2. SAFETY INFORMATION

Please read and follow these safety guidelines to prevent damage to your computer and ensure personal safety:

- **Power Supply:** Use only the power cable provided with the system. Ensure the power outlet is properly grounded.

- **Ventilation:** Do not block ventilation openings. Ensure adequate airflow around the computer to prevent overheating.
- **Liquid and Moisture:** Keep the computer away from liquids and excessive moisture. Do not operate the computer with wet hands.
- **Static Electricity:** Discharge static electricity from your body before touching internal components by touching a grounded metal object.
- **Servicing:** Do not attempt to service the computer yourself. Refer all servicing to qualified service personnel.
- **Placement:** Place the computer on a stable, flat surface. Avoid placing it near heat sources or in direct sunlight.

3. SETUP GUIDE

3.1. Package Contents

Verify that all items are present in the package:

- XTREME PC GAMING Desktop PC (XST-100 Pink)
- Power Cable
- Wi-Fi Adapter (USB)
- Documentation (Quick Start Guide, Warranty Information)

3.2. Connecting Peripherals

Follow these steps to connect your monitor, keyboard, mouse, and other devices:

1. **Monitor:** Connect your monitor to the graphics output ports on the rear of the PC (HDMI or DVI).
2. **Keyboard and Mouse:** Connect your USB keyboard and mouse to any available USB ports on the rear or front panel.
3. **Wi-Fi Adapter:** Insert the provided USB Wi-Fi adapter into an available USB port.
4. **Audio:** Connect speakers or headphones to the audio output jack on the rear or front panel.
5. **Power:** Connect the power cable to the power supply unit (PSU) at the rear of the PC, then plug the other end into a grounded electrical outlet.

Figure 2: Rear panel connections for peripherals and power.

Figure 3: Front panel ports and buttons.

3.3. Powering On

After connecting all peripherals, press the power button located on the top front panel of the PC to turn it on. The system will boot into the pre-installed Windows 10 evaluation version.

3.4. Initial Windows Setup

Follow the on-screen instructions to complete the initial setup of Windows 10. This includes setting up user accounts, network connections, and privacy settings. Please note that the installed Windows 10 is an evaluation version for component testing and may require activation or a full license for extended use.

4. OPERATING INSTRUCTIONS

4.1. Basic Usage

Your XTREME PC GAMING Desktop PC is ready for use after the initial setup. You can perform various tasks such as web

browsing, document editing, multimedia consumption, and gaming. The AMD Ryzen 3 3200G processor with Radeon Vega graphics provides a responsive experience for everyday computing and casual gaming.

4.2. Wi-Fi Connectivity

To connect to a wireless network:

1. Ensure the USB Wi-Fi adapter is securely plugged into a USB port.
2. In Windows, click the Wi-Fi icon in the system tray (usually bottom-right corner).
3. Select your desired network from the list and click "Connect".
4. Enter the network security key (password) if prompted.

5. MAINTENANCE

5.1. Cleaning

- **Exterior:** Use a soft, damp cloth to clean the exterior surfaces. Avoid harsh chemicals.
- **Dust:** Periodically use compressed air to clear dust from ventilation openings and internal components (ensure the PC is powered off and unplugged).

5.2. Software Updates

Regularly update your operating system and drivers to ensure optimal performance and security. You can check for Windows updates via the Settings menu.

6. TROUBLESHOOTING

If you encounter issues, refer to the following common troubleshooting steps:

- **No Power:** Ensure the power cable is securely connected to both the PC and the wall outlet. Check if the power switch on the PSU (at the rear) is in the 'ON' position.
- **No Display:** Verify that the monitor is properly connected to the PC's graphics output and is powered on. Try a different video cable or monitor if available.
- **No Internet Connection:** Check if the Wi-Fi adapter is installed correctly. Ensure your Wi-Fi network is active and you have entered the correct password.
- **System Slowdown:** Close unnecessary applications. Check for background processes that might be consuming resources. Ensure sufficient free space on the SSD.
- **Peripheral Not Working:** Try connecting the peripheral to a different USB port. Ensure drivers are installed if required.

7. SPECIFICATIONS

Feature	Detail
Brand	XTREME PC GAMING
Model Series	XTBRR3PRO8GBVEGA8
Color	XST-100 Pink
Processor	AMD Ryzen 3 3200G (4 Cores, 4 Threads, 3.6 GHz Base, 4.0 GHz Turbo)
Processor Socket	Socket AM4

Feature	Detail
Graphics Coprocessor	Radeon Vega Graphics (8 Cores, 1100 MHz Frequency)
Graphics Type	Integrated
Graphics RAM Size	2 GB (Shared)
RAM Memory	16GB DDR4 (2933 MHz)

8. WARRANTY & SUPPORT

8.1. Warranty Information

This product comes with a **12-month warranty directly with the provider**. The warranty will be voided if there is physical damage, electrical discharge damage, or if the original packaging of the components is not retained. The warranty does not cover software-related issues, including the pre-installed Windows 10 evaluation version.

8.2. Technical Support

For technical assistance or warranty claims, please contact XTREME PC GAMING customer support through the retailer where the product was purchased. Please have your product model number (XST-100 Pink) and proof of purchase ready.
