Janome JN-200277545

Janome Blue Bobbins with Storage Case User Manual

Model: JN-200277545

Introduction

This manual provides essential information for the proper use and care of your Janome Blue Bobbins with Storage Case. These limited-edition bobbins celebrate Janome's production of 75 million machines.

The set includes twenty-five blue Janome 'J' bobbins, crafted from a special rubber and plastic combination designed to enhance thread holding, absorb machine vibration, and reduce noise. They are conveniently packaged in a Janome-branded blue motif organizer for easy transport and storage.

Product Overview

Figure 1: Janome Blue Bobbins with Storage Case. This image displays the clear plastic storage case filled with 25 blue bobbins, arranged

neatly in rows.

Figure 2: Close-up view of the Janome Blue Bobbins storage case, highlighting the "75 Million Machines since 1921" logo printed on the case lid.

Setup

The Janome Blue Bobbins with Storage Case are ready for immediate use upon unboxing. No assembly is required for the bobbins or the storage case.

1. **Unpack:** Carefully remove the bobbin case from its packaging.
2. **Inspect:** Verify that all 25 bobbins are present and undamaged within the storage case.
3. **Storage:** Keep the bobbins in their provided case to maintain organization and protect them from dust and damage when not in use.

Operating Instructions

These bobbins are designed for use with compatible Janome sewing machines. Refer to your sewing machine's instruction manual for specific bobbin winding and insertion procedures.

Winding the Bobbin

1. Place an empty Janome 'J' bobbin onto the bobbin winder spindle of your sewing machine.
2. Follow your machine's threading path for bobbin winding, ensuring the thread is securely guided.
3. Start the bobbin winding process. The unique rubber and plastic composition of these bobbins helps them hold threads effectively and reduce vibration during winding.
4. Stop winding when the bobbin is full, but not overfilled.

Inserting the Bobbin

1. Open the bobbin case or bobbin compartment of your sewing machine.
2. Insert the wound Janome 'J' bobbin according to your machine's specific instructions (e.g., drop-in bobbin, front-loading bobbin case). Ensure the thread unwinds in the correct direction.
3. Pull the thread through the tension spring or guide as directed by your machine's manual.
4. Close the bobbin compartment.

Maintenance

Proper maintenance ensures the longevity and optimal performance of your Janome Blue Bobbins and their storage case.

- **Cleaning:** Periodically wipe the bobbins and the storage case with a soft, dry cloth to remove dust and lint. Avoid using harsh chemicals or abrasive cleaners.
- **Storage:** Always store bobbins in their provided case to prevent tangling of threads, dust accumulation, and physical damage. Keep the case in a cool, dry place away from direct sunlight.
- **Inspection:** Before each use, quickly inspect bobbins for any signs of damage, such as cracks or deformities, which could affect thread tension or machine performance.

Troubleshooting

If you encounter issues while using your Janome Blue Bobbins, consider the following common solutions:

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Bobbin thread tangles or breaks.	Incorrect bobbin insertion; bobbin overfilled; incorrect thread tension.	Re-insert bobbin correctly, ensuring thread unwinds in the proper direction. Do not overfill bobbins. Adjust bobbin tension according to your machine's manual.
Bobbin does not fit in machine.	Incorrect bobbin type for your machine model.	Verify your machine's compatibility with Janome 'J' bobbins. These bobbins fit most standard Janome machines, but not MB4, MB7, HD9, and 1600 series machines. Refer to the "Compatibility" section.
Excessive noise or vibration during sewing.	Bobbin not seated correctly; machine issues.	Ensure the bobbin is properly seated. While these bobbins are designed to reduce noise and vibration, if the issue persists, consult your sewing machine's manual or a qualified technician.

Specifications

Brand: Janome

Model Number: JN-200277545

Generic Name: Bobbins

Quantity: 25 Blue Bobbins

Material: Special rubber and plastic combination

Item Weight: 100 g

Item Dimensions (LxWxH): 12.8 x 11.6 x 3 Centimeters

Country of Origin: USA

Compatibility

Janome 'J' bobbins are designed to fit most standard Janome sewing machines. However, they are **not compatible** with the following models:

- MB4
- MB7
- HD9
- 1600 series machines

The Blue Bobbins will work with a wide range of Janome models, including but not limited to:

124, 128, 1522DG, 1522PG, 2030DC-G, 2030DC-T, 2030QDC-B, 2206, 2212, 2222, 234, 311PG, 3128, 3160PG, 3160QDC-B, 3160QDC-G, 3160QDC-T, 3160QOV, 41012, 4120QDC 1, 4120QDC-B, 4120QDC-G, 4120QDC-T, 4300QDC, 49018, 49360, 5124, 5300 QDC-G, 5300 QDC-T, 5812, 6019QC, 6050, 6100, 6125QC, 6260QC, 6300P, 661, 712T, 8050, 8077, AMH M100, Arctic Crystal, Bandana Blush, Blue Couture, Buzzin Blue, C30, C30W, Citrus Circus, Classmate S-750, Continental M17, Continental M6, Continental M7 Professional, Continental M8 PROFESSIONAL, DC1018, DC1050, DC2012, DC2013, DC2014, DC2015, DC2019, DC3050, DC4030P, DC5100, FM-725, Fast Lane Fuchsia, Graceful Gray, HD-1000, HD-1000 Black Edition, HD-2200, HD-3000, HD-3000 Black Edition, HD-5000, HD4 Black Edition, HD5000BE, HD5050, Hello Kitty 11706, Hello Kitty 13512, Hello Kitty 13512, Hello Kitty 14412, Hello Kitty 15312, Hello Kitty 15822, Hello Kitty 18750, Horizon Memory Craft 12000, Horizon Memory Craft 14000, Horizon Memory Craft 15000 V2, Horizon Memory Craft 7700QCP, Horizon Memory Craft 8200 QC, Horizon Memory Craft
