PURPLE LEAF 9' x 11' Patio Umbrella

PURPLE LEAF 9' x 11' Patio Umbrella Instruction Manual

Model: 9' x 11' Patio Umbrella

1. INTRODUCTION

Thank you for choosing the PURPLE LEAF 9' x 11' Patio Umbrella. This manual provides essential information for the safe assembly, operation, and maintenance of your new cantilever umbrella. Please read all instructions carefully before use and retain this manual for future reference.

Figure 1: Fully assembled PURPLE LEAF 9' x 11' Patio Umbrella.

2. SAFETY INFORMATION

To ensure safe operation and prevent damage, please observe the following safety guidelines:

- Always close the umbrella during strong winds, heavy rain, or other severe weather conditions to prevent damage to the umbrella and potential injury.
- Ensure the base is properly weighted with sand and/or water as specified to maintain stability. An unweighted base can cause the umbrella to tip over.
- Keep children and pets away from the umbrella during operation.
- Do not hang objects from the umbrella frame or canopy.
- Regularly inspect all parts for wear and tear. Replace damaged components immediately.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- 1 x Umbrella Canopy and Frame Assembly
- 1 x Weighted Base (consisting of multiple fillable sections)
- 1 x Crank Handle
- 1 x Foot Pedal
- Assembly Hardware (screws, washers, etc.)
- Instruction Manual

4. SETUP AND ASSEMBLY

Follow these steps to assemble your PURPLE LEAF Patio Umbrella:

1. **Prepare the Base:** Place the weighted base sections in your desired location. Fill each section with sand (approximately 73.4 pounds) and/or water (approximately 66.8 pounds) to ensure maximum stability. Secure the caps tightly.
2. **Attach the Umbrella Pole:** Insert the main umbrella pole into the central opening of the weighted base. Secure it using the provided hardware, ensuring all screws are tightened.
3. **Mount the Canopy Frame:** Attach the canopy frame assembly to the main pole according to the diagrams in the included printed manual. Ensure all connections are secure.
4. **Final Checks:** Verify that all parts are correctly assembled and tightened.

5. OPERATING INSTRUCTIONS

Your cantilever umbrella offers versatile shading options:

5.1. Opening and Closing the Umbrella

Use the crank handle located on the main pole to smoothly open or close the umbrella canopy. Turn the handle clockwise to open and counter-clockwise to close.

Durable Aluminum Bone

Wind-proof and rust-resistant aluminum for long-term use.

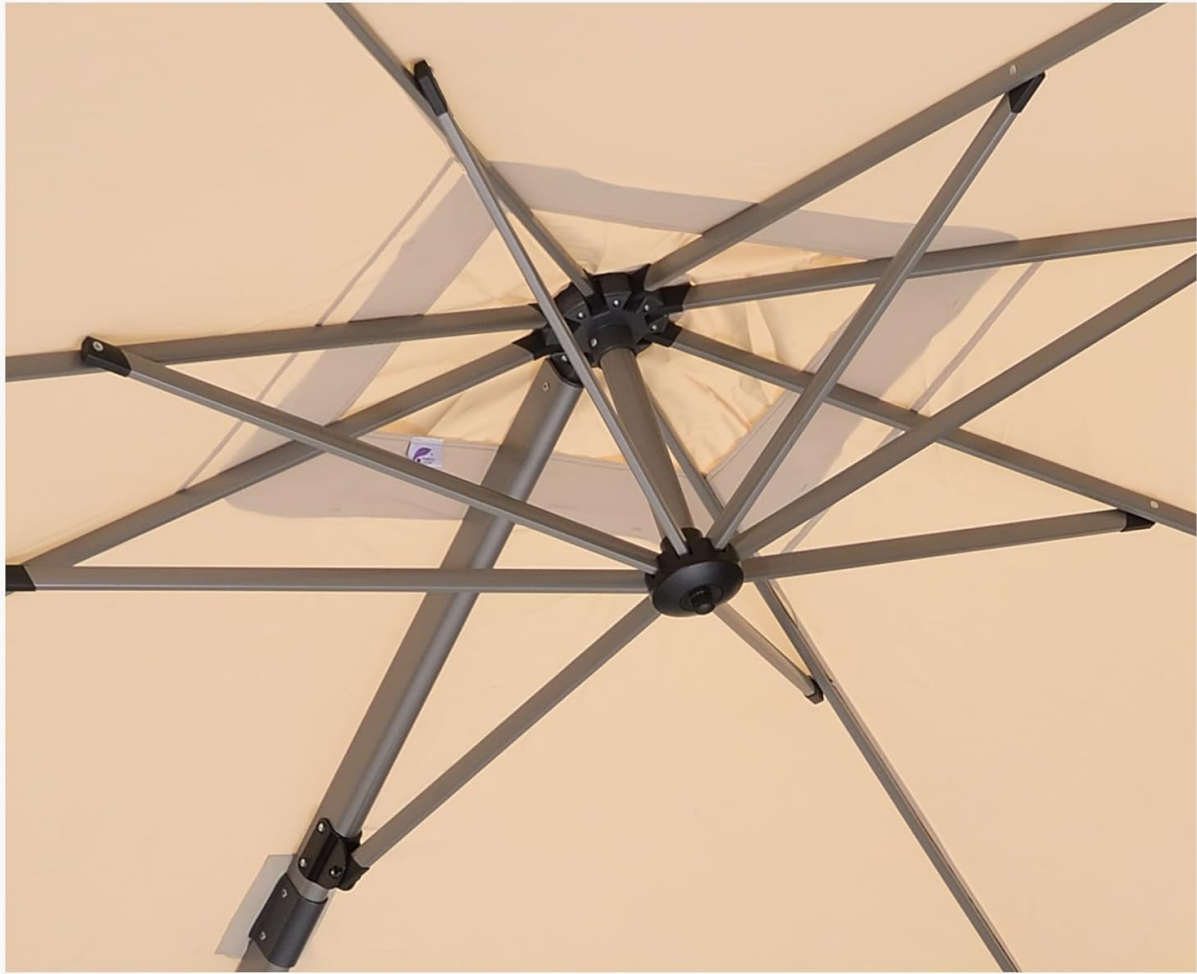

Figure 4: The unique handle design allows for effortless opening and closing.

Figure 5: The crank lift mechanism for easy canopy deployment.

5.2. 360° Rotation

The umbrella features a foot pedal at the base that allows for a full 360° horizontal rotation. Press the foot pedal down to unlock the rotation mechanism, then gently rotate the umbrella to your desired position.

Release the pedal to lock it in place.

360° Rotation

The rotation function allows your umbrella to freely switch places.

Video 2: Demonstration of the 360-degree rotation feature of the PURPLE LEAF Patio Umbrella.

5.3. Height and Tilt Adjustment

The umbrella offers 5 height adjustable tilt positions. Use the adjustment mechanism on the main pole to change the angle of the canopy, providing full-coverage sun protection throughout the day.

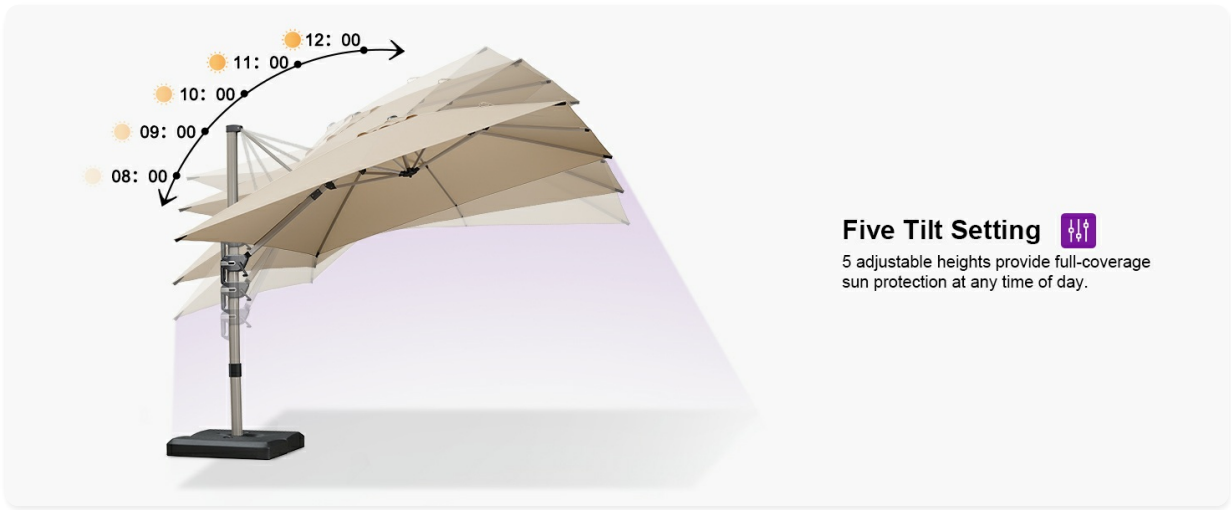

Figure 7: The umbrella offers five adjustable tilt settings to block sun at various angles.

6. MAINTENANCE

Proper care will extend the life of your umbrella:

- **Cleaning:** Clean the canopy with water and mild soap. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** When not in use for extended periods, especially during off-season or severe weather, close the umbrella and store it in a dry, protected area. Consider using a protective cover.
- **Inspection:** Periodically check all bolts, screws, and moving parts to ensure they are tight and functioning correctly.
- **Avoid Sharp Objects:** Keep sharp objects away from the canopy fabric to prevent tears.

7. TROUBLESHOOTING

Here are solutions to common issues:

Problem	Possible Cause	Solution
Umbrella is unstable or tips over.	Base is not sufficiently weighted.	Ensure the base is fully filled with sand and/or water. Close the umbrella in windy conditions.
Crank handle is stiff or difficult to turn.	Mechanism may need lubrication or is obstructed.	Apply a silicone-based lubricant to moving parts. Check for any obstructions in the mechanism.
Umbrella does not rotate 360°.	Foot pedal is not fully depressed or mechanism is obstructed.	Ensure the foot pedal is fully depressed to disengage the lock. Check for debris around the rotation mechanism.

8. SPECIFICATIONS

- **Brand:** PURPLE LEAF
- **Size:** 9' x 11' (Rectangular)
- **Color:** Beige
- **Frame Material:** Aluminum (Champagne finish)
- **Canopy Material:** 240/gsm yarn-dyed polyester fabric (50UV sun protection)
- **Special Features:** 360° Rotation (foot pedal), 5 Height Adjustable Tilt System, Wind-proof (up to 25MPH), Rust-resistant
- **Included Components:** Umbrella, Weighted Base
- **Product Care:** Clean with water and mild soap, avoid sharp objects, store in a dry place.

Size Information

Figure 8: Key dimensions of the PURPLE LEAF 9' x 11' Patio Umbrella and its base.

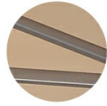

Wind Resistant 1

Cast aluminum heavy-duty base withstands winds up to 25 mph

Wind Resistant 2

Thickened ribs ensure that the umbrella is always stable

Wind Resistant 3

Stainless steel reinforced rivets that will not loosen over time

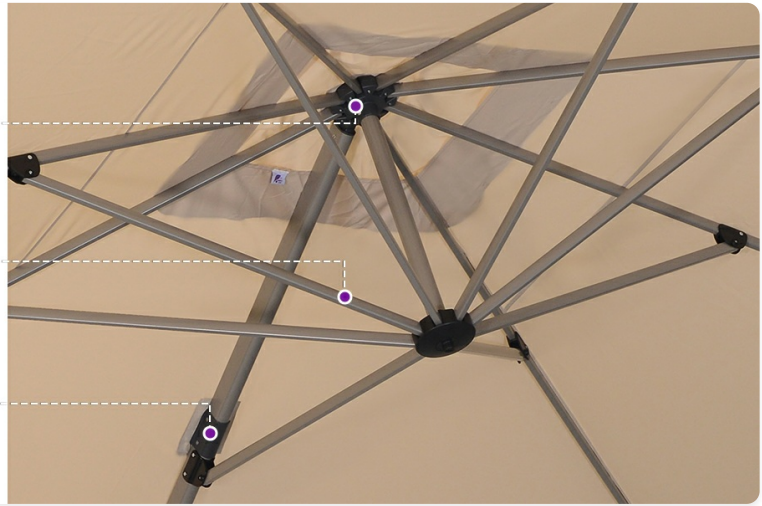

Figure 9: The robust aluminum frame and thickened ribs ensure stability and durability.
