vidaXL Dog Playpen Instruction Manual

Model: 3209555 | Brand: vidaXL | Size: 400 x 400 x 100 cm

1. PRODUCT OVERVIEW

This versatile pet enclosure provides a secure and comfortable space for your animals. It is designed for various uses, including playing, exercising, or simply keeping your pets safe. The heavy-duty galvanized steel construction ensures robustness and durability for both indoor and outdoor use. This enclosure is spacious enough for small to medium-sized animals such as rabbits, ducks, and puppies. Its open-top design allows for easy interaction with your pet without needing to open an entrance.

2. SAFETY INFORMATION

- Ensure all panels are securely connected and tightened before placing any animals inside.
- Regularly inspect the enclosure for any signs of damage, wear, or loose parts. Replace or repair components as necessary.
- Do not allow children to climb on or play inside the enclosure unsupervised.
- Place the enclosure on a flat, stable, and level surface to prevent tipping.
- This enclosure is not designed to be climbed on by humans.
- Always supervise your pets, especially when they are first introduced to the playpen.

3. PACKAGE CONTENTS

Please verify that all components are present before beginning assembly.

- 16 x Galvanized Steel Panels
- Connecting Rods/Bolts (quantity may vary based on design)
- Instruction Manual (this document)

4. SETUP AND ASSEMBLY INSTRUCTIONS

Assembly of the vidaXL Dog Playpen requires two people for optimal ease and safety.

1. **Unpack Components:** Carefully remove all panels and connecting hardware from the packaging. Lay them out on a clean, flat surface.
2. **Identify Panels:** Ensure you have all 16 panels.
3. **Connect First Two Panels:** Stand two panels upright. Align the holes on the edges of the panels and insert a connecting rod or bolt through them. Secure with nuts if applicable.
4. **Continue Connecting Panels:** Add subsequent panels one by one, connecting them to the previously assembled sections. You can form various shapes, such as a square (as shown in Image 4.1) or a rectangle (as shown in Image 4.2).
5. **Secure All Connections:** Once all panels are in place, ensure all connecting rods/bolts are fully inserted and tightened to create a stable structure.
6. **Final Inspection:** Gently push on the assembled playpen to confirm its stability before placing

any animals inside.

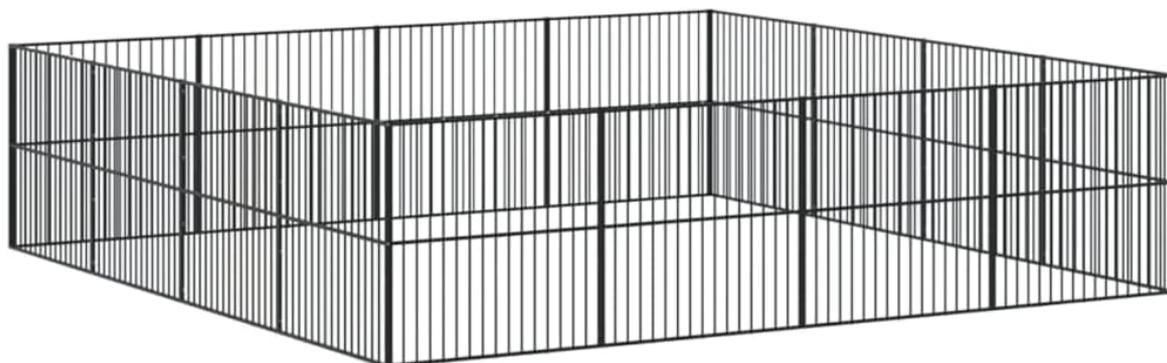

Image 4.2: Example of the playpen assembled in a square configuration.

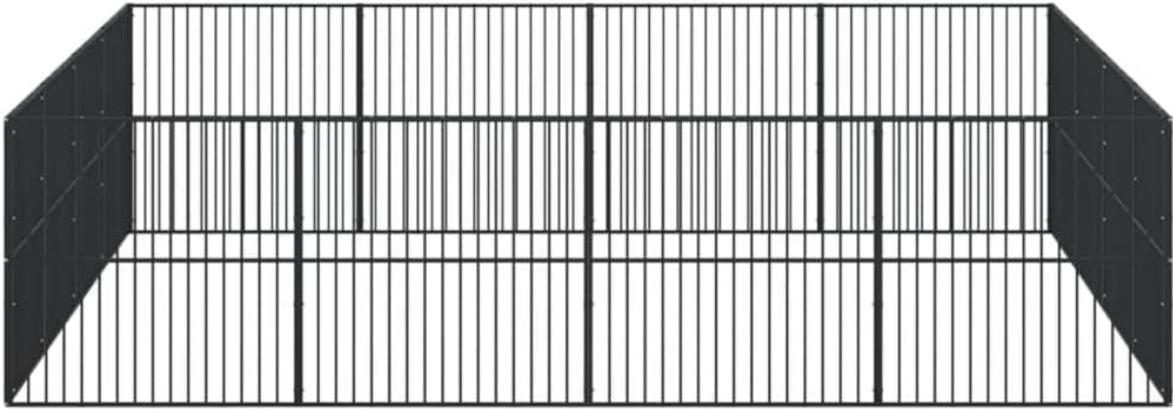

Image 4.3: Example of the playpen assembled in a rectangular configuration.

5. USAGE GUIDELINES

- **Placement:** The playpen can be used both indoors and outdoors. When used outdoors, consider placing it in a shaded area to protect your pet from direct sunlight.
- **Animal Suitability:** This enclosure is suitable for small to medium-sized dogs, puppies, rabbits, ducks, and similar animals. Ensure the size of your pet is appropriate for the enclosure to prevent escape or injury.
- **Supervision:** Always supervise your pets while they are in the playpen, especially during initial use.
- **Interaction:** The open-top design allows for easy interaction with your pet.

6. MAINTENANCE

- **Cleaning:** Clean the playpen regularly with a damp cloth and mild, pet-safe detergent. Rinse thoroughly and dry completely to prevent rust, especially for outdoor use.
- **Inspection:** Periodically check all connections, panels, and hardware for any signs of rust, damage, or loosening. Tighten any loose bolts and replace damaged parts immediately to maintain safety and structural integrity.
- **Storage:** If storing the playpen, disassemble it and store in a dry place to prolong its lifespan.

7. TROUBLESHOOTING

- **Instability:** If the playpen feels unstable, ensure all connecting rods/bolts are fully inserted and tightened. Verify that the playpen is placed on a flat and level surface.
- **Loose Parts:** If any parts become loose during use, immediately remove pets from the enclosure, re-tighten the connections, and inspect for any damage before resuming use.
- **Rust:** While made of galvanized steel, prolonged exposure to moisture can lead to rust. Ensure

the playpen is dried after rain and cleaned regularly. Apply rust-inhibiting paint if minor rust spots appear.

8. SPECIFICATIONS

Feature	Detail
Model Number	3209555
External Dimensions (L x W x H)	400 x 400 x 100 cm (157.5 x 157.5 x 39.4 inches)
Internal Dimensions (L x W x H)	400 x 397 x 100 cm
Material	Galvanized Steel
Color	Black
Maximum Load Capacity	50 kg
Assembly Required	Yes
