2. SAFETY INFORMATION

Please observe the following safety precautions to ensure safe use of your dining table:

- **Weight Capacity:** Do not exceed the maximum weight recommendation of **200 pounds (90.7 kg)** on the tabletop. Distribute weight evenly.
- **Assembly:** Always assemble the table on a soft, clean surface to prevent scratches. Ensure all screws and fasteners are securely tightened before use.
- **Stability:** Regularly check the stability of the table. If it wobbles, re-tighten all connections. Use the adjustable feet to

ensure the table is level on uneven floors.

- **Children:** Keep small parts and packaging materials away from children during assembly. Do not allow children to climb on or play with the table.
- **Placement:** Place the table on a flat, stable surface. Avoid placing it near heat sources, direct sunlight, or in areas with extreme humidity fluctuations to prevent material damage.

6. MAINTENANCE AND CARE

Proper care will help maintain the beauty and longevity of your LITTLE TREE Round Dining Table, which is constructed from durable engineered wood.

and trivets under hot dishes.
