- **USB-C Charging Port:** For connecting the charging cable.

SETUP

Charging the Device

1. Connect the provided USB-C charging cable to the charging port on the neck speaker.
2. Connect the other end of the cable to a USB power adapter (not included) or a computer's USB port.
3. The LED indicator will show charging status. A full charge typically takes approximately 2 hours.
4. Once fully charged, the device provides up to 15 hours of playtime.

Power On/Off

- **To Power On:** Press and hold the Power button for 3 seconds. The LED indicator will flash.
- **To Power Off:** Press and hold the Power button for 3 seconds. The LED indicator will turn off.

Bluetooth Pairing

To connect your Monster Boomerang Petite to a Bluetooth-enabled device:

1. Ensure the neck speaker is powered off.
2. Press and hold the Power button for 5 seconds until the LED indicator flashes rapidly (usually blue and red), indicating pairing mode.
3. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
4. Select "Monster Boomerang Petite" from the list of found devices.
5. Once connected, the LED indicator will stop flashing and remain solid blue.
6. The speaker will automatically reconnect to the last paired device when powered on, if within range.

OPERATING INSTRUCTIONS

Audio Playback

- **Play/Pause:** Press the Multi-function Button (MFB) once.
- **Next Track:** Press and hold the Volume Up (+) button.
- **Previous Track:** Press and hold the Volume Down (-) button.

Volume Control

- **Increase Volume:** Press the Volume Up (+) button.
- **Decrease Volume:** Press the Volume Down (-) button.

Call Management

HANDS & EARS FREE CALL

A new way to get rid of the wire connection

Image: A man wearing the neck speaker while engaged in a hands-free video call on a laptop.

- **Answer/End Call:** Press the MFB once during an incoming call or an active call.
- **Reject Call:** Press and hold the MFB for 2 seconds during an incoming call.
- **Activate Voice Assistant:** Double-press the MFB.

Special Features

- **3D Stereo Sound:** Experience immersive audio with enhanced depth and clarity.
- **Directional Sound:** The speakers are designed to direct sound towards your ears, minimizing disturbance to others while maintaining personal audio.
- **Environmental Awareness:** The open-ear design allows you to hear your audio while remaining aware of your surroundings, which is beneficial for outdoor activities or in shared spaces.

SAFTY AND AWARENESS

Enjoy music and stay aware of surroundings

Image: A cyclist wearing the neck speaker, looking over their shoulder at a car, illustrating the ability to hear surroundings.

MAINTENANCE

Proper care ensures the longevity and performance of your Monster Boomerang Petite.

- **Cleaning:** Wipe the device with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Water Resistance:** The device is IPX5 waterproof, meaning it is protected against low-pressure water jets from any direction. It is resistant to sweat and light rain. Do not submerge the device in water or expose it to strong water streams. Ensure the charging port cover is securely closed when not charging to maintain water resistance.

IPX5 WATERPROOF

Full protection against sweat, water, and rain

Image: The neck speaker being splashed with water, demonstrating its IPX5 water resistance.

- **Storage:** Store the device in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To preserve battery life, charge the device fully before long periods of inactivity and recharge it at least once every three months.

TROUBLESHOOTING

If you encounter issues with your Monster Boomerang Petite, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Device does not power on	Low battery; Device is off	Charge the device fully; Press and hold the Power button for 3 seconds.

Problem	Possible Cause	Solution
Cannot pair with Bluetooth device	Device not in pairing mode; Bluetooth is off on source device; Out of range	Ensure device is in pairing mode (flashing LED); Enable Bluetooth on your device; Move devices closer (within 10 meters).
No sound or low sound	Volume too low; Device not connected; Audio source issue	Increase volume on both the neck speaker and your connected device; Re-pair the device; Check audio output settings on your source device.
Poor microphone quality during calls	Improper positioning; Environmental noise; Software issue	Ensure the neck speaker is positioned correctly around your neck; Move to a quieter environment; Check your connected device's call settings.
Intermittent connection	Interference; Out of range; Low battery	Avoid obstacles between devices; Stay within 10 meters; Charge the device.
