Edifier W260NC

User Manual: Edifier W260NC Active Noise Cancellation Earbuds

Your guide to setting up, operating, and maintaining your Edifier W260NC earbuds.

1. INTRODUCTION

Product Overview

The Edifier W260NC earbuds are designed to deliver a superior audio experience with advanced features such as -45dB deep hybrid active noise cancellation, Hi-Res Audio Wireless certification with LDAC codec, and dual-dynamic drivers. They offer crystal-clear calls with 6 microphones and AI clear call technology, multipoint Bluetooth 5.3 connectivity, and a stylish, durable design with IP54 water resistance.

2. WHAT'S IN THE BOX

Upon opening your Edifier W260NC package, you will find the following components:

- Edifier W260NC Earbuds
- Charging Case
- 3 pairs (S, M, L) of Ear Tips
- Charging Cable (USB-C)
- User Manual

STYLISH DESIGN

The leather texture and metal plating of this charging case offer enhanced grip and a superior feel.

3. SETUP

3.1 Charging the Earbuds and Case

Before first use, ensure both the earbuds and the charging case are fully charged. Connect the provided USB-C cable to the charging port on the case and to a compatible USB power source. The indicator light on the case will show charging status. A full charge provides up to 32 hours of playtime with the case (ANC off).

3.2 Pairing with a Device

1. Open the charging case. The earbuds will automatically enter pairing mode.
2. On your device (smartphone, tablet, laptop), enable Bluetooth.
3. Search for "Edifier W260NC" in the list of available Bluetooth devices and select it to connect.
4. Once connected, a voice prompt will confirm successful pairing.

The earbuds support multipoint connection, allowing them to be simultaneously connected to two devices for seamless switching.

MULTIPOINT CONNECTION & BLUETOOTH 5.3

Bluetooth V5.3 offers dual-device connectivity for easy switching.

4. OPERATING INSTRUCTIONS

4.1 Power On/Off

- **Power On:** Open the charging case, and the earbuds will automatically power on.
- **Power Off:** Place the earbuds back into the charging case and close the lid to power them off.

4.2 Touch Controls

The Edifier W260NC earbuds feature intuitive touch controls on the stem of each earbud. Specific functions can be customized via the Edifier ConneX app.

Action	Function
Single Tap	Play/Pause, Answer/End Call
Double Tap (Left Earbud)	Previous Track (Customizable)
Double Tap (Right Earbud)	Next Track (Customizable)
Triple Tap	Activate Voice Assistant (Customizable)
Long Press (2 seconds)	Switch ANC Modes

4.3 Active Noise Cancellation (ANC) Modes

The W260NC earbuds offer -45dB deep hybrid ANC, providing various modes to suit your environment:

- **High Noise Cancellation:** For maximum noise reduction in loud environments (e.g., airplanes, busy streets).

- **Low Noise Cancellation:** For moderate noise reduction, suitable for offices or cafes.
- **Wind Reduction:** Specifically designed to minimize wind noise during outdoor activities.
- **Ambient Sound:** Allows you to hear your surroundings while still enjoying your audio, ideal for awareness.

4.4 Superior Call Quality

Equipped with 6 microphones and an AI algorithm, the W260NC earbuds ensure clear communication by effectively picking up your voice and reducing background noise during calls.

4.5 Edifier ConneX App

Download the Edifier ConneX app to unlock the full potential of your W260NC earbuds. The app allows you to:

- Customize touch controls.
- Adjust ANC and ambient sound levels.
- Select sound effects (EQ presets).
- Activate Game Mode for ultra-low latency (0.08s).
- View battery status.

4.6 Intelligent Start-Stop (Wearing Detection)

The built-in wear sensors automatically pause music when you remove an earbud and resume playback when you put it back in, ensuring you don't miss a beat.

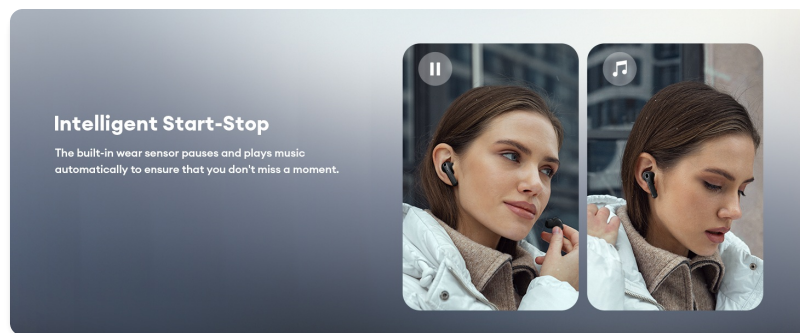

Image: A woman demonstrating the intelligent start-stop feature, showing music pausing when an earbud is removed and resuming when reinserted.

4.7 Dual-Dynamic Drivers & Hi-Res Audio

The W260NC earbuds feature a 10mm woofer and a 6mm tweeter in each earbud, delivering superior sound resolution, wider frequency response, clearer vocals, and dynamic bass. With LDAC codec and Hi-Res Audio Wireless certification, they provide a premium audio experience with rich, lossless sound quality.

4.8 Battery Life

The earbuds offer a single battery life of 8 hours (ANC off), and up to 32 hours of total playtime with the charging case. A quick 15-minute charge can provide 2 hours of playtime.

5. MAINTENANCE

- **Cleaning:** Regularly wipe the earbuds and charging case with a soft, dry, lint-free cloth. Do not use abrasive cleaners or solvents.
- **Ear Tips:** Remove ear tips periodically and clean them with water and mild soap. Ensure they are completely dry before reattaching.
- **Charging Ports:** Keep the USB-C charging port free of dust and debris. Use a dry cotton swab if necessary.

- **Storage:** Store the earbuds in their charging case when not in use to protect them and conserve battery life. Avoid extreme temperatures.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Earbuds not pairing	Bluetooth off, earbuds not in pairing mode, device already connected to another earbud.	Ensure Bluetooth is on. Open case to enter pairing mode. Forget device on phone and re-pair.
No sound from one earbud	Low battery, earbud not properly seated in case, connection issue.	Charge both earbuds. Place both earbuds in case, close, then reopen. Re-pair if necessary.
ANC not effective	Incorrect ear tip size, mode selection, or fit.	Try different ear tip sizes for a snug fit. Ensure correct ANC mode is selected in the app.
Poor call quality	Microphone obstruction, environmental noise.	Ensure microphones are clear. Move to a quieter environment if possible.
Earbuds not charging	Charging cable issue, dirty charging contacts, case battery low.	Check cable and power source. Clean charging contacts on earbuds and case. Charge the case.

7. SPECIFICATIONS

Feature	Detail
