Yaheetech 8x8 Pop Up Canopy Tent Instruction Manual

Brand: Yaheetech | Model: YT-00134813

INTRODUCTION

This manual provides detailed instructions for the safe and efficient setup, operation, and maintenance of your Yaheetech 8x8 Pop Up Canopy Tent. Designed for ease of use and durability, this canopy offers a comfortable and cooling shaded area for various outdoor activities.

- **One-push-to-lock Mechanism:** The canopy tent features a one-push-to-lock mechanism for effortless setup. Simply open the frame, install the canopy fabric, push up the center pole to secure the trusses, and adjust the legs to your desired height.
- **Freely Customizable Height:** Adjust the height of the instant outdoor canopy to any position between 6' and 8.7' to suit your specific needs and preferences.
- **All-weather Protection:** The canopy top is constructed from water-resistant and UPF 50+ fabric, supported by a robust powder-coated steel frame, ensuring high strength and durability against various weather conditions.
- **Convenient Roller Bag:** Transport and store your canopy easily with the included wheeled storage bag, equipped with two rubber handles and snap buckle straps for convenience and protection.
- **Must-have For Outdoor Activities:** With a generous 8ft × 8ft size, this pop-up instant canopy provides 64 sq. ft. of shade, accommodating 4-8 people. It is versatile for backyard parties, beach outings, group tours, or commercial events.

SETUP INSTRUCTIONS

Follow these steps for quick and easy assembly of your Yaheetech Pop Up Canopy Tent.

1. **Unpack the Frame:** Remove the folded frame from the wheeled carry bag.
2. **Expand the Frame:** Gently pull the frame outwards from opposite corners until it is partially open.
3. **Attach Canopy Fabric:** Drape the canopy fabric over the partially opened frame, ensuring each corner of the fabric aligns with the frame's corners. Secure the fabric to the frame using the attached Velcro straps.
4. **Lock the Center Mechanism:** Step inside the canopy and push up the central locking mechanism until it clicks securely into place. This expands the roof structure.

5. **Extend the Legs:** Press the release buttons on each leg and extend them to your desired height. Ensure all legs are locked into position.
6. **Secure the Canopy:** For added stability, especially in windy conditions, attach the provided sandbags to the legs and use the anchor ropes and ground stakes to secure the canopy to the ground.

MAINTENANCE

Proper maintenance ensures the longevity of your canopy tent.

- **Cleaning:** Clean the canopy fabric with mild soap and water. Do not use harsh chemicals or abrasive cleaners. Allow the fabric to air dry completely before storage.
- **Frame Care:** Inspect the powder-coated steel frame regularly for any signs of wear or damage. Clean any dirt or debris from the frame to prevent corrosion.
- **Storage:** Always ensure the canopy fabric and frame are completely dry before folding and storing them in the wheeled carry bag. Store in a cool, dry place away from direct sunlight.
- **Component Check:** Periodically check all fasteners, ropes, and stakes for integrity. Replace any damaged parts to maintain optimal performance and safety.

TROUBLESHOOTING

If you encounter any issues with your canopy, refer to the following common troubleshooting tips:

- **Difficulty Expanding/Folding:** Ensure all locking mechanisms are disengaged before attempting to expand

or fold the frame. Apply gentle, even pressure. If the fabric is attached, ensure it is not snagging.

- **Canopy Instability:** Always use the provided sandbags, anchor ropes, and ground stakes to secure the canopy. Ensure legs are fully extended and locked. Avoid use in strong winds or heavy rain.
- **Water Pooling on Roof:** Ensure the canopy fabric is taut and properly secured to the frame. Adjust leg heights to create a slight slope for water runoff if necessary, but avoid extreme angles.
- **Damaged Fabric:** Small tears can often be repaired with a waterproof patch kit. For significant damage, contact customer support for replacement options.

SPECIFICATIONS

Feature	Detail
Brand	Yaheetech
Model Number	YT-00134813
Size	8x8 ft
Floor Area	64 Square Feet
Coverage	64 square feet
Item Dimensions L x W x H	99.61"L x 99.61"W x 104.72"H
Material	Powder-coated Steel, Polyester Fabric
