Goeco LED Flower Ceiling Light (5-Petal, 6500K Cool White) Instruction Manual

Model: 30839715

1. INTRODUCTION

Thank you for purchasing the Goeco LED Flower Ceiling Light. This manual provides essential information for safe installation, operation, and maintenance of your new lighting fixture. Please read these instructions carefully before installation and retain them for future reference.

1.1 Safety Precautions

- Always turn off the main power supply at the circuit breaker before beginning any electrical work.
- Installation should be performed by a qualified electrician or a person with adequate knowledge of electrical wiring.
- Ensure the voltage rating of the fixture matches your local power supply (110 Volts).
- Do not attempt to modify the fixture in any way.
- Keep children and pets away from the installation area.
- Wear appropriate safety gear, including gloves and eye protection.

2. PRODUCT OVERVIEW

The Goeco LED Flower Ceiling Light features a modern design with five white acrylic petals, providing 6500K cool white light. It is suitable for various indoor spaces such as bedrooms, living rooms, dining rooms, and kitchens.

2.1 Components

The package includes the following items:

- 1 x Goeco LED Flower Ceiling Light (main unit with base and petals)
- 1 x LED Driver
- Mounting hardware (screws, anchors, bracket)
- Instruction manual

4. SETUP & INSTALLATION

Follow these steps to install your Goeco LED Flower Ceiling Light. It is recommended to have two people for installation.

1. **Prepare the Mounting Bracket:** Attach the cross-shaped mounting bracket to the ceiling junction box using appropriate screws and anchors. Ensure it is securely fastened.
2. **Assemble the Petals:** Secure each acrylic petal to the main light base using the provided screws and nuts. Ensure all connections are tight.
3. **Connect the LED Driver:** Connect the wires from the LED driver to the corresponding wires on the light base.
4. **Wire the Fixture:** Connect the household electrical wires to the fixture's wires. Typically, connect the black wire from the fixture to the black wire from the ceiling (live), the white wire from the fixture to the white wire from the ceiling (neutral), and the ground wire to the ground wire. Use wire nuts to secure connections.
5. **Mount the Fixture:** Carefully lift the assembled light fixture and align the holes on the base with the bolts on the mounting bracket. Secure the fixture to the bracket using the decorative nuts.
6. **Restore Power:** Once the fixture is securely mounted and all connections are made, restore power at the circuit breaker.

4.1 Installation Video

For a visual guide on the installation process, please refer to the video below. Note that some features like dimming shown in the video may apply to other models and not specifically to the 6500K Cool White variant.

Your browser does not support the video tag.

Video 1: This video demonstrates the assembly and installation of a Goeco LED ceiling light, including wiring and mounting. It also shows the light's dimming capabilities, which may vary by model.

5. OPERATING INSTRUCTIONS

The Goeco LED Flower Ceiling Light (6500K Cool White) is designed for simple operation.

- **Turning On/Off:** Use your standard wall switch to turn the light fixture on or off.
- **Control Method:** This model features a 'Touch' control method, typically referring to compatibility with standard wall switches.

6. MAINTENANCE

To ensure the longevity and optimal performance of your Goeco LED Flower Ceiling Light, follow these maintenance guidelines:

- **Cleaning:** Disconnect power before cleaning. Use a soft, dry, or slightly damp cloth to wipe the acrylic petals and metal base. Avoid abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish and acrylic.

- **Bulb Replacement:** This fixture uses integrated LED components, which are designed for a long lifespan (over 50,000 hours) and are not user-replaceable. If the LEDs fail, the entire fixture may need replacement.
- **Inspection:** Periodically check for any loose connections or damage to the wiring. If any issues are found, consult a qualified electrician.

7. TROUBLESHOOTING

If you encounter any issues with your Goeco LED Flower Ceiling Light, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Light does not turn on	No power supply; Loose wiring; Faulty switch	Check circuit breaker; Verify wiring connections; Test wall switch
Light flickers	Loose wiring; Incompatible dimmer switch (if applicable to other models)	Check wiring connections; Ensure compatible dimmer is used (if applicable)
Light is dim	Incorrect wiring; Power supply issue	Verify wiring; Consult electrician for power supply check

If the problem persists after attempting these solutions, please contact customer support.

8. WARRANTY & SUPPORT

Goeco products are manufactured with quality and durability in mind. While specific warranty details are not provided in this manual, please retain your proof of purchase for any warranty claims. For technical assistance, replacement parts, or further inquiries, please contact Goeco customer support through your retailer or the official Goeco website.
