5. MAINTENANCE

Proper care will extend the life and appearance of your footstool:

- **Cleaning the Fabric:** The high-tech fabric is designed for easy care. For light dust, use a soft brush or vacuum with an upholstery attachment. For spills, gently blot with a clean, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Leg Care:** Periodically check the wooden legs to ensure they remain tight. Retighten if necessary.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight may cause fading of the fabric.

6. TROUBLESHOOTING

Here are solutions to common issues:

- **Footstool feels wobbly:** Check that all four legs are securely tightened. Ensure the footstool is on a flat, even surface.

- **Fabric appears stained:** Refer to the cleaning instructions in the Maintenance section. Act quickly on spills. For stubborn stains, a professional upholstery cleaner may be required.
- **Difficulty with storage lid (if applicable):** Ensure the lid is aligned correctly with the base. Do not force it closed if it feels misaligned.
