

## W-KING T9-MIC

# W-KING T9-MIC 80W Portable Bluetooth Speaker with Wireless Microphone User Manual

Model: T9-MIC

## 1. INTRODUCTION

Thank you for choosing the W-KING T9-MIC 80W Portable Bluetooth Speaker. This manual provides detailed instructions for setting up, operating, and maintaining your speaker and wireless microphone. Please read this manual thoroughly before use to ensure optimal performance and longevity of your device.

## 2. PACKAGE CONTENTS

Verify that all items listed below are included in your package:

- W-KING T9-MIC 80W Portable Bluetooth Speaker
- Wireless Microphone
- Type-C Charging Cable
- 3.5mm AUX Audio Cable
- User Manual (this document)

## 3. PRODUCT OVERVIEW

### 3.1 Speaker Components

The W-KING T9-MIC speaker features a robust design with dual full-range drivers and integrated LED lights for an enhanced audio-visual experience.

Figure 1: W-KING T9-MIC Speaker and Wireless Microphone

The speaker is equipped with two full-range drivers, delivering 80W of sound output. It also incorporates advanced bass reflex tubes for deep and natural bass. The front panel features dynamic LED lights with multiple modes.

Figure 2: Speaker's Internal Driver Configuration

### 3.2 Control Panel and Ports

The top panel of the speaker houses the main controls, while the rear panel provides various connectivity ports.

Figure 3: Top Control Panel

The top panel includes buttons for power, play/pause, track navigation, volume control, EQ mode selection, and LED light mode adjustment.

Figure 4: Rear Connectivity Ports

Connectivity options include USB, AUX (3.5mm), TF card slot, and a DC 5V Type-C charging port.

### 3.3 Wireless Microphone

The included wireless microphone features independent volume and echo controls, along with a digital display.

## 4. SETUP

### 4.1 Charging the Speaker and Microphone

Before initial use, fully charge both the speaker and the wireless microphone.

1. **Speaker:** Connect the provided Type-C charging cable to the DC 5V port on the speaker and to a 5V/2A power adapter (not included). The charging indicator will show the charging status.
2. **Microphone:** Connect the Type-C charging cable to the microphone's charging port. The microphone's digital display will indicate charging status.

A full charge provides up to 24 hours of playtime for the speaker (actual time varies with volume and usage).

### 4.2 Wireless Microphone Connection

The wireless microphone is designed to automatically connect to the speaker when both are powered on.

1. Ensure the speaker is powered on.
2. Power on the wireless microphone. It should automatically pair with the speaker.
3. Adjust the microphone's volume and echo levels using the dedicated sliders on the microphone body.

**Note:** To avoid sound feedback (howling), keep the microphone head a sufficient distance from the speaker.

## 5. OPERATING INSTRUCTIONS

---

### 5.1 Power On/Off

- **Power On:** Press and hold the power button on the speaker's top panel.
- **Power Off:** Press and hold the power button again.

### 5.2 Bluetooth Pairing

Connect your device to the speaker via Bluetooth 5.3 for wireless audio streaming.

1. Turn on the speaker. It will automatically enter Bluetooth pairing mode.
2. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
3. Select "W-KING T9-MIC" from the list to connect. A confirmation sound will indicate successful pairing.

### 5.3 Wireless Stereo Pairing (TWS Function)

For an immersive stereo experience, two W-KING T9-MIC speakers can be paired together.

1. Ensure both T9-MIC speakers are powered on and not connected to any other Bluetooth device.
2. On one speaker (this will be the primary speaker), press the TWS pairing button (refer to Figure 3 for button location). The speaker will emit a pairing tone.
3. The two speakers will automatically connect to each other. A confirmation sound will indicate successful TWS pairing.
4. Connect your Bluetooth device to the primary speaker as described in Section 5.2. Audio will now play in stereo across both speakers.

**Important:** The W-KING T9-MIC speaker cannot be paired with the W-KING T9-2 model for TWS functionality.

### 5.4 EQ Modes

The speaker offers different EQ modes to optimize sound for various content. Press the EQ button (refer to Figure 3) to cycle through available modes, including a Bass Boost option.

### 5.5 LED Light Modes

Enhance your listening experience with dynamic LED lights. Press the light mode button (refer to Figure 3) to switch between seven different color modes and patterns. The lights can also synchronize with the music.

### 5.6 Multiple Playback Methods

In addition to Bluetooth, the speaker supports audio playback from various sources:

- **AUX Input:** Connect an external audio device using the provided 3.5mm AUX audio cable to the AUX port (Figure 4). The speaker will automatically switch to AUX mode.
- **TF Card Playback:** Insert a Micro TF card (up to 32GB, not included) containing MP3 files into the TF card slot (Figure 4). The speaker will automatically begin playing music from the card.
- **USB Playback:** Insert a USB flash drive (up to 32GB, not included) containing MP3 files into the USB port (Figure 4). The speaker will automatically begin playing music from the USB drive.

## 6. MAINTENANCE

### 6.1 Cleaning

Wipe the speaker and microphone with a soft, dry cloth. Do not use abrasive cleaners, alcohol, or other chemical solvents, as these may damage the surface.

### 6.2 Storage

When not in use for extended periods, store the speaker and microphone in a cool, dry place away from direct sunlight and extreme temperatures. Ensure both devices are fully charged before storing to preserve battery life.

### 6.3 Water Resistance (IPX5)

The W-KING T9-MIC speaker features an IPX5 splash-proof rating, meaning it can withstand splashes of water from any direction. It is suitable for outdoor use in environments where it might encounter light rain or splashes. However, it is not designed to be submerged in water. Ensure all port covers are securely closed before exposing the speaker to moisture.

Figure 6: IPX5 Splash Resistance

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Speaker does not power on.	Low battery; Power button not pressed correctly.	Charge the speaker fully; Press and hold the power button for a few seconds.
No sound from speaker.	Volume too low; Device not connected; Incorrect input mode.	Increase speaker and device volume; Ensure Bluetooth is paired or AUX/TF/USB is selected; Check cables.
Bluetooth connection unstable or fails.	Device too far; Interference; Speaker not in pairing mode.	Move device closer to speaker; Avoid obstacles; Re-enter pairing mode on speaker and device.
Microphone produces feedback (howling).	Microphone too close to speaker; Microphone volume too high.	Increase distance between microphone and speaker; Lower microphone volume or echo.
TWS pairing fails.	Speakers already connected to another device; Incorrect model pairing.	Ensure both speakers are disconnected from other devices; Confirm both are T9-MIC models (T9-MIC cannot pair with T9-2).

## 8. SPECIFICATIONS

Feature	Detail
Brand	W-KING
Model Number	T9-MIC
Output Power	80W
Sound Pressure Level (SPL)	105dB
Connectivity Technology	Bluetooth 5.3, AUX, TF Card, USB
Water Resistance Rating	IPX5
Playtime	Up to 24 hours (varies with volume/usage)
Wireless Microphone	Included, with volume and echo control
Dimensions (L x W x H)	6.54 x 7.61 x 14.65 inches
Item Weight	9.22 pounds (4.19 Kilograms)
Power Source	Battery Powered (4 Lithium Ion batteries required)
Material	Acrylonitrile Butadiene Styrene (ABS), Metal

## 9. WARRANTY AND SUPPORT

The W-KING T9-MIC speaker comes with a 12-month warranty. For any product issues, technical support, or warranty claims, please contact W-KING customer service. Refer to the contact information provided with your purchase or visit the
