OPERATING INSTRUCTIONS

Desk Configuration

The Bestier L-Shaped Desk offers two primary configurations: an L-shaped corner desk or a straight, long desk. This flexibility allows you to adapt the desk to different room layouts and user requirements. The change in configuration is performed during the initial assembly process.

Adjustable Storage Shelves

The desk includes multiple shelves that can be adjusted in height or removed entirely to accommodate different items, such as a computer tower, books, or storage bins. For the L-shaped configuration, shelves can be placed on the right + middle or left + middle sections. In the straight desk configuration, shelves can be placed on the right + middle section.

MAINTENANCE

To maintain the appearance and longevity of your Bestier L-Shaped Desk, follow these simple care instructions:

- **Cleaning:** Wipe surfaces with a damp cloth. Avoid harsh chemicals or abrasive cleaners, as these can damage the laminated finish.
- **Spills:** Promptly wipe up any spills to prevent moisture damage to the engineered wood.
- **Heat Protection:** While the desk is heat-resistant, it is advisable to use coasters or protective pads under hot items to prevent potential damage.
- **Weight Distribution:** Distribute weight evenly across the desktop and shelves to prevent stress on the frame and ensure stability.
- **Fasteners:** Periodically check and tighten all screws and fasteners to ensure the desk remains stable and secure.

TROUBLESHOOTING

- **Desk Wobbles:** Ensure all screws and bolts are securely tightened. Check that the adjustable feet are properly leveled on an even surface.
- **Uneven Surface:** Use the adjustable feet at the bottom of the desk legs to compensate for uneven flooring. Rotate the feet to raise or lower each leg until the desk is stable.

- **Weight Capacity:** The desk has a maximum weight recommendation of 40 pounds per section. Avoid placing excessive weight on any single area to prevent damage or instability.
- **Assembly Difficulties:** Refer to the illustrated instructions provided in the manual. If parts are missing or damaged, contact customer support.
