PawHut D51-429V00ND

PawHut Wooden Hamster Cage User Manual

Model: D51-429V00ND

INTRODUCTION

Thank you for purchasing the PawHut Wooden Hamster Cage. This multi-layer small animal cage is designed to provide a spacious and engaging habitat for dwarf hamsters and gerbils. Please read this manual thoroughly before assembly and use to ensure proper setup, safe operation, and effective maintenance of your new pet enclosure.

Image: The PawHut Wooden Hamster Cage, featuring a natural wood finish, clear front panel, and mesh top. The cage is divided into two main sections, one for deep bedding and burrowing, and another with multiple platforms, a hut, ladder, and water bottle. Two hamsters are visible, demonstrating the spacious interior.

SAFETY INFORMATION

- Always supervise children when they are interacting with the cage and pets.

- Ensure all parts are securely fastened before placing pets inside.
- Place the cage on a stable, level surface away from direct sunlight, drafts, and extreme temperatures.
- This cage is designed for dwarf hamsters and gerbils. Ensure your pet's size is appropriate for the enclosure to prevent escapes or injury.
- Regularly inspect the cage for any signs of damage or wear, especially chew marks on wooden components. Replace damaged parts immediately.
- Keep the cage clean to maintain a healthy environment for your pet.

PACKAGE CONTENTS

Before assembly, please verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

Component	Quantity	Description
Wooden Panels	Various	Side panels, front panel, back panel, base, top frames.
Mesh Wire Top	2	Ventilated top covers for air circulation.
Clear Front Panel	1	Acrylic or plastic panel for observation.
Platforms	Multiple	Internal levels for climbing and exploration.
Hut	1	Small wooden shelter for resting.
Ladder	1	Connects different levels.
Seesaws	2	Interactive play accessories.
Water Bottle	1	For hydration.
Removable Tray	1	For easy cleaning of the base.
Hardware	Various	Screws, connectors, and tools (if included).

ASSEMBLY INSTRUCTIONS

Assembly is required for this product. It is recommended to have a second person assist with assembly. Follow the steps carefully.

- 1. Unpack and Identify Parts:** Lay out all components on a clean, flat surface. Refer to the "Package Contents" section to ensure all parts are present.
- 2. Assemble Base Structure:** Connect the side panels to the front and back panels using the provided hardware. Ensure the grooves for the clear front panel and removable tray are correctly oriented.
- 3. Insert Clear Front Panel and Removable Tray:** Carefully slide the clear front panel into its designated groove. Insert the removable tray into the base.
- 4. Install Internal Platforms and Accessories:** Attach the various platforms, hut, ladder, and seesaws to their designated positions within the cage using the provided hardware. Refer to the product images for typical placement.
- 5. Attach Water Bottle:** Secure the water bottle to the cage wall at an appropriate height for your pet.
- 6. Secure Top Mesh Panels:** Place the mesh wire top panels onto the cage frame. Ensure they are properly

aligned and secured to allow for easy opening and closing.

Image: This diagram illustrates the "EASY ACCESS" features of the cage, highlighting the openable top mesh panels for convenient access to the interior and the sliding pull-out tray at the bottom for simplified cleaning.

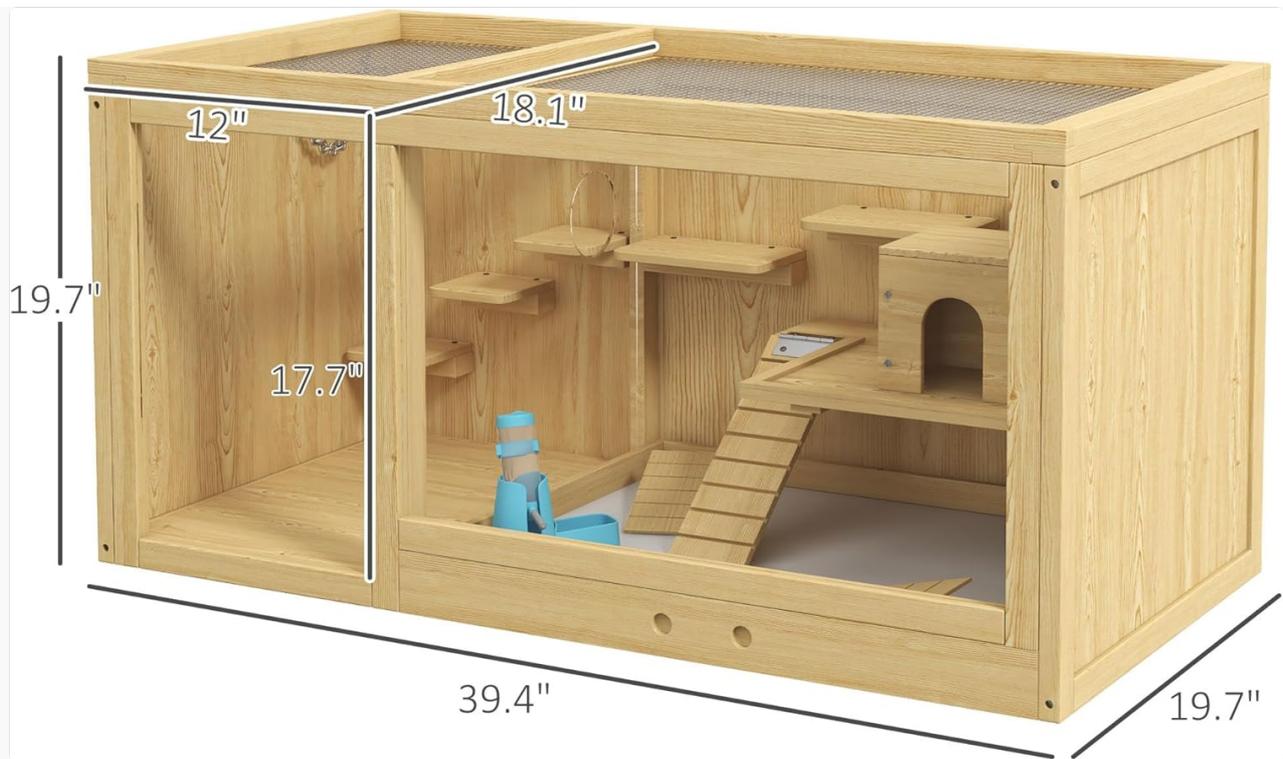

Image: A detailed view of the cage with key dimensions indicated: 39.4 inches length, 19.7 inches width, and 19.7 inches height. Internal section dimensions are also shown, providing a clear understanding of the cage's size.

OPERATING INSTRUCTIONS

Once assembled, your PawHut Hamster Cage is ready for use. Follow these guidelines for optimal pet comfort and interaction.

- **Bedding:** Fill the designated burrowing area with a generous amount of appropriate bedding material (e.g., wood shavings, paper-based bedding) to allow for natural digging and tunneling behavior.
- **Food and Water:** Place your pet's food bowl on a stable platform and ensure the water bottle is filled with fresh water daily.
- **Enrichment:** Utilize the multiple platforms, seesaws, and hut to provide a stimulating environment. Consider adding additional toys or chew items.
- **Access:** The openable top allows for easy access to your pet for feeding, petting, and general interaction. The clear front panel provides an unobstructed view of your pet's activities.

TWO ROOM DESIGN

Allows hamsters space to run and scamper

Ladder

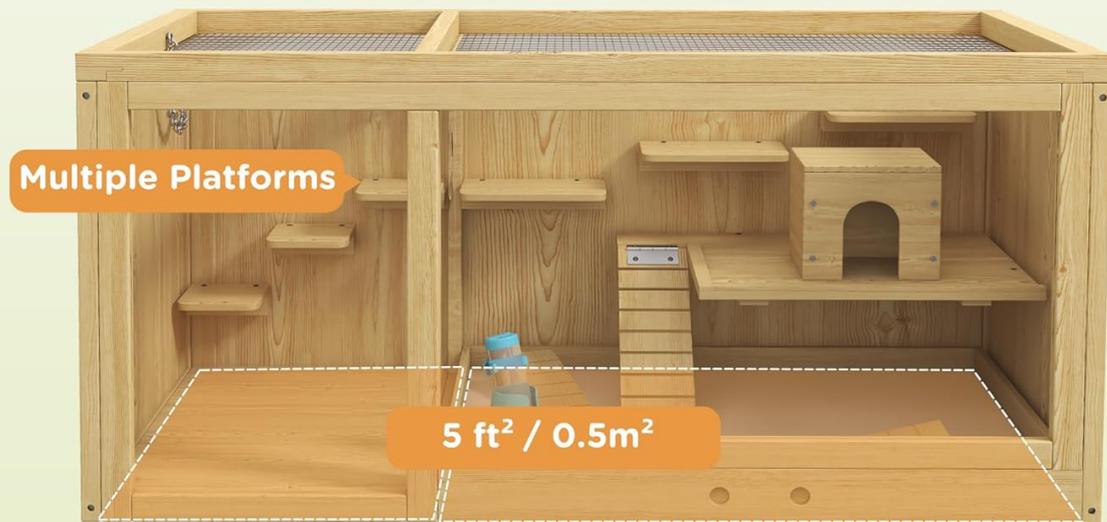

2 Seesaws

Hut

Water Bottle

Multiple Platforms

5 ft² / 0.5m²

Filled with wood shavings

SPACIOUS DIGGING AREA

Image: A close-up view of the "SPACIOUS DIGGING AREA" within the cage, showing a section filled with deep bedding. An "Inner Hole" is indicated, suggesting a connection or feature for burrowing.

MAINTENANCE AND CLEANING

Regular cleaning is essential for your pet's health and the longevity of the cage.

- **Daily:** Check and refill the water bottle. Remove any uneaten fresh food. Spot clean soiled areas of bedding.
- **Weekly:** Remove the removable tray and dispose of all soiled bedding. Wipe down the tray and the interior base of the cage with a pet-safe cleaner or mild soap and water. Rinse thoroughly and dry completely before adding fresh bedding.
- **Monthly:** Perform a deep clean. Remove all accessories and clean them thoroughly. Wipe down all interior and exterior surfaces of the cage. Inspect wooden parts for excessive chewing or damage.
- **Material Care:** The cage is made of fir wood. Avoid excessive moisture to prevent warping or damage. Keep the cage in a dry place.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Cage parts do not fit during assembly.	Incorrect orientation of panels or misaligned holes.	Review the assembly instructions carefully. Ensure panels are oriented correctly before attempting to fasten. Do not force parts.
Pet is chewing on wooden parts excessively.	Lack of alternative chew toys or natural behavior.	Provide a variety of safe chew toys. Ensure the pet has enough enrichment and space. Monitor chewing and replace damaged parts if necessary.
Unpleasant odor from the cage.	Infrequent cleaning or insufficient bedding.	Increase frequency of spot cleaning and full bedding changes. Ensure adequate ventilation in the room.
Water bottle leaks.	Improper seal or faulty bottle.	Ensure the bottle is filled completely to create a vacuum seal. Check the nozzle for blockages. If leaking persists, replace the water bottle.

SPECIFICATIONS

- **Model:** D51-429V00ND
- **Overall Dimensions (L x W x H):** 39.25" x 19.75" x 19.75" (100 cm x 50 cm x 50 cm)
- **Material:** Fir Wood, Plastic (for clear panel and tray)
- **Weight:** Approximately 27.5 lbs (12.5 kg)
- **Target Animals:** Dwarf Hamsters, Gerbils
