› MAYIBOX 9-Tier 36-Pair Foldable Shoe Storage Cabinet Instruction Manual (Model SC2-D10B)

## MAYIBOX SC2-D10B

# MAYIBOX 9-Tier 36-Pair Foldable Shoe Storage Cabinet

Model: SC2-D10B

## 1. INTRODUCTION

---

Thank you for choosing the MAYIBOX 9-Tier 36-Pair Foldable Shoe Storage Cabinet. This product is designed to provide an efficient and organized solution for storing your footwear and other items. Its foldable design allows for quick, tool-free assembly and compact storage when not in use. The cabinet features magnetic clear doors for easy visibility and access, and a sturdy construction for durability.

This manual provides essential information for the safe and correct assembly, operation, and maintenance of your shoe storage cabinet. Please read it thoroughly before use and retain it for future reference.

## 2. SAFETY INFORMATION

- Ensure all components are securely connected during assembly to prevent instability.
- Do not exceed the maximum weight capacity of 120 pounds (approximately 54 kg) for the entire unit. Distribute weight evenly across shelves.
- Keep small parts away from children to avoid choking hazards.
- Avoid placing the cabinet in direct sunlight or near heat sources to prevent material degradation.
- Do not climb on or lean heavily against the cabinet, especially when fully loaded, to prevent tipping.
- Use on a flat, stable surface to ensure proper balance and prevent wobbling.

## 3. PACKAGE CONTENTS

Verify that all parts are present and in good condition before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Foldable Shoe Storage Unit (1 piece)
- Magnetic Clear Doors (as per tier configuration)
- Internal Shelves (pre-installed within the foldable unit)
- Optional Wheels (if included with your specific model)

## 4. SETUP AND ASSEMBLY

The MAYIBOX shoe storage cabinet features a one-piece foldable design for quick and tool-free assembly. Follow these steps:

1. **Unpack the Unit:** Carefully remove the folded shoe cabinet from its packaging.
2. **Unfold the Frame:** Place the folded unit on a flat surface. Gently pull the sides outwards to expand the frame. The internal shelves will automatically fall into place as the unit unfolds. Ensure all sections are fully extended and locked into position.
3. **Attach Doors:** The magnetic clear doors are typically pre-attached or easily snap into place. Ensure each door is securely fastened to its respective compartment.
4. **Position the Cabinet:** Once fully assembled, carefully lift and place the cabinet in your desired location.

## 5. OPERATING INSTRUCTIONS

---

Using your MAYIBOX shoe storage cabinet is straightforward:

- **Opening Doors:** Gently pull the small handle on each clear door to open. The magnetic closure will release.
- **Storing Shoes:** Place shoes into the individual compartments. The cabinet is designed to fit most men's sizes up to US 11 and women's up to US 12. For bulkier items like high-tops or boots, angled placement may be necessary, especially in the larger bottom compartments.
- **Closing Doors:** Push the door gently until the magnetic closure engages, keeping your shoes dust-free and neatly stored.
- **Versatile Storage:** While primarily for shoes, the compartments can also store handbags, accessories, books, or other small items.

## 6. MAINTENANCE

To ensure the longevity and appearance of your shoe storage cabinet, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the cabinet surfaces, including the clear doors, with a soft, damp cloth. For stubborn marks, a mild soap solution can be used. Avoid abrasive cleaners or harsh chemicals, as these may damage the polypropylene material.
- **Dusting:** Regularly dust the interior and exterior to prevent accumulation.
- **Inspection:** Periodically check all connections and door hinges to ensure they remain secure.
- **Ventilation:** The cabinet features a breathable design. Ensure adequate airflow around the unit to prevent moisture buildup, especially if storing damp items.

## 7. TROUBLESHOOTING

If you encounter any issues with your MAYIBOX shoe storage cabinet, refer to the following common

solutions:

Problem	Possible Cause	Solution
Cabinet wobbles or is unstable.	Not fully unfolded or placed on an uneven surface.	Ensure the unit is fully expanded and all locking mechanisms are engaged. Move to a flat, level surface.
Doors do not close properly or fall off.	Door hinges not fully engaged or magnetic closure misaligned.	Check that the doors are correctly snapped into their hinges. Ensure the magnetic components on the door and frame align. If a door consistently detaches, inspect for damage.
Shoes do not fit in compartments.	Shoe size or style exceeds compartment dimensions.	Refer to the size guide (Image 1.1). For larger shoes or boots, try angled placement or utilize the larger bottom compartments.
Unpleasant odor inside cabinet.	Lack of ventilation or damp items stored.	Ensure adequate room ventilation. Avoid storing wet or damp shoes. Clean the interior with a mild disinfectant and allow to air dry.

If these solutions do not resolve the issue, please contact MAYIBOX customer support for further assistance.

## 8. SPECIFICATIONS

Feature	Detail
Brand	MAYIBOX
Model Name	SC2-D10B
Color	White + Brown
Product Dimensions (D x W x H)	33.46" x 13.38" x 67.71" (85cm x 34cm x 172cm)
