ACCESSING AND WATCHING TRACKER

To watch "Tracker", you need an active Amazon Prime Video subscription or to purchase the season/episodes. Follow

these steps:

1. **Open Prime Video:** Launch the Prime Video application on your smart TV, streaming device, mobile device, or visit the Prime Video website in your web browser.
2. **Sign In:** Ensure you are signed in with your Amazon account that has the Prime Video subscription or purchase.
3. **Search for "Tracker":** Use the search bar (usually represented by a magnifying glass icon) and type "Tracker". Select the correct series from the search results.
4. **Select Episode/Season:** On the series page, you can choose to watch from the beginning, select a specific episode, or choose a different season if available.
5. **Start Playback:** Click the "Play" button to begin watching.

PLAYBACK CONTROLS AND FEATURES

While watching, you can use various controls and features:

- **Pause/Play:** Click the play/pause icon or press the spacebar (on PC) to pause or resume playback.
- **Fast Forward/Rewind:** Use the progress bar to jump to a specific point, or use the skip forward/backward buttons (usually 10-second increments).
- **Volume Control:** Adjust the volume using the speaker icon.
- **Subtitles/Closed Captions (CC):** Click the CC icon to enable or disable subtitles and select your preferred language. "Tracker" supports subtitles.
- **Audio Language:** If multiple audio tracks are available, select your preferred language from the audio icon.
- **Full Screen:** Toggle full-screen mode using the full-screen icon.

TROUBLESHOOTING PLAYBACK ISSUES

If you encounter issues while watching "Tracker", try the following common solutions:

Issue	Solution
Video buffering or poor quality	Check your internet connection speed. Try restarting your router. Close other applications using bandwidth.
Video not playing	Ensure your Prime Video app/browser is up to date. Clear browser cache/cookies. Restart your device.
No sound	Check your device's volume and the Prime Video player's volume. Ensure your audio output is correctly configured.
Subtitles not appearing	Verify that subtitles are enabled via the CC icon in the player controls.

SYSTEM REQUIREMENTS

To stream "Tracker" on Prime Video, you generally need:

- A compatible device (Smart TV, streaming stick, game console, computer, tablet, smartphone).
- A stable internet connection (broadband recommended for HD/UHD).
- The latest version of the Prime Video app or a modern web browser.
