4. **Connect Seat to Gas Lift:** Carefully place the assembled seat onto the gas lift cylinder. Press down firmly to ensure it is securely connected.

## 4. OPERATING INSTRUCTIONS

Your EMIAH E-738-1 chair offers several adjustable features for personalized comfort:

- **Height Adjustment:** To adjust the chair height, pull the lever located under the seat upwards while applying or releasing your body weight. The chair will move up or down accordingly. Release the lever to lock the height.
- **Tilt Function:** The chair features a 105 to 120-degree tilt angle. To activate or deactivate the tilt, pull the lever outwards or push it inwards. The black round knob under the seat allows you to adjust the tilt tension (tighten for less tilt, loosen for more tilt).
- **360° Swivel:** The chair seat can freely rotate 360 degrees for ease of movement and access.

## 5. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your chair:

- **Cleaning:** The premium faux leather material is waterproof and easy to clean. For general cleaning, wipe with a damp cloth. For tougher spots, use a mild soap solution and wipe dry immediately. Avoid harsh chemicals or abrasive cleaners.
- **Product Care Instructions:** Dry Clean.
- **Inspection:** Periodically check all screws and connections to ensure they are tight. Re-tighten if necessary.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the faux leather to fade or crack.

## 6. TROUBLESHOOTING

If you encounter any issues with your EMIAH E-738-1 chair, please refer to the following common solutions:

- **Chair not adjusting height:** Ensure the gas lift lever is fully engaged and the gas lift cylinder is properly seated in both the base and the seat mechanism.
- **Chair feels unstable:** Check that all screws are tightened securely, especially those connecting the backrest to the seat and the seat mechanism to the seat. Ensure the chair is on a flat, stable surface.
- **Difficulty tilting:** Adjust the tilt tension knob under the seat. Loosen it to allow for easier tilting, or tighten it to reduce tilt.

If problems persist, please contact EMIAH customer service for assistance.
