

Mellian SecretBlow Föhn

Mellian SecretBlow Professional Ionic Hair Dryer

User Manual

INTRODUCTION

Thank you for choosing the Mellian SecretBlow Professional Ionic Hair Dryer. This manual provides essential information for the safe and effective use, maintenance, and troubleshooting of your new hair dryer. Please read it thoroughly before first use and keep it for future reference.

IMPORTANT SAFETY INSTRUCTIONS

WARNING: To reduce the risk of electric shock, burns, fire, or injury to persons:

- Always unplug the appliance immediately after using.
- Do not use while bathing or in a shower.
- Do not place or store appliance where it can fall or be pulled into a tub or sink.
- Do not place in or drop into water or other liquid.
- Do not reach for an appliance that has fallen into water. Unplug immediately.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.
- Never operate this appliance if it has a damaged cord or plug, if it is not working properly, or if it has been dropped, damaged, or dropped into water.
- Keep the cord away from heated surfaces. Do not wrap the cord around the appliance.
- Never block the air openings of the appliance or place it on a soft surface, such as a bed or couch, where the air openings may be blocked. Keep the air openings free of lint, hair, and the like.
- Never use while sleeping.

- Never drop or insert any object into any opening.
- Do not use outdoors or operate where aerosol (spray) products are being used or where oxygen is being administered.
- Do not use an extension cord with this appliance.
- Do not direct hot air towards eyes or other heat-sensitive areas.
- Attachments may be hot during use. Allow them to cool before handling.
- Always check the power cable for any damage before each use.

PACKAGE CONTENTS

Your Mellian SecretBlow Professional Ionic Hair Dryer package includes:

- Mellian SecretBlow Hair Dryer Unit
- Diffuser Attachment
- Styling Concentrator Attachment
- User Manual

PRODUCT OVERVIEW

The Mellian SecretBlow hair dryer features a powerful motor and advanced ionic technology for efficient and gentle hair drying. Familiarize yourself with the components:

Image: Side view of the Mellian SecretBlow Professional Ionic Hair Dryer, showing the handle, control buttons, and air outlet.

- **Power Button:** Turns the dryer on and off.
- **Temperature Control Buttons:** Adjusts heat settings.
- **Speed Control Buttons:** Adjusts airflow speed.
- **Cold Shot Button:** Provides a burst of cool air to set your style.
- **Air Inlet Filter:** Located at the bottom of the handle, keeps dust and hair out.
- **Air Outlet:** Where the air exits the dryer.
- **Attachments:** Diffuser and Styling Concentrator for various styling needs.

SETUP

1. **Unpack:** Carefully remove all components from the packaging.
2. **Inspect:** Check the hair dryer and its accessories for any signs of damage. Do not use if damaged.
3. **Connect:** Plug the power cord into a suitable electrical outlet (110-240V). Ensure your hands are dry before plugging in or unplugging the device.
4. **Attach Accessories:** To attach the diffuser or styling concentrator, align the attachment with the magnetic air outlet and it will snap into place. Ensure it is securely attached before use.

OPERATING INSTRUCTIONS

Follow these steps for optimal use of your Mellian SecretBlow hair dryer:

1. Power On/Off

- Press the **Power Button** to turn the hair dryer on. The default settings will activate.
- Press the **Power Button** again to turn the hair dryer off.

2. Adjusting Temperature

The hair dryer offers three temperature settings:

- **Low (60°C):** Gentle drying, ideal for fine or damaged hair.
- **Medium (80°C):** Regular drying, suitable for most hair types.
- **High (100°C):** Fast drying, for thick or wet hair.

Use the **Temperature Control Buttons** to cycle through these settings.

3. Adjusting Airflow Speed

The hair dryer provides three airflow speed settings:

- **Mild:** Soft airflow for delicate drying or styling.
- **Medium:** Balanced airflow for general drying.
- **High:** Powerful airflow for quick drying.

Use the **Speed Control Buttons** to select your desired airflow.

4. Using the Cold Shot Function

Press and hold the **Cold Shot Button** to deliver a burst of cool air. This helps to set your hairstyle and add shine. Release the button to return to the previous heat setting.

5. Using Attachments

The Mellian SecretBlow comes with two magnetic attachments:

Image: A woman using the Mellian SecretBlow hair dryer with the diffuser attachment to enhance natural curls.

- **Diffuser:** Ideal for enhancing natural curls and waves, and for adding volume. Use on a low heat and speed setting. Gently cup sections of hair with the diffuser, lifting towards the scalp.

Image: A woman using the Mellian SecretBlow hair dryer with the styling concentrator attachment for precise drying and styling.

- **Styling Concentrator:** Provides a focused airflow for precise styling and smoothing. Use with a round brush to achieve sleek, straight styles or to direct air to specific sections of hair.

MAINTENANCE AND CARE

Regular cleaning and proper care will extend the life of your hair dryer.

- **Cleaning the Air Inlet Filter:** Periodically check and clean the air inlet filter at the bottom of the handle. Ensure the dryer is unplugged and cool. Gently remove any accumulated lint, dust, or hair using a soft brush or cloth. A clogged filter can reduce performance and cause overheating.

- **Cleaning the Exterior:** Wipe the exterior of the hair dryer with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, store the hair dryer in a cool, dry place. Do not wrap the power cord tightly around the appliance, as this can damage the cord. Use the hanging loop if available.
- **Cord Care:** Regularly inspect the power cord for any signs of damage, such as cuts or fraying. If the cord is damaged, discontinue use immediately and contact customer support.

TROUBLESHOOTING

If you encounter any issues with your Mellian SecretBlow hair dryer, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Hair dryer does not turn on.	No power supply; Damaged cord/plug; Internal fault.	Check if the plug is securely in the outlet. Test the outlet with another device. Inspect the cord for damage. If damaged, do not use and contact support.
Airflow is weak or inconsistent.	Clogged air inlet filter; Obstruction in air outlet.	Unplug the dryer and clean the air inlet filter. Ensure no hair or debris is blocking the air outlet.
Hair dryer overheats and shuts off.	Clogged air inlet filter; Prolonged use; Overheat protection activated.	Unplug the dryer and allow it to cool down for at least 10-15 minutes. Clean the air inlet filter. Ensure air vents are not blocked during use.
Unusual noise or smell.	Internal component issue; Debris inside the unit.	Discontinue use immediately and unplug the dryer. Contact customer support. Do not attempt to open or repair the unit yourself.

If the problem persists after trying these solutions, please contact Mellian customer support for assistance.
