1. INTRODUCTION

Welcome to the user manual for your Motorola Moto G84 5G. This smartphone is designed to offer a balanced experience with solid performance and a vibrant display. It features a 6.5-inch P-OLED 120Hz display for smooth visuals and is powered by a Qualcomm Snapdragon 695 processor, paired with 8GB of RAM and 256GB of internal storage. The device also boasts a 50MP main camera and a long-lasting 5000 mAh battery, ensuring reliable performance throughout your day.

2. SETUP

2.1 Unboxing and Initial Inspection

Upon receiving your Motorola Moto G84 5G, carefully open the packaging. Ensure all components are present: the smartphone, a back cover, and a TurboPower charger. Inspect the device for any physical damage before proceeding with setup.

2.2 Inserting SIM Card(s)

The Moto G84 5G supports dual SIM functionality, which can be a combination of one physical SIM card and one eSIM, or two physical SIM cards depending on the specific international model. To insert a physical SIM card:

1. Locate the SIM tray on the side of the device.
2. Insert the SIM ejector tool (or a small paperclip) into the small hole next to the tray and press firmly until the tray pops out.
3. Carefully pull out the SIM tray.
4. Place your Nano-SIM card(s) into the designated slots on the tray, ensuring the gold contacts face downwards and the notched corner aligns correctly.
5. Gently push the tray back into the slot until it clicks into place.

2.3 Initial Power On and Setup Wizard

Press and hold the power button on the side of the device until the Motorola logo appears. Follow the on-screen instructions to complete the initial setup, including selecting your language, connecting to Wi-Fi, signing into your Google account, and setting up security features like fingerprint recognition.

3. OPERATING YOUR DEVICE

3.1 Display and Navigation

The Moto G84 5G features a 6.5-inch P-OLED display with a 120Hz refresh rate, providing vibrant colors and smooth scrolling. Navigate the interface using touch gestures: swipe up for the app drawer, swipe down for quick settings and notifications, and use the navigation bar or gestures for home, back, and recent apps.

3.2 Performance

Equipped with a Qualcomm Snapdragon 695 processor and 8GB of RAM, the Moto G84 5G handles daily tasks such as messaging, web browsing, and light gaming with ease. The 256GB of internal storage provides ample space for applications, photos, and videos.

4. CAMERA SYSTEM

The Motorola Moto G84 5G features a versatile camera system designed to capture your moments. The rear setup includes a 50-megapixel main sensor with Optical Image Stabilization (OIS) for sharp and stable photos, complemented by an 8-megapixel ultra-wide lens for broader perspectives. Photos taken in good lighting conditions are sharp and detailed. While low-light performance may vary, the camera system is generally well-suited for most casual photography needs.

5. BATTERY LIFE

The device is powered by a 5000 mAh Li-Po battery, offering excellent endurance. Under typical usage, the battery can easily last a full day, and with lighter usage, it may extend to two days. This robust battery performance minimizes the need for frequent charging, providing greater convenience for users on the go.

6. SPECIFICATIONS

Feature	Detail
Brand	Motorola
Model Number	XT2347-1
Product Dimensions	6 x 4 x 2 inches
Item Weight	13.4 ounces
Display Size	6.5 Inches P-OLED
Resolution	2400 x 1080
RAM	8 GB

Ultra-Wide Camera	8MP
Battery	5000 mAh Lithium Ion
Wireless Technologies	Cellular, Wireless
Human Interface Input	Touchscreen
Biometric Security	Fingerprint Recognition
SIM Card Size	Nano
Water Resistance Level	Water Resistant

7. MAINTENANCE

7.1 Cleaning Your Device

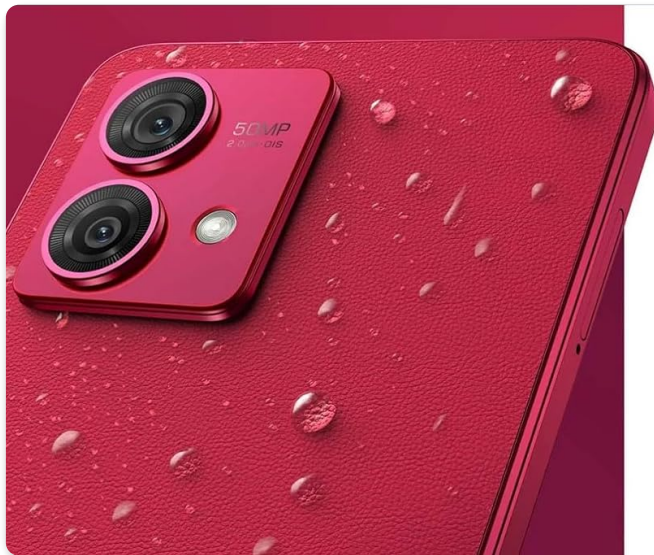

To clean your Moto G84 5G, use a soft, lint-free cloth. For stubborn smudges, slightly dampen the cloth with water or a screen cleaner designed for electronics. Avoid using harsh chemicals or abrasive materials, as these can damage the screen and finish. Ensure all ports are dry before charging.

7.2 Software Updates

Regularly check for and install software updates to ensure your device has the latest features, security patches, and performance improvements. You can typically find this option in your phone's Settings menu under "System updates" or "Software update."

7.3 Water Resistance

The Motorola Moto G84 5G features a water-resistant design, offering protection against spills and splashes. This is not to be confused with being waterproof. Avoid submerging the device in water or exposing it to pressurized water, as this can compromise its water resistance over time.

Worry proof

Stay safe from spills or splashes as the water-repellent* design keeps your phone protected.

8. TROUBLESHOOTING

8.1 Common Issues and Solutions

- **Device not turning on:** Ensure the battery is charged. Connect the phone to the charger and wait a few minutes before attempting to power it on again.
- **Apps crashing or freezing:** Close the problematic app and reopen it. If the issue persists, clear the app's cache and data in Settings > Apps. As a last resort, uninstall and reinstall the app.
- **Poor battery life:** Reduce screen brightness, disable unnecessary background apps, turn off Wi-Fi/Bluetooth when not in use, and limit location services.
- **Network connectivity issues:** Toggle Airplane Mode on and off. Restart your device. Check with your carrier for any service outages in your area.
- **Speaker not working:** Ensure the volume is turned up and the device is not in silent mode. Check if headphones are connected. If the issue persists, restart the phone.

For more complex issues, consider performing a factory reset (back up your data first) or contacting Motorola customer support.

9. WARRANTY AND SUPPORT

Your Motorola Moto G84 5G comes with a manufacturer's warranty. Please refer to the warranty card included in your product packaging or visit the official Motorola website for detailed information regarding warranty terms, conditions, and coverage. For technical support, service, or to find authorized service centers, please visit the official Motorola support page or contact their customer service hotline.
