3. Assembly Instructions

The 52TOYS BEASTDRIVE BD-08 Sky Tail is a model kit that requires assembly of its external panels onto a pre-finished skeleton. Follow the detailed instructions provided in the included manual for step-by-step guidance.

- 1. Prepare Parts:** Carefully remove the panel pieces from their sprues using appropriate model-building tools (e.g., flush cutters). Smooth any rough edges with a hobby knife or file if necessary.
- 2. Identify Components:** Refer to the packing list image (Figure 2.1) and the included manual to identify each part.
- 3. Attach Panels:** Systematically attach the external panels to the vehicle frame (skeleton) according to the numerical sequence and diagrams in the instruction manual. Ensure each piece clicks securely into place.
- 4. Verify Joints:** After assembly, check that all joints move freely and securely, allowing for smooth transformation.

4. Transformation Instructions

The BD-08 Sky Tail can transform between two distinct modes: **Beast Mode (Squallole)** and **Drive Mode (Stealth Fighter Plane)**. The transformation mechanism is designed to be intuitive, utilizing fully adjustable joints.

Figure 4.1: Visual representation of the transformation process between Beast and Drive Modes.

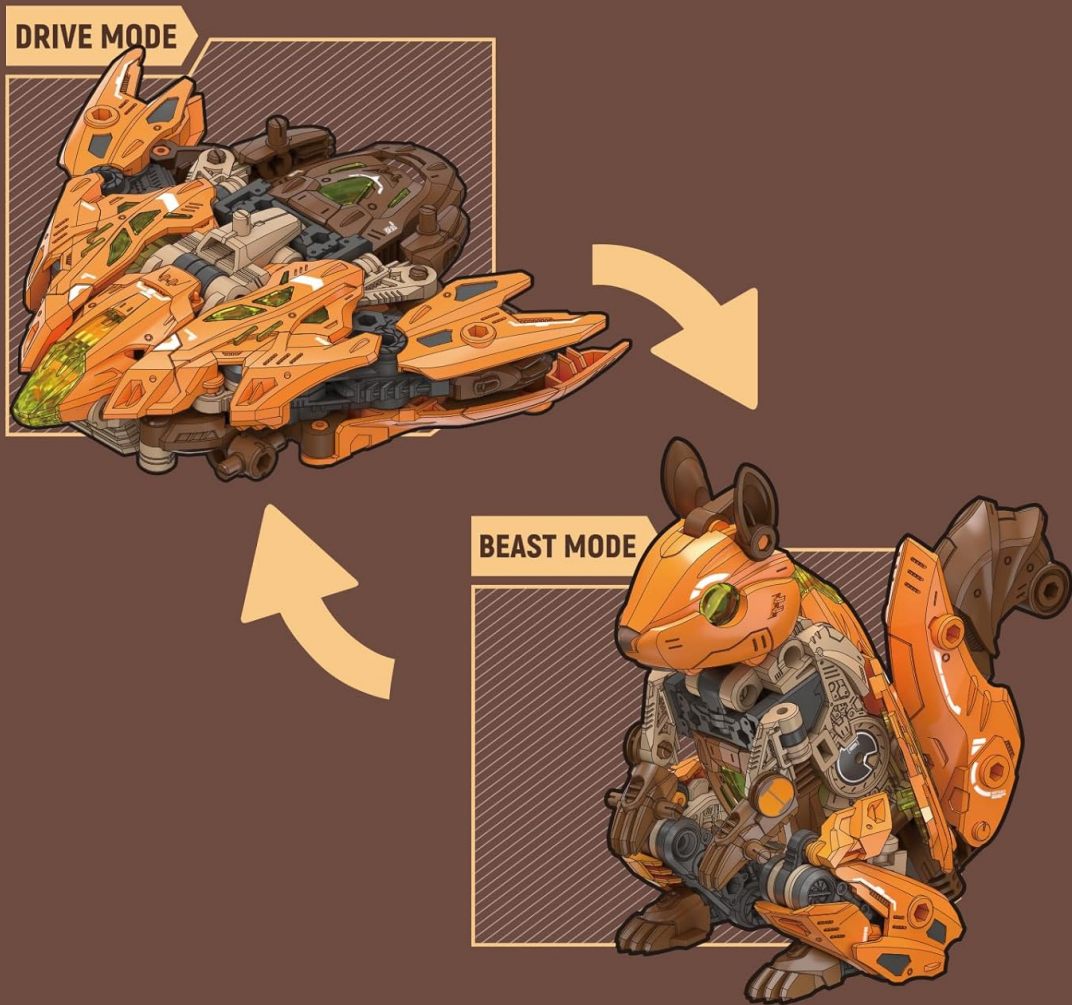

Figure 4.2: Detailed transformation diagram for the Sky Tail figure.

4.1. Beast Mode (Squallole)

In Beast Mode, the figure resembles a squirrel. This mode allows for various poses due to its articulated joints.

4.2. Drive Mode (Stealth Fighter Plane)

In Drive Mode, the figure converts into a stealth fighter plane. This mode is compact and aerodynamic.

Refer to the included instruction manual for specific steps and joint manipulations required for each transformation.

5. Customization

The BD-08 Sky Tail offers customization options to personalize your figure:

- **Decals and Stickers:** The package includes both water decals and adhesive stickers. Apply them to the figure's panels as desired, following the instructions provided with the decals/stickers.
- **Armor Combination:** The figure features 3mm universal jacks, allowing you to combine different armor pieces from other BEASTDRIVE products (sold separately) to create unique configurations.

6. Care and Maintenance

To ensure the longevity of your 52TOYS BEASTDRIVE BD-08 Sky Tail figure, follow these care guidelines:

- **Cleaning:** Wipe the figure gently with a dry, soft cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the plastic and paint.
- **Storage:** Store the figure in a cool, dry place away from direct sunlight and extreme temperatures to prevent material degradation or discoloration.
- **Handling:** While the figure is designed for transformation, avoid excessive force when manipulating joints or parts. Repeated rough handling may lead to wear or breakage.

7. Troubleshooting

If you encounter any issues with your BD-08 Sky Tail, consider the following:

- **Parts Not Fitting:** Ensure you are using the correct parts as indicated in the assembly manual. Some parts may require a firm but gentle push to snap into place. Do not force parts if they do not align correctly.

- **Loose Joints:** If a joint feels too loose, carefully check for any misaligned pieces or if a part was not fully inserted during assembly.
- **Transformation Difficulty:** Refer to the transformation diagrams (Figure 4.1, 4.2) and the manual. Ensure all previous steps are completed correctly and that joints are rotated in the intended direction.
- **Damaged or Missing Parts:** If you receive a product with a visibly damaged or missing part, contact 52TOYS customer support for assistance.
