

Igloo IGLICEB33AQ

Igloo Electric Countertop Ice Maker Machine - User Manual

Model: IGLICEB33AQ

INTRODUCTION

This manual provides essential information for the safe and efficient operation of your Igloo Electric Countertop Ice Maker Machine. This compact and portable appliance is designed to produce ice quickly, keeping your beverages chilled. It features a viewing window, a 2-pound ice basket, and an LED-lighted control panel for selecting ice cube sizes and indicating water levels or a full ice basket.

Figure 1: Front view of the Igloo Electric Countertop Ice Maker Machine in Aqua color.

PRODUCT FEATURES

- **Compact Design:** Convenient and compact size, suitable for various countertop spaces.
- **High Ice Production:** Capable of producing up to 33 pounds of ice within a 24-hour period when the 2.5-quart water tank is kept filled.
- **Ice Basket Capacity:** Features a 2-pound capacity ice basket for storing produced ice.
- **Rapid Ice Production:** Produces 9 cylinder-shaped ice cubes (small or large) in as little as 7 minutes.
- **Intuitive Control Panel:** An electronic control panel with LED lights indicates when to add water, when the ice basket is full, and allows selection of ice cube size.

Low Noise Operation

AND INTUITIVE CONTROL PANEL

Know when to add water, when the ice basket is full, and easily choose your ice cube size.

Figure 2: Detailed view of the LED-lighted control panel, showing indicators for "ADD WATER", "ICE FULL", "POWER", and ice size selection (S/L).

WHAT'S IN THE BOX

- Igloo Electric Countertop Ice Maker Machine
- Removable Ice Basket
- Ice Scoop
- User Manual (this document)

SETUP

1. **Unpack:** Carefully remove the ice maker and all accessories from the packaging. Ensure all packing materials are removed from inside the unit.
2. **Placement:** Place the ice maker on a stable, level surface away from direct sunlight and heat sources. Ensure adequate ventilation around the unit.

3. **Clean:** Before first use, clean the interior of the ice maker, including the water reservoir and ice basket, with a soft cloth and mild detergent. Rinse thoroughly and dry.
4. **Add Water:** Open the top lid and fill the water reservoir with clean, potable water up to the "MAX" fill line. Do not overfill.

Figure 3: Illustrates the process of adding water to the ice maker's reservoir.

5. **Connect Power:** Plug the power cord into a grounded electrical outlet.

OPERATING INSTRUCTIONS

1. **Power On:** Press the **ON/OFF** button on the control panel to turn on the ice maker. The "POWER" indicator light will illuminate.
2. **Select Ice Size:** Press the **SELECT** button to choose between small (S) or large (L) ice cube sizes. The corresponding indicator light will illuminate.

Figure 4: Demonstrates the two available ice cube sizes: small bullet ice and large bullet ice.

3. **Ice Production:** The ice maker will begin the ice-making cycle. The first batch of ice typically takes 7-15 minutes, depending on the selected size and ambient temperature.

Figure 5: View of the ice maker's interior, highlighting the quick yield of 9 ice cubes in 7 minutes and a 33lb yield in 24 hours.

4. **Ice Full Indicator:** When the ice basket is full, the "ICE FULL" indicator light will illuminate, and the ice production will pause automatically. Remove ice to resume production.
5. **Add Water Indicator:** If the water level in the reservoir is too low, the "ADD WATER" indicator light will illuminate. Add more water to continue ice production.
6. **Power Off:** To stop ice production, press the **ON/OFF** button.

MAINTENANCE

Cleaning

- **Daily Cleaning:** After each use, drain any remaining water from the reservoir. Wipe the interior with a soft, damp cloth.
- **Weekly Cleaning:** For thorough cleaning, prepare a solution of water and vinegar (10:1 ratio). Pour into the reservoir and run a few ice-making cycles (discard the ice). Drain and rinse thoroughly with clean water.
- **Exterior Cleaning:** Wipe the exterior with a soft, damp cloth. Do not use abrasive cleaners or solvents.

Storage

If the ice maker will not be used for an extended period, drain all water, clean the unit, and allow it to dry completely before storing in a cool, dry place.

TROUBLESHOOTING

Problem	Possible Cause	Solution
"ADD WATER" indicator is lit.	Water reservoir is empty or low.	Fill the water reservoir with clean, potable water up to the MAX line.
"ICE FULL" indicator is lit.	Ice basket is full.	Remove ice from the basket. Ice production will resume automatically.
Ice maker is not producing ice.	No power, insufficient water, or high ambient temperature.	Check power connection. Add water. Ensure unit is in a cool environment.
Ice cubes are too small or cloudy.	Water temperature is too high or mineral buildup.	Use colder water. Perform a thorough cleaning cycle.

SPECIFICATIONS

Feature	Detail
Model Number	IGLICEB33AQ
Brand	Igloo
Product Dimensions (D x W x H)	14.17" x 9.65" x 11.61"
Weight	18.7 Pounds
Ice Production Capacity	33 Pounds per 24 Hours
Water Tank Capacity	2.5 Quarts
Ice Basket Capacity	2 Pounds
Voltage	115 Volts

High 2.5qt Capacity

KEEP DRINKS COLD ALL DAY
