Key Features:

- **No Programming Required:** Ready to use directly out of the box.
- **Full Functionality:** Designed to replicate all functions of your original remote control.
- **Ergonomic Design:** Lightweight and comfortable to hold for extended periods.
- **Stable Performance:** Offers reliable signal transmission over a practical distance.

3. SETUP

This ALLIMITY replacement remote control requires no programming or complex installation. Simply insert the batteries, and it will be ready for use with your compatible Nordmende TV.

3.1 Battery Installation

1. Locate the battery compartment on the back of the remote control.
2. Slide open the battery compartment cover.
3. Insert two AAA batteries (not included), ensuring the positive (+) and negative (-) terminals align correctly with the markings inside the compartment.
4. Close the battery compartment cover securely.

Note: Always use new batteries and replace both batteries at the same time. Do not mix old and new batteries or

different types of batteries.

4. OPERATING INSTRUCTIONS

The remote control operates using infrared (IR) technology. Ensure there is a clear line of sight between the remote control and the TV's IR receiver for optimal performance. The maximum effective range is approximately 10 meters (33 feet).

5. MAINTENANCE

5.1 Cleaning the Remote Control

To clean the remote control, gently wipe its surface with a soft, dry cloth. For stubborn dirt, slightly dampen the cloth with water or a mild, non-abrasive cleaner. Avoid using harsh chemicals or abrasive materials, as these can damage the remote's finish or internal components.

5.2 Battery Replacement

Replace batteries when the remote's response becomes sluggish or stops working. Follow the battery installation steps outlined in Section 3.1. Dispose of used batteries responsibly according to local regulations.

5.3 Storage

When not in use for extended periods, it is recommended to remove the batteries from the remote control to prevent leakage and potential damage. Store the remote in a cool, dry place away from direct sunlight and extreme temperatures.

6. TROUBLESHOOTING

If you encounter issues with your ALLIMITY replacement remote control, please refer to the following common troubleshooting steps:

- **Remote not responding:**

  - Ensure batteries are inserted correctly with the correct polarity.
  - Replace old batteries with new ones.
  - Check for any obstructions between the remote and the TV's IR receiver.
  - Point the remote directly at the TV's IR receiver.

- **Short transmission range:**

  - Replace batteries with new ones.
  - Ensure there are no strong light sources (like direct sunlight or bright fluorescent lights) interfering with the IR signal.

- **Specific buttons not working:**

  - This remote is designed to be fully functional. If a specific button does not work, ensure your TV model supports that function.

- Clean the remote control, especially around the non-functional button, to remove any debris.

If the issue persists after trying these steps, please verify the compatibility of the remote with your specific TV model.
