Fabuday FD-165

Fabuday Bathroom Wall Mirror User Manual

Model: FD-165

1. INTRODUCTION

Thank you for choosing the Fabuday Bathroom Wall Mirror. This high-definition, rectangular mirror is designed to enhance the aesthetic and functionality of various spaces, including bathrooms, bedrooms, living rooms, and entryways. Crafted with a durable aluminum frame and featuring an explosion-proof film for added safety, this mirror combines modern design with practical utility. This manual provides essential information for safe installation, proper usage, and effective maintenance of your new mirror.

2. SAFETY INFORMATION

Please read and understand all safety instructions before handling or installing the mirror. Failure to follow these guidelines may result in injury or damage to the product.

- **Explosion-Proof Film:** The mirror is equipped with an explosion-proof film. This feature is designed to prevent glass shards from scattering in the event of breakage, significantly reducing the risk of injury.
- **Handle with Care:** Mirrors are fragile. Always handle the mirror with care, especially during unpacking and installation. Avoid impacts or dropping the mirror.
- **Proper Mounting:** Ensure the mirror is securely mounted to a suitable wall surface using the provided hardware and following the installation instructions precisely. Improper mounting can lead to the mirror falling, causing damage or injury.
- **Weight Consideration:** The mirror weighs approximately 13.67 pounds. Ensure the wall and mounting hardware can safely support this weight.
- **Children and Pets:** Keep children and pets away from the installation area during setup.

3. PACKAGE CONTENTS

Verify that all components are present and undamaged before beginning installation. If any parts are missing or damaged, please contact Fabuday customer service.

- Fabuday Bathroom Wall Mirror (1 unit)
- Mounting Hardware (screws, wall anchors)
- Spirit Level (may be included depending on installation method)
- Installation Instructions (this manual and/or printed guide)

4. SETUP AND INSTALLATION

The Fabuday mirror can be mounted horizontally or vertically. Due to product updates, you may receive a mirror with one of two different mounting styles. Please identify your mirror's mounting style and follow the corresponding instructions below.

Image 4.1: Horizontal and Vertical Installation Options.

Method A: Bracket-Based Installation (Older Style)

This method involves mounting a bracket to the wall and then slotting the mirror onto it.

1. **Measure and Mark:** Determine the desired height and position for your mirror. Measure the distance between the mounting holes on the mirror's bracket. Mark these points on the wall using a pencil.
2. **Level the Marks:** Use a spirit level to ensure your marked points are perfectly horizontal. Adjust as necessary.
3. **Drill Holes:** Using an appropriate drill bit for your wall type (e.g., drywall, concrete), drill pilot holes at the marked locations. Insert wall anchors into the drilled holes if required.
4. **Mount the Bracket:** Align the mirror's mounting bracket with the drilled holes and secure it to the wall using the provided screws. Ensure the bracket is firmly attached and level.
5. **Hang the Mirror:** Carefully lift the mirror and align the slots on the back of the mirror with the mounted bracket. Gently lower the mirror until it securely slots into place. Ensure the mirror is stable and flush against the wall.

Vanity Mirror

The high-definition mirror clearly reflects your beautiful face, so start your day off right

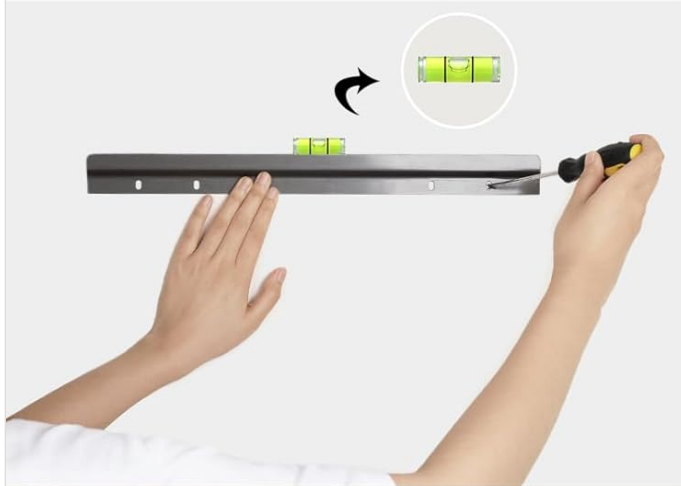

Image 4.2: Bracket-Based Installation Steps.

Method B: Screw-Based Installation (Newer Style)

This method involves driving screws directly into the wall (with anchors) and hanging the mirror onto them.

1. **Mark the Distance:** Measure the distance between the hanging points on the back of your mirror. Mark these points on your wall where you intend to hang the mirror.
2. **Drill Holes:** Using a drill, create pilot holes at the marked locations. Insert the provided wall anchors into these holes.
3. **Drive Expansion Screws:** Drive the expansion screws into the wall anchors, leaving a small portion of the screw head exposed. Ensure the exposed screw heads are positioned to fit into the mirror's hanging slots.
4. **Hang the Mirror:** Carefully lift the mirror and align the hanging slots on its back with the exposed screw heads. Gently lower the mirror onto the screws until it is securely seated and flush against the wall.

Old Installation

1. Mount the bracket to the wall

2. Slot the mirror into the bracket

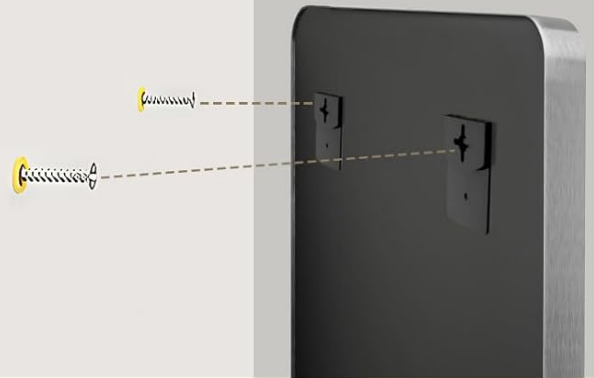

New Installation

1

Drive expansion screws into the wall

2

Hang the mirror on the screws

Tips: To avoid installation inconvenience, we have updated the mirror installation method. You will randomly receive the mirror of the different mounting style.

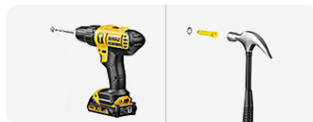

Image 4.3: Overview of Old vs. New Installation Methods.

Installation Steps:

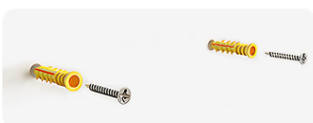

Step 1:

① Mark the distance on the wall

Step 2:

② Drill holes with tool

Step 3:

③ Drive expansion screws into the wall

Step 4:

④ Hang the mirror on the screws

5. OPERATING AND USAGE

The Fabuday Bathroom Wall Mirror is designed for versatile use in various home environments.

- **Versatile Placement:** This mirror is suitable for bathrooms, bedrooms, living rooms, restrooms, and entryways. Its sleek design complements a wide range of interior decor styles, from modern to farmhouse.
- **Enhanced Light and Space:** The high-definition mirror surface enhances natural and artificial light, making rooms appear brighter and more spacious. It can visually expand smaller areas, such as entryways or powder rooms.
- **Functional Uses:** Ideal for daily dressing, makeup application, grooming, or simply as a decorative element to elevate your home decor.
- **Orientation:** The mirror can be mounted either horizontally or vertically to best suit your space and design preferences.

Image 5.2: Mirror in an entryway.

6. MAINTENANCE

Proper care and maintenance will ensure the longevity and pristine appearance of your Fabuday mirror.

- **Cleaning the Mirror Surface:** Use a soft, lint-free cloth and a non-abrasive glass cleaner. Spray the cleaner onto the cloth, not directly onto the mirror, to prevent liquid from seeping behind the frame. Wipe gently until clean and streak-free.
- **Cleaning the Frame:** For the aluminum frame, wipe with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish. Dry immediately with a clean, soft cloth.
- **Avoid Excessive Moisture:** While the mirror is moisture-resistant, prolonged exposure to excessive moisture or direct water spray should be avoided, especially around the edges of the frame.
- **Regular Inspection:** Periodically check the mounting hardware to ensure it remains secure. Tighten screws if necessary.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your mirror.

Problem	Possible Cause	Solution
Mirror is not flush against the wall.	Mounting hardware or bracket not fully recessed; uneven wall surface.	Ensure screws are fully driven or bracket is flush. For minor gaps, a small adhesive strip (e.g., 3M command strip) at the bottom can help secure it flat against the wall.
Mirror appears wobbly or loose.	Screws are loose; anchors not properly installed; insufficient support.	Carefully remove the mirror. Re-tighten screws, ensure anchors are fully seated, or consider using stronger anchors if the wall material is weak. Verify the bracket/screws are level and securely installed.
Scratches or smudges on the mirror surface.	Improper cleaning materials; abrasive contact.	Use only soft, lint-free cloths and non-abrasive glass cleaner. Avoid sharp objects near the mirror surface.
Difficulty with installation.	Unfamiliarity with tools; incorrect measurements.	Review the installation steps carefully. Ensure you have the correct tools. If unsure, consider seeking professional assistance.

8. SPECIFICATIONS

Detailed technical specifications for the Fabuday Bathroom Wall Mirror.

Feature	Detail
Brand	Fabuday
Model Number	FD-165
Product Dimensions	24"L x 36"W
Shape	Rectangular
Color	Silver
