SETUP

1. Inserting the SIM Card

1. Locate the SIM card tray on the side of your device.
2. Insert the SIM tray ejector tool into the small hole next to the tray and press firmly until the tray pops out.
3. Place your Nano-SIM card(s) into the tray with the gold contacts facing down.
4. Carefully reinsert the tray into the phone.

2. Powering On/Off

- **To Power On:** Press and hold the Power button until the OPPO logo appears.
- **To Power Off:** Press and hold the Power button, then select "Power Off" from the options on the screen.
- **To Restart:** Press and hold the Power button, then select "Restart" from the options.

3. Initial Configuration

Follow the on-screen prompts to complete the initial setup, which includes selecting your language, connecting to Wi-Fi, setting up your Google account, and configuring security features like fingerprint or facial recognition.

OPERATING YOUR DEVICE

Basic Navigation

- **Home Screen:** Swipe left or right to access different home screens.
- **Notifications:** Swipe down from the top of the screen to view notifications and quick settings.
- **App Drawer:** Swipe up from the bottom of the screen to access all installed applications.

Camera Features

The OPPO Reno10 Pro 5G is equipped with advanced camera capabilities, including a Sony IMX709 flagship sensor, designed for high-quality photography.

- **Pro Power Portrait Mode:** Enhances portrait shots with professional-grade effects.
- **Telephoto Portrait Mode:** Utilizes the telephoto lens for detailed portraits with optical zoom.
- **Portrait Expert Engine:** Optimizes facial features and background blur for natural-looking portraits.
- **Pro Mode:** Offers manual controls for ISO, shutter speed, white balance, and more.

Connectivity

Your device supports various connectivity options:

- **Wi-Fi:** Connect to wireless networks for internet access.
- **Bluetooth:** Pair with wireless headphones, speakers, and other devices.
- **NFC:** For contactless payments and quick pairing with compatible devices.
- **USB:** For charging and data transfer.
- **Cellular:** 5G network support for high-speed mobile data.

Special Features

- **IR Remote Control:** Use your phone to control compatible home appliances.
- **Smart AOD (Always-On Display):** Provides real-time information and notifications without fully waking the screen.
- **Auto Pixelate:** Automatically pixelates sensitive information in screenshots for privacy.

MAINTENANCE

Battery Management

The device is powered by a 4600 mAh battery with a battery health engine feature. To maximize battery life:

- Avoid extreme temperatures.
- Use the provided adapter and USB cable for charging.
- Enable power-saving modes when battery is low.
- Close unused applications running in the background.

The phone offers fast charging support.

Cleaning Your Device

Use a soft, lint-free cloth to clean the screen and body of your phone. Avoid using harsh chemicals or abrasive materials.

TROUBLESHOOTING

If you encounter issues with your OPPO Reno10 Pro 5G, try the following basic troubleshooting steps:

- **Device Unresponsive:** Press and hold the Power button for about 10 seconds to force a restart.
- **App Crashing:** Close the app and reopen it. If the issue persists, clear the app's cache or reinstall it.
- **Connectivity Issues:** Toggle Wi-Fi or Bluetooth off and on. Restart your phone or network router.
- **Battery Draining Quickly:** Check background app usage, reduce screen brightness, or disable unnecessary features.
- **Software Updates:** Ensure your device's software is up to date by checking in Settings > About Phone > Software Update.

For more complex issues, refer to the official OPPO support website or contact customer service.
