

MAMAZING S66

MAMAZING Ultra Air Lightweight Travel Stroller S66 User Manual

Model: S66 | Brand: MAMAZING

1. INTRODUCTION

Thank you for choosing the MAMAZING Ultra Air Lightweight Travel Stroller. This manual provides essential information for the safe and proper use, maintenance, and care of your stroller. Please read it thoroughly before assembly and use, and keep it for future reference.

The MAMAZING Ultra Air Stroller is designed for convenience and comfort, featuring a lightweight carbon fiber frame, a compact one-handed fold, and airplane-friendly dimensions, making it ideal for travel with toddlers.

2. SAFETY INFORMATION

- Always secure your child with the 5-point harness.
- Engage the foot brake when the stroller is stationary.
- Do not leave your child unattended in the stroller.
- Ensure the stroller is fully open and locked before placing a child in it.
- This stroller is suitable for children from 6 months up to 50 lbs (maximum height 100 cm).
- Do not overload the storage basket or hanging pockets.
- This product is not suitable for running or skating.
- Meets or exceeds the highest safety standards set by CPSC and ASTM.

3. PRODUCT FEATURES

- **Carbon Fiber Frame:** Provides exceptional durability while maintaining an ultra-lightweight design (approximately 11.6 lbs).
- **One-Handed Fold:** Effortlessly folds and unfolds with a single hand for quick storage and portability.

- **UV Protective Canopy (UPF 50+):** Adjustable canopy with an extendable section and mesh window for sun protection and ventilation.
- **Multi-Position Recline:** Allows for comfortable napping or upright seating.
- **Adjustable Footrest:** Provides additional comfort for your child.
- **5-Point Harness:** Ensures your child's safety and security.
- **Foot Brake System:** For reliable stopping and parking.
- **Spacious Under-Seat Basket:** Convenient for storing essentials.
- **Universal Organizer:** Includes an insulated cup holder, removable cell phone pocket, and shoulder strap for parent convenience.

4. SETUP

1. **Unpack the Stroller:** Carefully remove all components from the packaging.
2. **Unfold the Stroller:** Hold the handlebar, press the gray button, and pull the stroller upwards until it clicks into place. Ensure all locking mechanisms are engaged.
3. **Attach Safety Guard (Bumper Bar):** Align the safety guard with the slots on the frame and push until it clicks securely into place. It can be opened from either side or removed completely.
4. **Adjust Harness:** Adjust the 5-point harness straps to fit your child snugly and securely.
5. **Attach Organizer:** Secure the universal organizer to the handlebar using its straps.

5. OPERATING INSTRUCTIONS

5.1 Folding and Unfolding

- **To Unfold:** Hold the handlebar, press the gray button on the handle, and pull the stroller upwards until it fully extends and locks into position.
- **To Fold:** Ensure the canopy is retracted and the seat is in an upright position. Press the gray button on the handle and push downwards to collapse the stroller. It will lock automatically into a compact form.

Video: This video illustrates the simple one-handed operation for folding and unfolding the MAMAZING Ultra Air Stroller, highlighting its ease of use for parents on the go.

5.2 Canopy Adjustment

The canopy can be adjusted to multiple positions to provide optimal sun protection. It features an extendable section for increased coverage and a mesh window for ventilation and visibility of your child. Simply pull or push the canopy to your desired position.

Keep Your Baby Comfortable

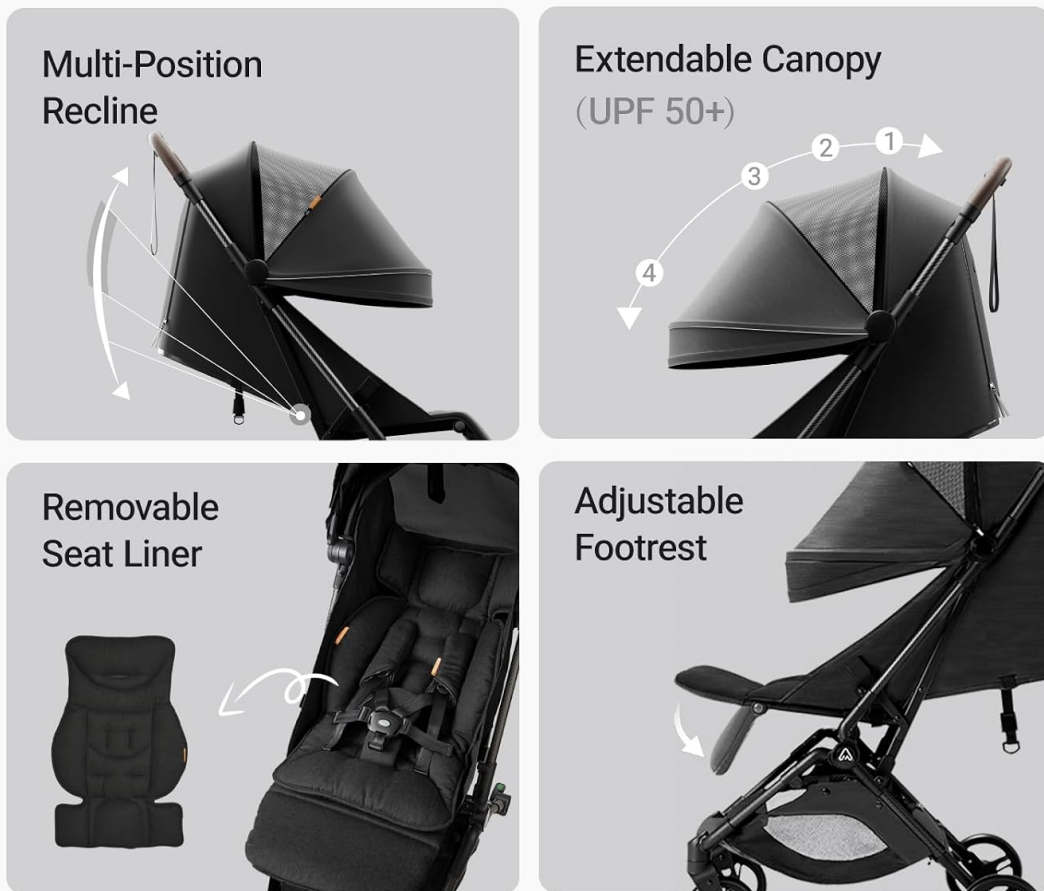

Image: Visual guide to the stroller's comfort features, including the adjustable canopy, recline, and footrest.

5.3 Seat Recline and Footrest

The seat offers multiple recline positions for your child's comfort. To recline, locate the adjustment strap behind the seat and loosen it. To bring the seat upright, pull the strap. The footrest can also be adjusted to two different levels to support your child's legs.

5.4 Brake System

To engage the brake, press down on the red pedal located on the rear wheel. To release, lift the pedal. Always ensure the brake is fully engaged when the stroller is stationary.

6. MAINTENANCE

- **Cleaning:** The fabric components are water-resistant and can be easily wiped clean with a damp cloth and mild soap. Allow to air dry completely.
- **Frame Care:** Wipe the carbon fiber frame with a soft, damp cloth. Avoid abrasive cleaners.
- **Wheels:** Regularly check wheels for debris and ensure they rotate freely. Lubricate moving parts as needed.

- **Storage:** Store the stroller in a dry, cool place away from direct sunlight when not in use.

7. TROUBLESHOOTING

- **Stroller not unfolding/folding smoothly:** Ensure all fabric is clear of the frame and that the locking mechanisms are not obstructed. Apply light lubricant to moving joints if necessary.
- **Wheels not turning freely:** Check for debris (e.g., hair, string) wrapped around the axles. Clean and lubricate if needed.
- **Harness not securing:** Ensure all buckles are correctly inserted and the straps are adjusted to the appropriate length for your child.

For any issues not covered here, please contact MAMAZING customer support.
