› IRIS USA Carpet Spot Cleaner Machine 110V with Auto Spray (Model RNS-P10) User Manual

IRIS USA RNS-P10

IRIS USA Carpet Spot Cleaner Machine

MODEL: RNS-P10

Introduction

Thank you for choosing the IRIS USA Carpet Spot Cleaner Machine. This portable and efficient device is designed for targeted cleaning of low-pile carpets, upholstery, car interiors, and more. Featuring an automatic water sprayer and powerful suction, it effectively removes stains using just water, or with diluted eco-friendly solutions. Please read this manual thoroughly before use to ensure safe and optimal performance.

Key Features:

- **Improved Design:** Enhanced suction power and a larger 1000mL water tank for easier cleaning.
- **Chemical-Free Cleaning:** Washes fabric using only water and the built-in brush, safe for various surfaces.
- **Automatic Water Sprayer:** Provides even water coverage without manual pumping, saving time and water.
- **Easy to Clean:** Removable wastewater and clean water tanks for quick emptying and rinsing.
- **Compact and Portable:** Lightweight design for easy transport and storage.

Safety Instructions

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, or injury.

- Read all instructions before using the appliance.
- Do not immerse the appliance in water or other liquids.
- Do not use with a damaged cord or plug. If the appliance is not working as it should, has been dropped, damaged, left outdoors, or dropped into water, return it to a service center.
- Do not pull or carry by cord, use cord as a handle, close a door on cord, or pull cord around sharp edges or corners. Keep cord away from heated surfaces.
- Unplug from outlet when not in use and before cleaning or servicing.
- Do not allow to be used as a toy. Close attention is necessary when used by or near children.
- Use only as described in this manual. Use only manufacturer's recommended attachments.
- Do not handle plug or appliance with wet hands.
- Do not put any object into openings. Do not use with any opening blocked; keep free of dust, lint, hair, and anything that may reduce air flow.
- Keep hair, loose clothing, fingers, and all parts of body away from openings and moving parts.
- Turn off all controls before unplugging.

- Use extra care when cleaning on stairs.
- Do not use to pick up flammable or combustible liquids, such as gasoline, or use in areas where they may be present.
- Do not pick up anything that is burning or smoking, such as cigarettes, matches, or hot ashes.
- Do not use without tanks in place.

Package Contents

The IRIS USA Carpet Spot Cleaner Machine (RNS-P10) includes the following components:

- Spot Cleaner Unit
- Brush Tool
- Crevice Tool
- Hose (integrated)
- Clean Water Tank (1000mL capacity)
- Wastewater Collection Tank

Figure 1: Components of the IRIS USA Spot Cleaner.

Setup

1. **Attach Hose Hook:** Secure the hose hook to the designated slot on the base of the unit.
2. **Wrap Hose:** Wrap the flexible hose around the base of the unit for compact storage.
3. **Attach Cleaning Tool:** Select either the brush tool or the crevice tool and firmly attach it to the end of the hose handle. Ensure it clicks into place.
4. **Fill Clean Water Tank:**
 - Remove the clean water tank by pressing the latch and lifting it from the unit.
 - Unscrew the cap at the bottom of the tank.
 - Fill the tank with clean water up to the 'Full water' line. For enhanced cleaning, you may add diluted vinegar or baking soda solution (refer to 'Recommended Cleaning Agents' section).
 - Securely screw the cap back on.

- Reinsert the clean water tank into its slot on the unit until it locks into place.

5. **Position Wastewater Tank:** Ensure the wastewater collection tank is correctly seated in its compartment.

Operating Instructions

1. **Pre-treat (Optional):** For tough stains, you may pre-treat the area with a suitable cleaning solution before using the spot cleaner.
2. **Plug In:** Plug the power cord into a standard 110V electrical outlet.
3. **Power On:** Press the power button to turn on the unit.
4. **Spray:** Hold the cleaning tool over the stained area. Press the trigger on the handle to spray water or cleaning solution onto the stain.
5. **Scrub:** Use the brush tool (if attached) to gently scrub the stained area, working the solution into the fibers.

6. **Vacuum:** Release the spray trigger and press the cleaning tool firmly against the surface. Slowly pull the tool across the stained area to vacuum up the dirty water. Repeat as necessary until the stain is removed and the water being extracted is clear.
7. **Dry:** Allow the cleaned area to air dry completely.

Recommended Cleaning Agents

The IRIS USA Spot Cleaner is designed for chemical-free cleaning using just water. However, for tougher stains or specific cleaning needs, certain eco-friendly solutions can be used. Always check solution packaging for specific instructions and precautions. Recommended water temperature: 104°F/40°C.

Maintenance

Regular maintenance ensures the longevity and optimal performance of your spot cleaner.

1. **Empty and Clean Wastewater Tank:** After each use, remove the wastewater tank by pressing the latch and lifting it. Empty the dirty water and rinse the tank thoroughly with clean water.
2. **Rinse Clean Water Tank:** If using cleaning solutions, rinse the clean water tank after each use to prevent residue buildup.
3. **Clean Nozzles/Tools:** Detach the brush or crevice tool from the hose handle. Rinse them under running water to remove any debris or residue.
4. **Wipe Down Unit:** Use a damp cloth to wipe down the exterior of the main unit. Do not use harsh chemicals.
5. **Store Properly:** Ensure all components are dry before reassembling and storing the unit. Wrap the hose and power cord neatly around the base.

Troubleshooting

If you encounter issues with your IRIS USA Spot Cleaner, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No suction	Hose or nozzle clogged; wastewater tank full; improper tool attachment.	Check and clear any blockages in the hose or nozzle. Empty the wastewater tank. Ensure the cleaning tool is securely attached.
No spray	Clean water tank empty; spray nozzle clogged; pump issue.	Refill the clean water tank. Check and clear any blockages in the spray nozzle. If the issue persists, contact customer support.
Unit not turning on	Not plugged in; power outlet issue; unit malfunction.	Ensure the power cord is securely plugged into a working outlet. Test the outlet with another appliance. If still not working, contact customer support.
Poor cleaning results	Insufficient scrubbing; incorrect cleaning agent; old stain.	Apply more pressure and scrub thoroughly. Use recommended cleaning agents for specific stain types. Multiple passes may be required for older or tougher stains.

If the problem persists after attempting these solutions, please contact IRIS USA customer support for further assistance.
