amazon Prime Video app installed.
- Internet Connection:** A stable broadband internet connection. For HD streaming, a minimum of 5 Mbps is recommended.
- Amazon Account:** An active Amazon account.

PLAYBACK CONTROLS

Standard playback controls are available during viewing:

- **Play/Pause:** Click or tap the play/pause icon.
- **Fast Forward/Rewind:** Use the progress bar or dedicated buttons to skip forward or backward.
- **Volume Control:** Adjust the volume using the on-screen slider or your device's volume buttons.
- **Subtitles/Closed Captions:** Select the "CC" or subtitle icon to enable or disable subtitles and choose language options.
- **Audio Tracks:** If multiple audio tracks are available, select the audio icon to switch between them.
- **Full Screen:** Toggle full-screen mode using the dedicated icon.

TROUBLESHOOTING COMMON ISSUES

If you encounter problems while watching, try the following solutions:

Video Buffering or Poor Quality:

- **Check Internet Connection:** Ensure your internet connection is stable and fast enough. Try restarting your router.
- **Close Other Applications:** Close any other applications or browser tabs that might be consuming bandwidth.
- **Reduce Video Quality:** If available, try lowering the video quality setting in the player.

No Sound or Distorted Audio:

- **Check Device Volume:** Ensure your device's volume is turned up and not muted.
- **Check Player Volume:** Verify the volume setting within the Prime Video player.
- **Restart App/Browser:** Close and reopen the Prime Video app or your web browser.

Video Not Playing:

- **Refresh Page/Restart App:** Try refreshing your browser page or restarting the Prime Video app.
- **Clear Cache/Cookies:** Clear your browser's cache and cookies, or clear the app data on your device.
- **Check for Updates:** Ensure your Prime Video app or web browser is up to date.
- **Verify Purchase:** Confirm that the purchase or rental was successful and the title is in your library.
