## 1. INTRODUCTION

---

This manual provides comprehensive instructions for the HERA Black Cushion Foundation, including its setup, application, maintenance, and troubleshooting. The HERA Black Cushion is designed to provide a seamless, full-coverage, matte finish that blends imperceptibly into the skin for a lasting makeup look.

This product includes one 15g cushion compact and one 15g refill.

## BEFORE

## AFTER

Image 1.1: Evolution of HERA Black Cushion packaging design. The image displays two compacts side-by-side: an older version in dark blue with "HERA" text, and a newer, sleek all-black version with a stylized 'H' logo.

## 2. SETUP AND REFILL INSTALLATION

---

The HERA Black Cushion comes with a main compact and a refill. Follow these steps to install a new refill or replace an empty one.

- 1. Opening the Compact:** Open the compact lid. If there is an existing refill, gently press the bottom of the compact to release it.
- 2. Inserting the Refill:** Align the new refill with the compact base. Press down firmly until you hear a click, indicating it is securely in place.
- 3. Preparing for First Use:** Remove the protective film from the mirror and the cushion. The product is now ready for use.

## 3. APPLICATION INSTRUCTIONS

---

Achieve a flawless, matte finish by following these application guidelines.

1. **Prepare Your Skin:** Ensure your skin is clean and moisturized before application.
2. **Load the Puff:** Gently press the included puff onto the cushion to pick up an appropriate amount of foundation.
3. **Apply to Face:** Lightly pat the puff onto your face, starting from the center and blending outwards. For areas requiring more coverage, apply an additional thin layer by gently patting.
4. **Blend Seamlessly:** Continue patting and blending until the foundation is evenly distributed and seamlessly integrated with your skin.

## Before/After

#### 4. MAINTENANCE AND CARE

---

Proper care extends the life of your HERA Black Cushion and ensures hygienic application.

- **Cleaning the Puff:** Regularly wash the puff with a mild cleanser and lukewarm water. Squeeze out excess water and allow it to air dry completely in a well-ventilated area before placing it back in the compact.
- **Storing the Compact:** Close the compact lid tightly after each use to prevent the cushion from drying out. Store in a cool, dry place away from direct sunlight and extreme temperatures.
- **Hygiene:** Avoid sharing your cushion foundation with others to maintain hygiene.

## 5. TROUBLESHOOTING

---

Here are solutions to common issues you might encounter.

Issue	Possible Cause	Solution
Foundation appears patchy or uneven.	Insufficient blending; skin not properly prepped; puff needs cleaning.	Ensure skin is moisturized. Pat and blend thoroughly. Clean the puff regularly.
Cushion feels dry or product is not dispensing.	Compact lid not closed tightly; cushion is running low.	Always close the lid securely. If the cushion is nearly empty, consider replacing with a refill.
Foundation does not last all day.	Improper application; oily skin without primer.	Ensure thin, even layers are applied. For oily skin, use a suitable primer before application.
