Fruyyzl 4-Step RV Steps with Handrail Instruction Manual

Brand: Fruyyzl | Model: Fruyyzl2151015

INTRODUCTION

Thank you for choosing the Fruyyzl 4-Step RV Steps with Handrail. This product is engineered to provide a stable, durable, and safe access solution for your RV, travel trailer, hot tub, porch, or other elevated areas. Featuring a robust alloy steel frame with a triangular structure and anti-slip pedals, these steps are designed for reliability and ease of use. Please read this manual thoroughly before assembly and operation to ensure proper installation and safe usage.

SETUP AND ASSEMBLY

The Fruyyzl RV steps are designed for straightforward assembly. All necessary wrenches and screws are included in the package. It is recommended to lay out all parts and verify against the package list before beginning assembly.

Package Contents

Figure 2: Package List - Verify all components are present before assembly.

Assembly Steps

1. **Unpack and Identify Parts:** Carefully unpack all components and compare them with the provided package list diagram (Figure 2). Ensure all parts, including the frame sections, steps, handrail components, screws, and nuts, are accounted for.
2. **Assemble the Main Frame:** Follow the numerical sequence in the installation diagrams (Figure 3 and Figure 4) to connect the main frame sections. The triangular support structures should be securely fastened to enhance stability.
3. **Attach the Steps:** Securely fasten the anti-slip step panels to the frame using the provided hardware. Ensure each step is level and firmly attached.
4. **Install the Handrail:** The handrail can be installed on either side of the steps, as mounting holes are provided on both sides. Ensure the handrail components are correctly oriented before tightening. Refer to Figure 5 for correct handrail assembly.
5. **Final Tightening:** Once all parts are assembled, go back and tighten all screws and nuts to ensure maximum stability. Do not overtighten.

EASY TO INSTALL

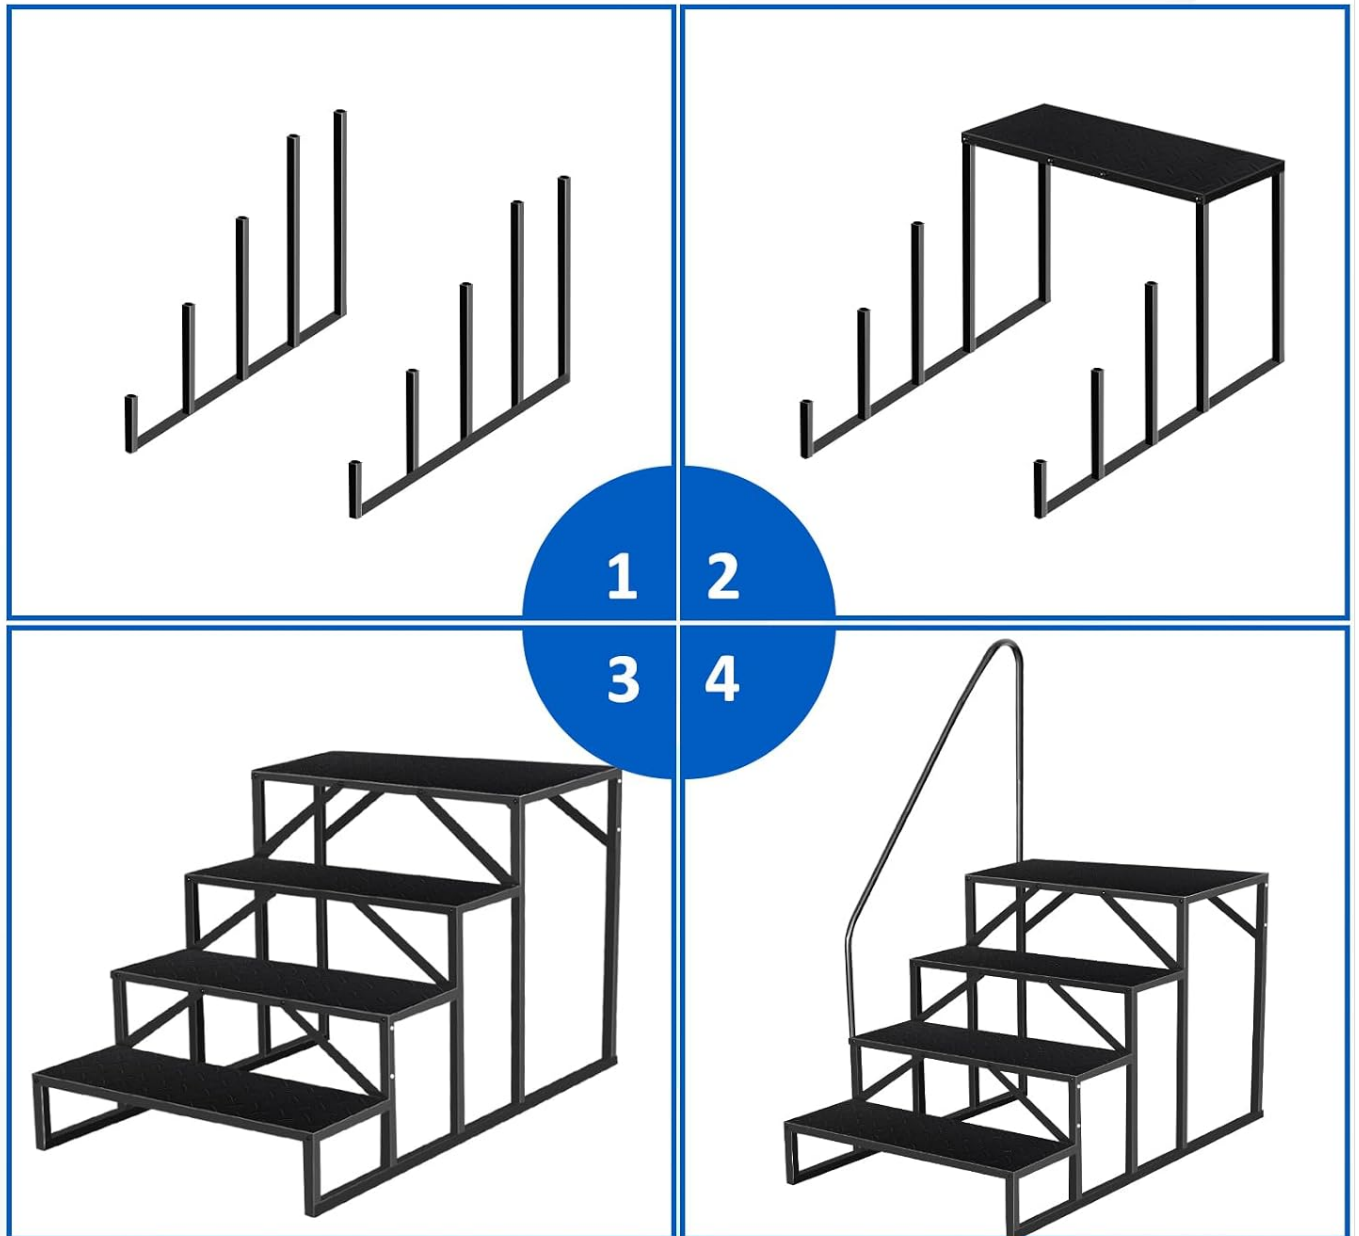

Figure 4: Easy to Install Visual Guide.

Installaion Step

1. Put 4 parts on correct direction
2. Connect 4 parts

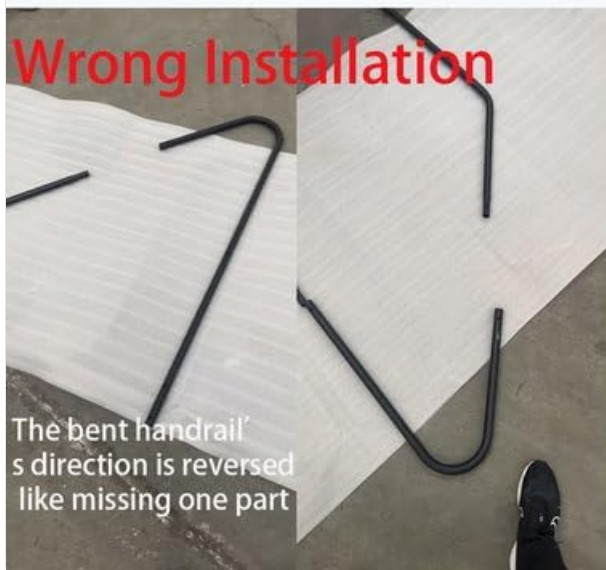

Figure 5: Handrail Installation Correction Guide.

Important Note:

- Some users have reported that the provided instructions may not fully match all parts or that some parts may be missing. Please carefully review all components and the diagrams. If you encounter discrepancies or missing parts, contact Fruyyzl customer support immediately.
- Pay close attention to the handrail assembly. Ensure the bent sections are oriented correctly to avoid issues, as shown in Figure 5.

OPERATING INSTRUCTIONS

The Fruyyzl RV Steps are designed for safe and stable access to elevated areas. Follow these guidelines for optimal performance and safety:

- **Placement:** Position the steps on a flat, stable surface. Ensure all four feet are in full contact with the ground to prevent wobbling.
- **Weight Capacity:** The steps have a maximum load capacity of 660 lbs. Do not exceed this weight limit to ensure structural integrity and user safety.
- **Handrail Use:** Always use the handrail for added stability when ascending or descending the steps. The anti-slip pedals provide secure footing even in wet conditions.

- **Versatile Applications:** These steps are suitable for a wide range of uses, including entry and exit from RVs, travel trailers, hot tubs, and porches. They can also be used for tasks requiring extra height, such as cleaning or reaching high items.

Figure 6: Examples of RV Steps in various usage scenarios.

MAINTENANCE

Regular maintenance will prolong the life and ensure the safety of your Fruyzy RV Steps.

- **Cleaning:** The black polished surface is easy to clean. Use a damp cloth and mild detergent to wipe down the steps and handrail. Avoid abrasive cleaners that could damage the finish.
- **Inspection:** Periodically inspect all bolts, nuts, and connections to ensure they remain tight. Re-tighten any loose fasteners. Check the anti-slip pedals for any signs of wear or damage.
- **Storage:** When not in use for extended periods, store the steps in a dry, protected area to prevent rust or damage from extreme weather conditions.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Steps feel unstable or wobbly.	Loose fasteners; uneven ground.	Ensure all bolts and nuts are securely tightened. Move steps to a flat, level surface.
Missing parts (screws, bolts, etc.) upon arrival.	Packaging error or transit damage.	Immediately contact Fruyyzl customer support with your purchase details for replacement parts.
Handrail does not fit correctly during assembly.	Incorrect orientation of handrail parts.	Refer to Figure 5 in the Setup section for correct handrail assembly. Ensure bent sections are properly aligned. If still an issue, contact support.
Actual dimensions differ from product description.	Manufacturing variance or measurement discrepancy.	Verify measurements carefully. If the discrepancy significantly impacts usability, contact Fruyyzl customer support.

SPECIFICATIONS

UPGRADED PRODUCT DIMENSION

- Max load: 660lbs
- Total height from the ground: 61"
- Step height: 26"
- Step width: 43.3"
- Step length: 27.2"

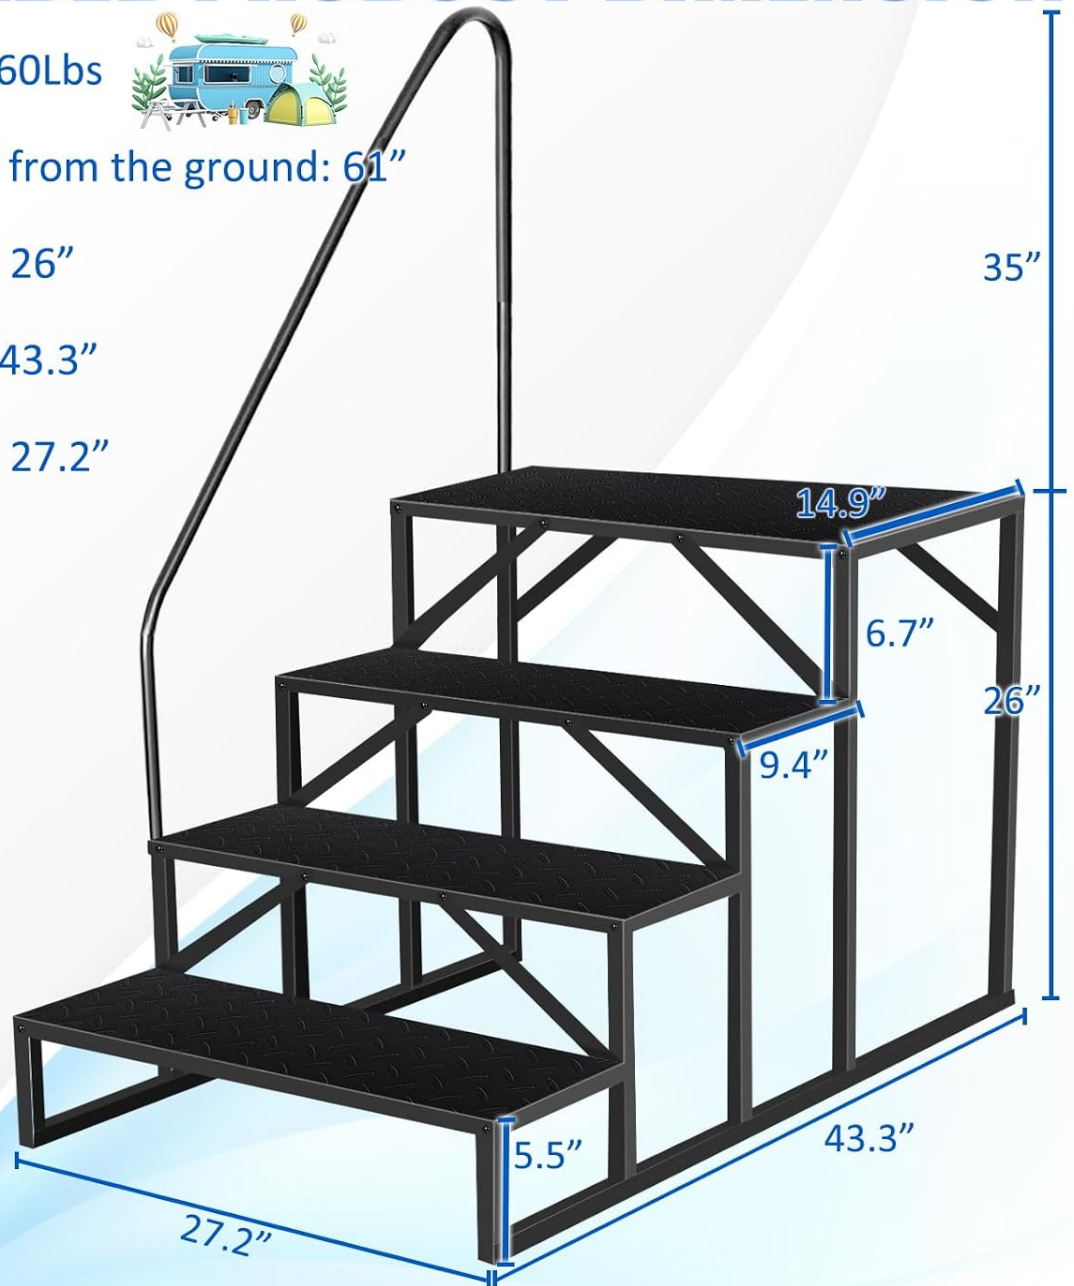

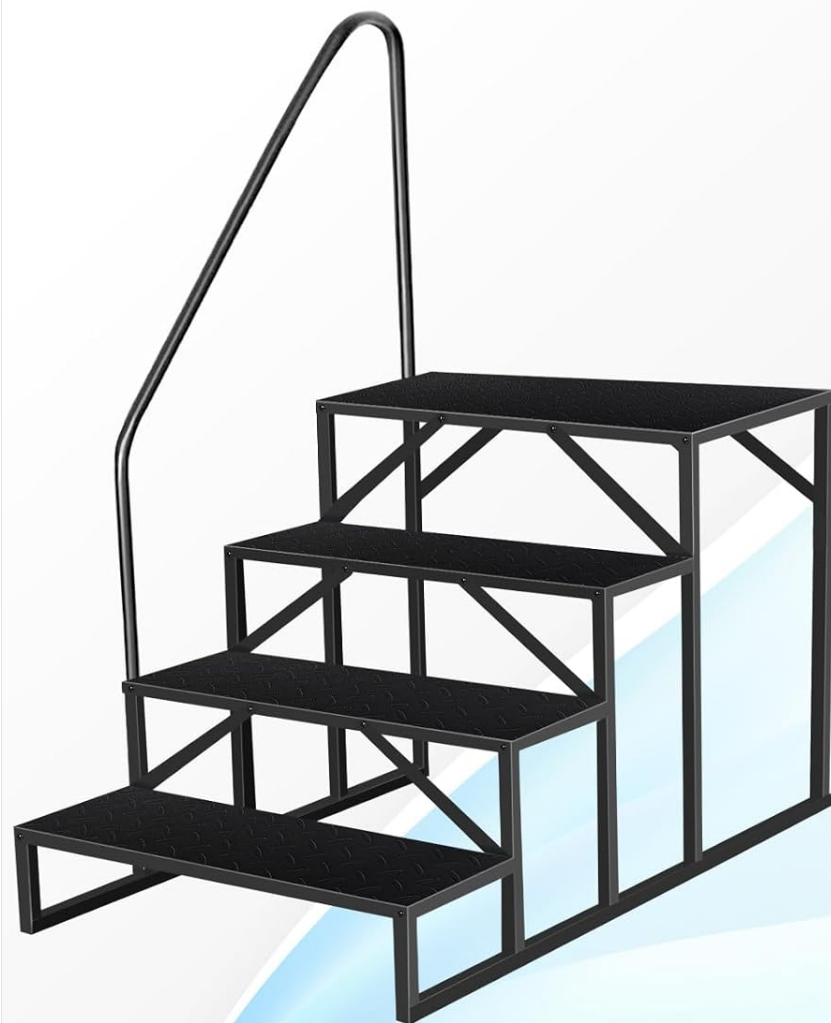

Figure 7: Product Dimensions and Load Capacity.

Feature	Detail
Material	Alloy Steel
Number of Steps	4
Total Height	61 inches (approx. 155 cm)
Overall Width	27.2 inches (approx. 69 cm)
Step Height (each)	26 inches (total height for 4 steps)
