## Zoomies Zoomies-BB-12-Pink

# Zoomies Folding 12" Toddler Balance Bike Instruction Manual

Model: Zoomies-BB-12-Pink

## INTRODUCTION

---

Welcome to the Zoomies Folding 12" Toddler Balance Bike instruction manual. This guide provides essential information for the safe and effective use of your new balance bike. Designed for children aged 2 to 5 years, this bike helps develop balance and coordination, preparing them for pedal bikes without the need for training wheels.

Key features include a unique foldable design for easy portability, a convenient carrying strap, adjustable handle and seat heights to grow with your child, thoughtfully positioned footrests, and durable 12-inch non-puncture tires suitable for various terrains.

## SETUP AND ASSEMBLY

---

Your Zoomies Folding 12" Toddler Balance Bike comes mostly pre-assembled. Minimal assembly is required.

### Adjusting Seat and Handlebar Height

The seat and handlebar heights are adjustable to ensure a comfortable and safe fit for your child as they grow.

- To adjust the seat height, locate the quick-release lever below the seat. Open the lever, adjust the seat to the desired height, and then close the lever securely. Ensure your child's feet can comfortably touch the ground while seated.
- The handlebar can also be adjusted. Loosen the clamp on the handlebar stem, raise or lower the handlebar to a comfortable position for your child, and then tighten the clamp firmly.

# Perfect Fit As They Grow

Suggested Age

1.5–5 years

Rider Height

31–50 Inches

Max Weight

150 Lbs

## OPERATING INSTRUCTIONS

The Zoomies balance bike is designed to teach children balance and steering before introducing pedals.

### How to Ride

1. **Start Walking:** Encourage your child to sit on the seat with both feet flat on the ground. They should start by walking the bike forward, pushing off with their feet.
2. **Gliding:** As they gain confidence, they will naturally start to push off harder and lift their feet off the ground, gliding for short distances. This is the core skill of balancing.
3. **Steering:** Guide them to use the handlebars to steer, looking where they want to go.
4. **Footrests:** Once gliding, they can place their feet on the integrated footrests located on the rear axle for a more relaxed ride.
5. **Braking:** The bike features a foot brake. Teach your child to slow down and stop by placing their feet firmly on the ground.

# Benefits of a Balance Bike

Boosts  
Coordination  
& Balance

Low to the  
Ground & Easy  
to Control

Eases  
Transition to  
Pedal Bikes

## Portability and Storage

The unique foldable design makes this balance bike exceptionally portable and easy to store.

- To fold the bike, locate the folding mechanism on the frame. Follow the instructions to safely collapse the bike in half.
- Use the included carrying strap to easily transport the folded bike over your shoulder.
- The compact folded size allows for convenient storage in small spaces, such as a car trunk or closet.

## MAINTENANCE

Regular maintenance ensures the longevity and safe operation of your Zoomies balance bike.

- **Cleaning:** Wipe down the frame and components with a damp cloth as needed. Avoid harsh chemicals.
- **Tires:** The 12-inch tires are non-puncture, eliminating the need for inflation. Periodically check them for wear and tear.
- **Adjustments:** Regularly check that the seat and handlebar clamps are securely tightened.
- **Storage:** Store the bike in a dry place, away from direct sunlight and extreme temperatures, to prevent material degradation.

## TROUBLESHOOTING

---

If you encounter any issues with your Zoomies balance bike, please refer to the following common solutions:

- **Loose Seat/Handlebar:** Ensure all quick-release levers and clamps are fully tightened after adjustment.
- **Difficulty Steering:** Check that the handlebar is correctly aligned and securely fastened.
- **Unstable Ride:** Verify that the seat height is appropriate for your child, allowing their feet to be flat on the ground for stability.
- **Unusual Noises:** Inspect all visible parts for any loose components or obstructions. Tighten any loose screws or bolts.

For further assistance, please contact Zoomies customer support.

## SPECIFICATIONS

---
