SETUP INSTRUCTIONS

Follow these steps for quick and easy assembly of your organizer.

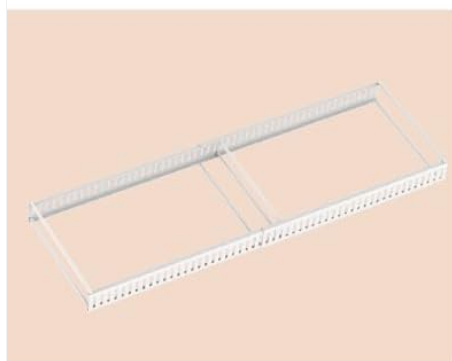

1. **Combine Bases and Adjust Length:** Place the two bases together. Slide them to adjust the overall length of the organizer from 30.5 cm (11.8 inches) to 58.4 cm (23.2 inches) according to your storage needs.
2. **Install Anti-skid Pads:** Attach the six anti-skid pads to the bottom of the bases. These pads prevent sliding and protect your surfaces from scratches.
3. **Install Dividers:** Insert the U-shaped dividers into the slots on the bases. Ensure they are pushed down firmly into the deeper slots for a stable hold. You can adjust the number and spacing of the dividers to accommodate different sizes of cookware.

MAINTENANCE

To ensure the longevity and appearance of your Housolution Pot and Pan Organizer, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the organizer with a soft, damp cloth. For stubborn stains, a mild soap solution can be used.
- **Drying:** Ensure the organizer is thoroughly dried after cleaning to prevent water spots or potential rust, although it is made from durable, powder-coated iron.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, scouring pads, or harsh chemical detergents, as these can damage the finish.

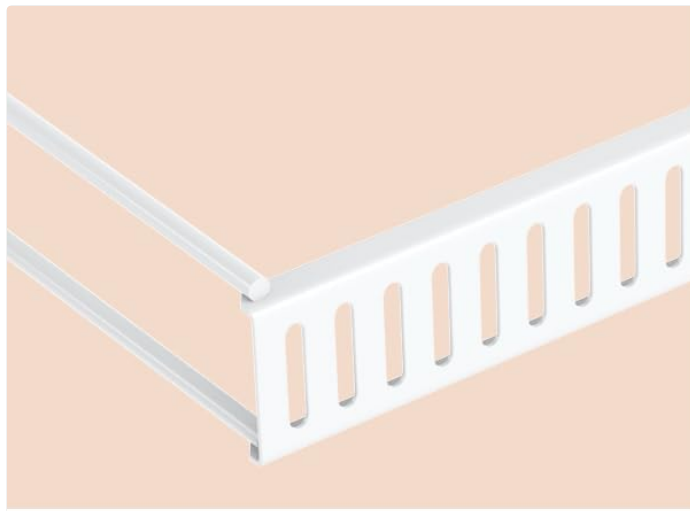

TROUBLESHOOTING

If you encounter any issues with your organizer, please refer to the following common solutions:

- **Dividers are unstable:** Ensure each divider is fully inserted into the deeper U-shaped slots on the bases. The design is intended for a secure fit.
- **Organizer slides on the surface:** Check that all six anti-skid pads are properly attached to the bottom of the bases. Replace any missing or worn pads.
- **Cookware scratching:** While the organizer is designed to protect cookware, always handle items carefully when placing them into or removing them from the dividers to prevent accidental scratching.
