# Ideal Lux Cotton Suspension Globe 40 cm Instruction Manual

Model: 327884

## 1. INTRODUCTION

Thank you for choosing the Ideal Lux Cotton Suspension Globe 40 cm light fixture. This manual provides essential information for the safe installation, operation, and maintenance of your new lighting product. Please read these instructions thoroughly before beginning installation and retain them for future reference.

## 2. SAFETY INFORMATION

**WARNING:** Electrical installation should only be performed by a qualified electrician. Always disconnect power at the main circuit breaker before installation, maintenance, or bulb replacement.

- Ensure the supply voltage is compatible with the fixture's requirements.
- Do not exceed the maximum wattage specified for the bulb.
- Handle the fixture with care to avoid damage.
- Keep packaging materials out of reach of children.
- This product is designed for indoor use only.

## 3. PACKAGE CONTENTS

Please check that all components are present and undamaged before proceeding with installation:

- 1x Ideal Lux Cotton Suspension Globe 40 cm fixture
- 1x Ceiling rose/canopy
- Mounting hardware (screws, wall plugs)
- Instruction manual
- *Note: Light bulb is not included.*

## 4. SETUP AND INSTALLATION

Installation should be carried out by a qualified professional. The following steps are for general guidance:

1. **Prepare for Installation:** Ensure the power supply to the installation area is switched off at the main circuit

breaker.

2. **Mount the Ceiling Rose:** Secure the ceiling rose (canopy) to the ceiling junction box using the provided mounting hardware. Ensure it is firmly attached to a structural element.
3. **Connect Wiring:** Connect the fixture's wires to the household electrical wires according to local electrical codes. Typically, this involves connecting live (L), neutral (N), and earth (E) wires. Ensure all connections are secure.
4. **Adjust Suspension Length:** Adjust the length of the suspension cable to your desired height. Secure any excess cable within the ceiling rose or as per local regulations.
5. **Attach the Globe Shade:** Carefully attach the cotton globe shade to the fixture's lamp holder assembly. Follow any specific instructions provided with the shade for secure attachment.
6. **Install Light Bulb:** Screw in a compatible light bulb (E27 base, max 42W) into the lamp holder. Do not overtighten.
7. **Final Check:** Ensure all connections are secure and the fixture is properly assembled. Restore power at the main circuit breaker.

## 5. OPERATING INSTRUCTIONS

---

Once installed, the Ideal Lux Cotton Suspension Globe 40 cm operates via a standard wall switch connected to its electrical circuit. Simply toggle the wall switch to turn the light fixture on or off.

- **Bulb Type:** This fixture requires one E27 base bulb.
- **Maximum Wattage:** Do not exceed 42 Watts for the installed bulb. Using a bulb with higher wattage can cause overheating and damage to the fixture or pose a fire hazard.

## 6. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your light fixture.

- **Cleaning:** Disconnect power before cleaning. Use a soft, dry cloth to gently wipe the cotton globe shade and metal components. Avoid using abrasive cleaners, solvents, or liquids directly on the fixture.
- **Bulb Replacement:** Ensure the power is off and the bulb has cooled completely before attempting to replace it. Unscrew the old bulb and screw in a new E27 bulb, ensuring it does not exceed 42 Watts.
- **Inspection:** Periodically inspect the wiring and connections for any signs of wear or damage. If any issues are found, consult a qualified electrician.

## 7. TROUBLESHOOTING

If you encounter issues with your light fixture, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Light does not turn on.	<ul style="list-style-type: none"><li>• No power to the circuit.</li><li>• Faulty bulb.</li><li>• Loose wiring connection.</li></ul>	<ul style="list-style-type: none"><li>• Check circuit breaker.</li><li>• Replace bulb.</li><li>• Consult a qualified electrician to check wiring.</li></ul>
Light flickers.	<ul style="list-style-type: none"><li>• Loose bulb.</li><li>• Incompatible dimmer switch (if applicable).</li><li>• Loose wiring connection.</li></ul>	<ul style="list-style-type: none"><li>• Tighten bulb.</li><li>• Ensure dimmer is compatible with bulb type.</li><li>• Consult a qualified electrician to check wiring.</li></ul>

If the problem persists after attempting these solutions, please contact a qualified electrician or Ideal Lux customer support.

## 8. SPECIFICATIONS

- **Brand:** Ideal Lux
- **Model:** 327884
- **Type:** Suspension Light
- **Number of Bulbs:** 1
- **Bulb Base:** E27
- **Max Wattage:** 42 Watts
- **Batteries Required:** No
- **Batteries Included:** No
- **Dimensions:** 40 cm Globe Diameter (approximate)
- **Manufacturer:** Ideal Lux
