

## Breezary 52" Bedroom Ceiling Fan Light

# Breezary 52-Inch Ceiling Fan User Manual

Model: 52" Bedroom Ceiling Fan Light

## 1. SAFETY INFORMATION

Please read and understand this entire manual before attempting to assemble, install, or operate this product. Failure to follow these instructions could result in electric shock, fire, or serious personal injury.

- All electrical connections must be in accordance with local codes, ordinances, or national electrical codes. If you are unfamiliar with electrical wiring, consult a qualified electrician.
- Ensure the installation site is structurally sound and can support the fan's weight (approximately 11.6 pounds).
- Turn off power at the circuit breaker before beginning installation to prevent possible electrical shock.
- Do not operate the fan with damaged wiring or if the motor housing is damaged.
- Keep hands, clothing, and other objects away from the fan blades when the fan is in operation.

## 2. PACKAGE CONTENTS

Verify that all components listed below are included in your package:

- 1 x 52 Inch 3-Blade Ceiling Fan
- 1 x Remote Control
- 1 x 5" Downrod
- 1 x 8" Downrod
- 1 x User Manual

## 3. SETUP AND INSTALLATION

Most functional components of this ceiling fan have been pre-assembled for easier installation. We recommend professional installation by a qualified electrician for safety.

### 3.1 Mounting the Hanger Bracket

Secure the hanger bracket to the ceiling junction box. Ensure the bracket is firmly attached to a structural ceiling beam capable of supporting the fan's weight.

### 3.2 Assembling the Downrod and Motor

Insert the downrod through the canopy and coupling. Feed the motor wires through the downrod. Secure the downrod to the motor assembly using the provided pin and screws.

### 3.3 Attaching Fan Blades

Attach the three transparent ABS fan blades to the motor housing using the provided screws. Ensure all screws are tightened securely.

### 3.4 Connecting the LED Light

Connect the LED light wires to the corresponding wires from the motor assembly. Carefully attach the integrated LED light fixture to the bottom of the motor housing.

### 3.5 Wiring to Power Supply

Hang the assembled fan onto the hanger bracket. Connect the fan's electrical wires to your household wiring (Black-Black for Live, White-White for Neutral, Green-Green for Earth). Ensure all connections are secure with wire nuts.

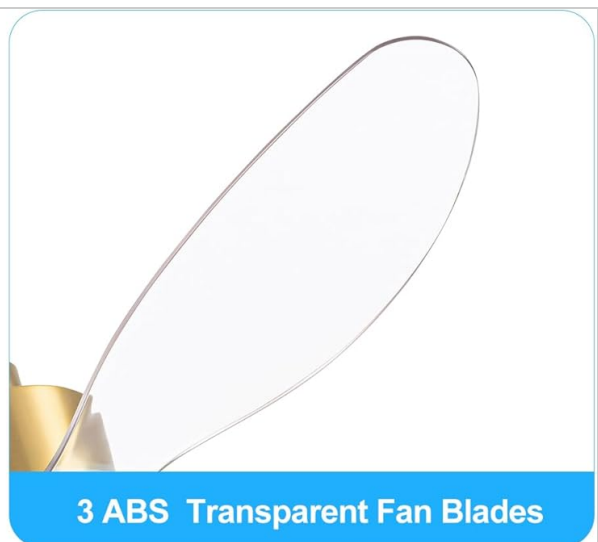

### 3.6 Securing the Canopy

Slide the canopy up to cover the hanger bracket and wiring. Secure it with the provided screws.

For visual guidance, please refer to the product images showing assembly steps.

## 4. OPERATING INSTRUCTIONS

Your Breezary ceiling fan is controlled by the included multi-function remote control.

### 4.1 Remote Control Functions

- **Power On/Off:** Turns the fan and light on or off.
- **Fan Speed:** Select from 6 wind speed gears (1-6).
- **Light Color Temperature:** Adjust between warm white (3000K), natural light (4000K), and cold white (6000K).
- **Reversible DC Motor:** Switch between downward airflow (summer mode) and upward airflow (winter mode) to optimize air circulation.
- **Timer Function:** Set the fan to turn off automatically after 1 hour, 2 hours, or 4 hours.

## 3 Color Temperatures

3000K 

4500K 

6000K

### 4.2 Reversible Motor Operation

The reversible DC motor allows for year-round comfort:

- **Summer Mode (Downward Airflow):** Creates a cooling breeze.
- **Winter Mode (Upward Airflow):** Circulates warm air trapped near the ceiling, helping to warm the room.

Use the designated button on the remote control to switch between modes.

## 5. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your ceiling fan.

- **Cleaning:** Periodically clean the fan blades and motor housing with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Tightening Screws:** Check all screws on the fan blades and mounting hardware annually to ensure they are properly tightened.
- **No Lubrication Needed:** The DC motor is permanently lubricated and does not require oiling.

## 6. TROUBLESHOOTING

If you experience issues with your ceiling fan, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fan does not start	No power to the fan; Loose wire connections; Remote control battery low.	Check circuit breaker; Verify all wire connections are secure; Replace remote control batteries.
Light does not work	Loose wire connection to light kit; LED light failure.	Check light kit wiring; Contact customer service for LED replacement if necessary.
Fan makes noise	Loose fan blade screws; Loose mounting hardware; Fan not balanced.	Tighten all blade and mounting screws; Ensure fan is properly balanced.
Light has a delay when turning on/off	Normal operation for the receiver to power on.	This is a characteristic of the fan's design. Allow a few seconds for the light to respond.
Light settings are not changing as expected	Incorrect remote operation.	Ensure you are pressing the correct light setting buttons. Some remotes require a quick double-click or holding the button to cycle through settings.

## 7. SPECIFICATIONS

Feature	Specification
Brand	Breezary
Model Name	52" Industrial Ceiling Fan with Led Light

Feature	Specification
Product Dimensions	26.4"D x 10"W x 8.9"H
Size	52 inch
Number of Blades	3
Blade Length	25.2 Inches
Power Source	DC Motor
Voltage	120 Volts (DC)
Wattage	40 watts
Air Flow Capacity	3800 Cubic Feet Per Minute
Speed	170 RPM
Noise Level	30 Decibels
Control Method	Remote
Special Features	3 Color Changing LED Light, 6 Wind Speed, Adjustable Height, Remote Controlled, Reversible DC Motor
Room Type	Bedroom, Living Room, Dining Room, Kitchen, Kids Nursery, Home, Office, Shop, Studio, Outdoor Garage, Patio, Farmhouse
Installation Type	Down Rod Mount
Item Weight	11.6 Pounds
Specification Met	ETL
